The undersigned, Harry B. Cartlidge and Florence C. A part of the southwest quarter and part of the southeast quarter of Section 1, Township 15 North, Range 1 East of the Second Principal Meridian, Hendricks County, Indiana, bounded and described as follows, to wit:

EXCESS or DEFICIENCY in the north and south distances of this subdivision shall be given to, or taken away from lots 19 to 24 inclusive.

This Subdivision consists of Fourteen (14) lots numbered from Fourteen (14) to twenty seven (27) consecutively and inclusive.

Said property shall be used for residential purposes only, except insofar as Developers have dedicated, and do herewith affirm such dedication, of certain areas therein for streets, roadways, utility easements and drainage easements. Such dedicated areas for streets and roadways are depicted on the plat of the above described subdivision, and labeled "Blacktop Street". Such dedicated and reserved areas for utility and drainage easements are depicted on the plat of the above described subdivision, and labeled "Utility Strip", "Utility and Drainage Strip", and "Special Ditch".

No more than one (1) single-family dwelling shall be erected upon any one lot, as such lot or lots are depicted on the plat of the above described subdivision, and none other than a private one or two-car garage shall be placed thereon.

No residence containing less than one-thousand (1000) square feet of living space, as measured by the foundation area, nor any building more than one story in height, unless approved in writing by the Developers, shall be constructed on any one lot. Garages, breezeways or patios shall not be considered as living space.

All residences and grounds shall have sanitary and other necessary drainage facilities in conformity with the requirements of the Indiana State Board of Health, the Hendricks County, Indiana, Subdivision Control Ordinance, and the Hendricks County, Indiana, Master Plan, and the regulations promulgated from time to time under each or all of them.

No mobile homes, shacks, tents or other shelters shall be used as living quarters during construction on any lot, or at any other time. No building other than customary garden and lawn-tool sheds shall be constructed on any lot, in addition to the residence and garage hereinabove described.

All exterior walls of the residence shall be surfaced either with brick or stone at least one-half way to the top from the foundation. Wood, or other conventional building materials, are approved for use above the brick or stone.

The location of all buildings shall conform to the set-back lines as shown and depicted on the plat of the above described subdivision. No permanent building may be erected nearer than ten (10) feet from any side or rear lot line, except as hereinafter provided or further restricted.

Owners of lots traversed by areas depicted on the plat of the above described subdivision as "Utility Strip", "Utility and Drainage Strip", and/or "Special Ditch" are entitled to use such areas in the manner so as to enhance their enjoyment of the property, subject, nevertheless, to the following restrictions. No permanent structures, shrubs or hedges shall be placed on such areas, except that portable incinerators may be placed thereon, in any manner so as to hinder, impede or otherwise constrict or confine the natural flow and discharge of water on the establishment, installation and/or maintenance of utility services over, across, under and through such areas. The contour and/or slope of the land and soil in such areas shall not be changed or otherwise disturbed without the prior written consent of Developers. Owners of lots traversed by areas depicted on the plat of the above described subdivision as "Utility Strip", "Utility and Drainage Strip", and/or "Special Ditch" shall maintain such "Strip" and/or "Ditch" areas as a part of their respective lawns, and they shall not permit trash, garbage, rubbish or waste of any kind or nature to collect or be stored thereon.

No domestic pets or other animals shall be kept or bred on the premises for commercial purposes. No animals other than customary household pets shall be kept on the premises.

No part of any lot shall be used as a dumping ground for trash, garbage or rubbish. Rubbish, trash, garbage and all other waste materials shall be kept in sanitary containers or disposed of by incinerators, or other equipment designed for the disposal of such materials.

The areas between the front lot lines and the surface of the street or roadway shall be kept clear of all brush, trees, tall grass and weeds.

Developers, their heirs, executors, administrators, successors and assigns specifically reserve the right to improve said subdivision by the installation of any and all utilities as they, from time to time, might deem expedient, and also by the maintenance, cleaning and/or dredging of the "Special Ditch" and/or "Utility and Drainage Strip" areas, as above described. And the entrance upon the reserved "Utility Strip", "Utility and Drainage Strip" and/or "Special Ditch" areas, as shown by the plat of the above described subdivision, or construction in the roadways in the subdivision by said Developers, their heirs, executors, administrators, successors and assigns or agents, shall not constitute a trespass by said person or persons against the owner of any lot in said subdivision.

The invalidation of any of these covenants shall in no way affect those remaining, which shall remain in full force and effect.

These covenants shall run with the land, and they shall be binding upon all parties to the conveyance of said lands, or any part thereof, for a period of twenty-five (25) years, at which time said covenants shall be automatically extended for successive periods of ten (10) years each, unless by vote of the majority of the then owners of the tracts in said subdivision it is agreed to change said covenants and restrictions in whole or in part.

IN WITNESS WHEREOF, Harry B. Cartilage and Florence C. Cartilage, husband and wife, have hereunto set their hands and seals this 10th day of January, 1963.
