A majority of the members of the Committee constitutes a quorum for the transaction of business and the decision of a majority is controlling and final.

Any lot owner seeking a waiver of or variance from these Declarations must obtain the prior approval of the Declarant or Committee.

ARTICLE IV Use and Architectural Restrictions

The Committee shall have the authority to collect any fees necessary to maintain the above mentioned areas. The Committee shall have the right to and be responsible for the assessment and collection of any and all fees from each lot owner on a yearly basis as the Committee shall determine. All assessments, together with interest thereon and costs of collection thereof, shall be a charge on the land and shall be a continuing lien upon the lot against which each assessment is made until paid in full. Each assessment, together with interest thereon and cost of collection thereof shall be the responsibility of the person who was owner of the lot at the time when the assessment became due. Assessments shall become due within thirty (30) days after a written statement is delivered to the lot owner. The thirty days shall run from the date of the statement and not the date received.

**Section 2. Effect of Non-payment of Assessments: Remedies of the Association.** If any assessment is not paid on the date when due (pursuant to Section 1 hereof), then the unpaid assessment shall become delinquent and shall become together with such interest thereon and cost of collection thereof as hereinafter provided, a continuing lien on such lot, binding upon the then owner, his heirs, devisees, successors and assigns. The personal obligation of the then Owner to pay such assessments, however, shall remain his personal obligation and shall not pass to his successors in title unless expressly assumed by them.

If the assessment is not paid within thirty (30) days after the due date, the assessment shall bear interest from the date of delinquency at the rate of interest allowed by law on judgments, but, in no event, less than 12% per annum, and the Committee may bring an action at law against the Owner personally obligated to pay the same or to foreclose the lien against the property, or both, and there shall be added to the amount of such assessment the costs of preparing and filing the complaint in such action; and in the event a judgment is obtained, such judgment shall include interest on the assessment as above provided and reasonable attorney's fees to be fixed by the court, together with the costs of the action in favor of the prevailing party.

No owner may waive or otherwise escape liability for the assessments provided for herein by abandonment of his lot.

**Section 3. Subordination of the Lien to Mortgage.**

The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any lot shall not affect the assessment lien. No sale or transfer shall relieve such lot from liability for any assessment thereafter becoming due or from the lien thereof.
