Section 4.13. "Fences, Walls and Screening." It is the goal of the Developer to keep all fencing or screening as harmonious as possible with the architectural character of the community. No fence or screen will be approved if its installation will obstruct necessary sight lines for vehicular traffic. Undue obstruction of view or other amenities from adjoining properties will be taken into consideration by the Developer when reviewing fences for approval. Fences shall not be nearer to the front of a home than the rear foundation line of a home except decorative fences. Front fences may be placed parallel to the front foundation of a home only if they do not cause unreasonable visual barriers and they are of identical materials as the main structure. The Developer discourages fencing of the entire back yard due to the effect that this fencing may have on the feeling of spaciousness desired by other property owners. Fences may be privately installed but must be constructed to professional levels of quality. Non-professionally installed fences will be inspected by the Developer after completion in order to ensure that the final product is of a professional quality and final approval of the fence shall be deemed withheld until successful completion of this final review.

ARTICLE V

The owner of any Lot shall at all times maintain the Lot and any improvements used thereon in such a manner as to prevent the Lot or improvements from becoming unsightly and, specifically, such Owner shall:

- Remove all debris or rubbish;
- Prevent the existence of any other condition that reasonably tends to detract from or diminish the aesthetic appearance of the Real Estate;

Section 5.1. "Developer's Right to Perform Certain Maintenance." In the event that any Owner of a Lot shall fail to maintain his Lot and any improvements situated thereon in accordance with the provisions of these Restrictions, Developer shall have the right, but not the obligation, by and through its agents and employees or contractors, to enter upon said Lot and repair, mow, clean, or perform such other acts as may be reasonably necessary to make such Lot and improvement situated thereon, if any, conform to the requirements of these Restrictions. The cost thereof shall be an expense of the lot owner and the Developer may seek collection of costs in any reasonable manner including placing a lien against said Real Estate for the expense thereof. Neither the Declarant, nor any of its agents, employees, or contractors, shall be liable for any damage which may result from any maintenance work performed hereunder. Upon the completion of the development period, the Association shall succeed to the rights of the Declarant/Developer.

Section 5.2. "Annexation." No owner of any Lot shown herein shall have the right to reannexate against annexation of that Lot to the City of Carmel.

A. Height restriction. The developer is of the opinion that the environmental integrity of the community will be materially lessened if the open nature of the community is damaged by a proliferation of fences of excessive height. The Developer, therefore, will approve rear perimeter fences up to 4 feet in height which otherwise meet these guidelines.
