This Subdivision shall be known and designated as Echo Pointe Section II - Lots 18 - 54 and 118 - 127 inclusive, an addition in Marion County, Indiana, containing 47 Lots.

In order to provide adequate protection to all present and future owners of lots in this Subdivision, the following covenants and restrictions, are hereby imposed upon the Real Estate and shall run with the Real Estate.

1. There are areas of ground on this plat marked "Utility Easements" and "Drainage Easements," either separately or in combination. The Utility Easements are hereby created and reserved for the use of all public utility companies (not including transportation companies), and governmental agencies for access to and installation, maintenance, repair or removal of poles, mains, ducts, drains, lines, wires, cables and other equipment and facilities for the furnishing of utility services, including cable television services. The Drainage Easements are hereby created and reserved: (i) for the use of Developer during the development of the Subdivision for access to and for the installation, repair or removal of a drainage system, either by surface drainage or appropriate underground installations, for the Real Estate and adjoining property and (ii) for the Department of Public Works of the City of Indianapolis for access to maintenance, repair and replacement of such drainage system; provided, however, that the owner of any lot in this Subdivision subject to a Drainage Easement shall be required to keep the portion of said Drainage Easement on his lot free from obstructions so that the surface water drainage will be unimpeded. The delineation of the Utility Easement and Drainage Easement areas on this plat shall not be deemed a limitation on the rights of any entity for whose use any such easement is created and reserved to go on any lot subject to such easement temporarily to the extent reasonably necessary for the exercise of the rights granted to it by this paragraph. 3. Building set-back lines and set back lines are as depicted in and on the plat. No building or structure shall be erected or maintained between said set-back lines and the front or rear lot line (as the case may be) of said lot. In addition, no building or structure shall be erected or maintained closer to any side lot line of any lot than seven (7) feet, with each lot having an aggregate side yard requirement of nineteen (19) feet. Where two or more contiguous lots are used as a site for a single dwelling, this side yard restriction shall apply to the combined lots as if they were a single lot. Whenever a dimension is referred to or referenced in this item it is strictly for convenience and information and in no instance is to be or be construed as a plat covenant and/or restriction.

4. No residence constructed on a lot herein shall have less than eighteen hundred (1800) square feet of finished and livable floor area in aggregate for a one story residence or less than eighteen hundred (1800) square feet in the aggregate for a multi-floor residence, exclusive of open porches and garages. A minimum square foot of one thousand (1000) square feet for the ground level shall be required for a multi-floor residence so as to conform to the Dwelling District Ordinance of Marion County.
