Net income	\$ 155.1	\$	122.3

Total revenue for the second quarter of 2018 was \$1.5 billion, an increase of 3 percent relative to the second quarter of 2017. Net income in the current quarter was \$155.1 million, or \$1.37 per diluted share, compared with net income of \$122.3 million, or \$1.09 per diluted share, in the second quarter of 2017. Net realized investment gains in the current quarter were \$5.5 million, or 4 cents per diluted share, compared with net realized investment gains of \$17.9 million, or 11 cents per diluted share, last year.

"The company's performance this year continues to be strong, as demonstrated by the 15.3 percent pretax title margin we achieved in the second quarter," said Dennis J. Gilmore, chief executive officer at First American Financial Corporation. "Our purchase and commercial businesses more than offset the impact of the decline in refinance transactions, resulting in revenue growth of 3 percent this quarter. These favorable conditions, combined with prudent management of our investment portfolio and our bank, discipline in our underwriting process, and efficient management of our cost structure, position us well as we enter the second half of 2018."

Total revenues for the Title Insurance and Services segment during the second quarter were \$1.4 billion, up 2 percent compared with the same quarter of 2017. Direct premiums and escrow fees were up 3 percent compared with the second quarter of 2017, driven by a 13 percent increase in the average revenue per direct title order that was largely offset by an 8 percent decline in the number of direct title orders closed. The growth in the average revenue per direct title order to \$2,599 was primarily attributable to higher residential real estate values, the increase in the average revenue per commercial order, and the shift in the order mix to higher-premium commercial transactions. Agent premiums, which are recorded on approximately a one-quarter lag relative to direct premiums, were up 1 percent in the current quarter compared with last year.

Information and other revenues were \$206.1 million this quarter, up 3 percent compared with the same quarter of last year. Higher revenues from recent acquisitions were partly offset by the impact of lower refinance activity.

Investment income was \$51.7 million in the second quarter, up \$17.1 million, or 49 percent, primarily due to the increase in short-term interest rates that drove higher interest income in the company's investment portfolio and cash balances. Net realized investment gains totaled \$3.6 million in the current quarter, compared with gains of \$16.7 million in the second quarter of 2017.

Personnel costs were \$427.0 million in the second quarter, an increase of \$11.6 million, or 3 percent, compared with the same quarter of 2017. The increase was primarily driven by personnel costs associated with recent acquisitions.

Other operating expenses were \$202.4 million in the second quarter, up \$2.5 million, or 1 percent, compared with the second quarter of 2017. The increase was primarily driven by the impact of recent acquisitions largely offset by a decline in production-related expenses.

The provision for policy losses and other claims was \$44.3 million in the second quarter, or 4.0 percent of title premiums and escrow fees, unchanged from last year. The current quarter rate reflects an

ultimate loss rate of 4.0 percent for the current policy year and no change in the loss reserve estimates for prior policy years.

Pretax income for the Title Insurance and Services segment was \$209.6 million in the second quarter, compared with \$197.3 million in the second quarter of 2017. Pretax margin was 15.3 percent in the current quarter, compared with 14.8 percent last year.

Total revenues for the Specialty Insurance segment were \$120.2 million in the second quarter of 2018, an increase of 4 percent compared with the second quarter of 2017. The results in the home warranty business benefited from lower claim frequency in the current quarter. While higher severity drove an increase in the loss ratio in the property and casualty business, the loss ratio for the segment declined slightly to 61.4 percent. The segment's pretax margin was 8.4 percent this quarter, compared with 8.3 percent in the second quarter of last year.
