	Three Months Ended September 30,					
	 2018		2017			
Total revenue	\$ 1,542.2	\$	1,519.6			
Income before taxes	195.6		18.0			
Net income	\$ 151.5	\$	21.4			
Net income per diluted share	1.34		0.19			

Total revenue for the third quarter of 2018 was \$1.5 billion, an increase of 1 percent relative to the third quarter of 2017. Net income in the current quarter was \$151.5 million, or \$1.34 per diluted share, compared with net income of \$21.4 million, or \$0.19 per diluted share, in the third quarter of 2017. Net realized investment gains in the current quarter were \$11.1 million, or 8 cents per diluted share, compared with net realized investment losses of \$7.0 million, or 4 cents per diluted share, last year. The current quarter's results include a \$5.7 million expense, or 4 cents per diluted share, related to a legacy regulatory matter. In addition, the third quarter results in 2017 included an expense of \$152.4 million, or 89 cents per diluted share, for the completion of the company's pension plan termination.

"Our strong financial results continued this quarter, as we achieved a pretax margin of 14.6 percent in the title business," said Dennis J. Gilmore, chief executive officer at First American Financial Corporation. "Our commercial business had another good quarter, with revenue growth of 5 percent. We continue to benefit from increasing investment income driven by rising short-term interest rates, however higher mortgage rates have recently contributed to a slowdown in purchase activity.

Page 2

"Despite the softening purchase market, our keen focus on operating efficiency, along with rising investment income and an overall healthy economy will enable us to maintain strong financial performance. Longer term, we are also well positioned given our market leadership, unique assets, investment in innovation and strong balance sheet."

Total revenues for the Title Insurance and Services segment during the third quarter were \$1.4 billion, up 1 percent compared with the same quarter of 2017. Direct premiums and escrow fees were down 1 percent compared with the third quarter of 2017, reflecting a 14 percent decline in the number of direct title orders closed that was largely offset by a 16 percent increase in the average revenue per direct title order. The growth in the average revenue per direct title order to \$2,667 was primarily attributable to the increase in the average revenue per commercial order, higher residential real estate values and the shift in the order mix to higher-premium commercial transactions. Agent premiums, which are recorded on approximately a one-quarter lag relative to direct premiums, were down 2 percent in the current quarter compared with last year, largely driven by lower volumes in California.

Information and other revenues were \$196.0 million this quarter, down 2 percent compared with the same quarter of last year. Declining revenues from lower mortgage origination and foreclosure activity were largely offset by revenues from recent acquisitions.

Investment income was \$60.9 million in the third quarter, up \$23.0 million, or 61 percent. Higher average balances and the increase in short-term interest rates drove higher interest income in the company's investment portfolio and cash balances. Net realized investment gains of \$9.1 million in the current quarter were primarily driven by an increase in the fair values of equity securities, partly offset by losses from the sale of debt securities. These net realized investment gains compare with losses of \$7.2 million in the third guarter of 2017.

Personnel costs were \$425.6 million in the third quarter, an increase of \$3.7 million, or 1 percent, compared with the same quarter of 2017. The increase was primarily driven by higher personnel costs

Page 3

associated with recent acquisitions and higher employee benefit costs, which were significantly offset by a decline in incentive compensation expense in the current quarter.

Other operating expenses were \$200.9 million in the third quarter, up \$4.5 million, or 2 percent, compared with the third quarter of 2017. The increase was primarily driven by a \$5.7 million expense related to a legacy regulatory matter.

The provision for policy losses and other claims was \$45.9 million in the third quarter, or 4.0 percent of title premiums and escrow fees, unchanged from last year. The current quarter rate reflects an ultimate loss rate of 4.0 percent for the current policy year and no change in the loss reserve estimates for prior policy years.

Pretax income for the Title Insurance and Services segment was \$206.5 million in the third quarter, compared with \$181.2 million in the third quarter of 2017. Pretax margin was 14.6 percent in the current quarter, compared with 13.0 percent last year.

Specialty Insurance

Total revenues for the Specialty Insurance segment were \$124.2 million in the third quarter of 2018, an increase of 5 percent compared with the third quarter of 2017. The loss ratio in the home warranty business was higher this quarter due to increased claim severity, while lower claim frequency drove a decline in the loss ratio in the property and casualty business. Overall, the loss ratio for the segment was nearly flat at 65.4 percent. The segment's pretax margin was 5.0 percent this quarter, compared with 5.2 percent in the third quarter of last year.
