The undersigned, Bittner Woods, Inc. by Robert H. Prange, President, George D. Means Jr., Vice President, Emma M. Prange, Secretary and Rose M. This subdivision shall be known and designated as Bittner Woods.

This subdivision shall be subject to the following restrictions which shall operate as perpetual covenants.

PROTECTIVE COVENANTS AND RESTRICTIONS

1. This subdivision shall be known and designated as Bittner Woods. All streets shown and not heretofore dedicated are hereby dedicated to the public.
2. Front building setback lines are hereby established as shown on this plat, between which lines and property line of the streets there shall be erected or maintained no building or structure. The strips of ground shown on this plat and marked "Easement" are reserved for the use of the public utilities for the installation of water and sewer mains, poles, ducts, lines and wires, drainage facilities subject to all times to the proper authorities and to the easement herein reserved. No permanent or other structures are to be erected or maintained on said strips of land, but owners of lots in this subdivision shall take titles subject to the rights of the public utilities, and to the rights of the owners of the other lots in this subdivision.
3. Drainage swales (ditches) along dedicated roadways and within the right-of-way, or on dedicated drainage easements, are not to be altered, dug out, filled in, tiled, or otherwise changed without the written permission of the Hancock County Surveyor. Property owners must maintain these swales as sodded grassways, or other non-eroding surfaces. Water from roofs or parking areas must be contained on the property long enough so that said drainage swales or ditches will not be damaged by such water. Driveways may be constructed over these swales or ditches only when appropriate sized culverts or other approved structures have been permitted by the County Surveyor.
4. Any property owner altering, changing or damaging the drainage swales or ditches will be held responsible for such action and will be given 10 days notice by registered mail to repair said damage, after which time, if no action is taken the Hancock County Surveyor will cause said repairs to be accomplished, and the bill for such repairs will be sent to the affected property owner for immediate payment.
5. No fence, wall, hedge, tree or shrub planting which obstructs sight lines and elevations between 2.5 and 8 feet above the street shall be placed or permitted to remain on any corner lot within the triangular area formed by the street right-of-way lines and a line connecting points 40 feet from the intersection of said street lines (40 feet for minor streets and 75 feet for arterial streets) or in the case of a rounded property corner, from the intersection of the street right-of-way lines extended.
6. The same sight limitations shall apply to any lot within 10 feet of the intersection of a street right-of-way line with the edge of the driveway pavement or alley line. No driveway shall be located within 70 feet of the intersection of two street lines.
7. All numbered parcels in the tract shall be known and described as residential parcel only. No structure shall be erected, altered, placed or permitted to remain on any numbered parcel other than one detached single family dwelling not exceeding two stories in height and one other structure appurtenant to such residence, which may be a garage, or small utility building.
8. The maintenance and utility charges for electric lights installed on Bittner Drive shall be the obligation of Bittner Woods, Inc. for a period of two (2) years or when 75% of lots are sold. Upon expiration of said two (2) year period or when 75% of lots are sold, said obligations shall become the common obligation of all lot owners.
9. No trailer, tent, shack, barn or other outbuilding shall be used as residence, temporarily or permanently, nor shall any structure of temporary character be used as a residence.
10. No commercial trade or activity shall be carried on any lot, nor shall anything be done thereon which may become an annoyance or nuisance to the neighborhood.
11. No commercial dog kennel or hospital shall be permitted but this shall not prohibit any family residing on any lot from having pet animals.
12. Easements are reserved for utility construction and maintenance and public. The street are hereby dedicated for the use of the public.
13. No residence shall be erected, altered, placed or permitted to remain upon any lot or lots except such as shall have a ground floor area, exclusive of porch and attached garage, or not less than 1500 square feet in case of a one story residence, or 1800 square feet in case of a one and half story house or a two story house or 1850 square feet in case of a tri- or bi-level house, with attached two car garage. No multiple dwelling will be permitted on any lot.
14. Any person purchasing a lot will be required to start building a home within a three year period from date of purchase. Once construction has started, it should be completed at the end of one year.
15. Any person purchasing a lot will be required to clean or clear lot of all weed and underbrush after purchase. This is to be done on a year-to-year basis.
