And The Northfield Architectural

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR NORTHFIELD ESTATES, SECTION 4 A SINGLE FAMILY RESIDENTIAL DEVELOPMENT IN THE TOWN OF FISHERS, HAMILTON COUNTY, INDIANA

Control Committee is empowered to make

assumps w/UEMS

Subj. to 14 Mtgs

And 10-19-92

The undersigned, Republic Development Corporation, (sometimes referred to herein as "Owner" or "Developer"), as Owner and Developer of the land described in Exhibit A attached, to be known as Northfield Estates - Section 4, and for the benefit of all present and future owners of any lot or lots in, or occupants of, Northfield Estates - Section 4, does hereby impose the within described Covenants, Conditions and Restrictions on the land described in said Exhibit A.

Article 1. Use Restrictions

All lots in this development and all present and future owners occupants thereof shall be subject to the following use restrictions, which shall run with the land:

1.01. Blocks A, B and C and any other open space lying within the plat of Section 4 of Northfield Estates, exclusive of the numbered lots, are reserved for enhancement of the appearance of the Northfield Estates development or such other use as may be indicated on the plat or as may be determined from time to time by the Architectural Control Committee established pursuant to Article 3 hereof (hereinafter referred to as the "Architectural Control Committee") or by a majority of the lot owners in Northfield Estates. No lot owner or any other person shall use or modify the appearance of said Blocks A, B and C or other open space in any manner other than that shown on the plat, or as approved in writing by the Architectural Control Committee, or as approved by a majority of the lot owners.

1.02. The numbered lots located within said Northfield Estates, Section 4, shall be used for detached single-family dwellings in accordance with the present zoning of the Northfield Estates development by the Town of Fishers, Hamilton County, Indiana. No lot shall be used for any purpose not presently permitted by the zoning of the Town of Fishers without approval of the Architectural Control Committee; this provision is intended to, and shall prohibit, a change of presently permitted use by change of zoning without approval of the Architectural Control Committee.

1.03. Single-family dwellings shall have a minimum of 1,300 square feet of living area for a one-story and 1,600 square feet of living area for a two-story exclusive of basements, garages, open porches and other unheated areas. Each dwelling shall have an attached garage with space for not less than two (2) automobiles. All driveways and vehicle parking areas shall be hard-surfaced with concrete, asphalt or brick. No gravel or stone driveways shall be permitted on any lot.

1.04. No building, basement, swimming pool, tennis court, fence, wall, hedge, or other enclosure, or any utility meter, mailbox, or other structure of any sort shall be erected, placed or maintained on any lot in said development, nor shall any change, addition to or alteration thereof affecting the outward appearance thereof be made unless the same shall be in accordance with detailed plans and specifications therefor showing the size, location, type, architectural design, quality, use and material of

RECEIVED
HAMILTON COUNTY
NOV 17 1992

Recorded 11-17-92

construction thereof, the color scheme therefor, the grading plan of the lot, and the finished grade elevation thereof, which detailed plans and specifications have first been approved in writing by the Architectural Control Committee.

1.05. No portion of any residential lot or structure thereon shall be used or permitted to be used for any business purpose whatsoever; provided, however, the foregoing shall not apply to the various activities, or the construction and maintenance of buildings, if any, of Owner, its agents or assigns, during the construction and sale period. In addition, no noxious, offensive, or unreasonably disturbing activity shall be carried on upon any part or in any part of said development, nor shall anything be done therein which may be or become an annoyance or nuisance in said development.

1.06. No trailer, tent, shack, garage, barn, car, or other temporary shelter or housing device shall be maintained or used as a residence, temporarily or permanently, in said development. No dwelling erected in said development shall be used as a residence until the exterior thereof either has been completed in accordance with the detailed plans and specifications approved therefor as provided in paragraph 1.04 above or sufficient funds have been placed in escrow to assure such completion as weather conditions permit.

1.07. No clotheslines shall be located on any lot except for a removable folding umbrella type.

1.08. Any truck, motorcycle, boat, bus, tent, car, camper, trailer or similar housing or recreational device, if stored on any said lot, shall be housed within a garage building.

1.09. No portion of any residential lot, except the interior of the residential dwelling located thereon and appurtenant garage, shall be used for the storage of automobiles, trailers, motorcycles or other vehicles, whether operative or not, scrap, scrap iron, water, paper, or glass, or any reclamation products, parts or materials, except that during the period an improvement is being erected upon any such lot, building materials to be used in the construction of such improvement may be stored thereon; provided, however, any building material not incorporated in said improvement within ninety (90) days after its delivery to such lot shall be removed therefrom. All improvements must be completed by an owner within one (1) year from the date of the beginning of the construction thereof. No sod, dirt or gravel other than incidental to construction of approved improvements, shall be removed from said lots without the written approval of the Architectural Control Committee or its successors and assigns.

1.10. No portion of any lot nearer to any street than the building setback line or lines shown upon the recorded plat of said development shall be used for any purpose other than that of a lawn; provided, however, this restriction shall not be construed to prevent the use of such portion of said lot for walks, drives, trees, shrubbery, flowers, flower beds, ornamental plants, fence, hedge, wall or other enclosure which shall first have been approved as provided in paragraph 1.04 above for the purpose of beautifying said lot, but shall be construed to prohibit the planting or maintenance of vegetables and grains thereon.

9245454

1.11. No weeds, underbrush, or other unsightly growths or objects of any kind shall be placed, be permitted to grow, or suffered to remain on any part of any lot. All lawn areas shall be maintained in a neat and orderly manner and shall be mowed not less often than is needed to maintain the lawn equal to or better in appearance than the surrounding neighborhood in general.

1.12. No trash burner, outdoor fireplace, or other device expelling gas or smoke shall be placed within twenty (20) feet of any adjoining lot line.

1.13. No television antennas shall be attached to the exterior of any residence. No towers of any kind including, but not limited to, television, radio and/or microwave towers, or dish-type antennas, shall be erected, placed or maintained on any lot in said development.

1.14. Any tanks for the storage of propane gas or fuel oil shall be located and buried beneath the ground level; provided, however, propane tanks for service to the entire development, or for construction operations, may be located above ground.

1.15. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot except that dogs, cats or other household pets may be kept, provided that they are not kept, bred or maintained for any commercial purpose, that they are limited in number so as not to cause a nuisance or disturbance to others, and that they are not permitted to run loose.

1.16. No sign or billboard of any kind shall be erected or maintained on any lot except (i) signs approved by the Architectural Control Committee; and (ii) signs used by Owner, its successors and/or assigns, to advertise lots in residences for sale during the construction and initial sales period.

1.17. No lot owner shall impair any easement or modify the landscaping features within any landscape easement area without first obtaining the written consents of the Architectural Control Committee and the lot owner or owners for whose benefit such easement exists.

1.18. All rubbish and debris, combustible and non-combustible, and all garbage shall be stored in underground containers, or stored and maintained in containers entirely within the garage or basement. However, rubbish, debris, combustible and non-combustible, and garbage may be stored in outside containers if approved by the Architectural Control Committee. Additional regulations for the storage, maintenance and disposal of rubbish, debris, leaves and garbage may from time to time be established by the Architectural Control Committee or its successors and assigns.

1.19. No well for the production of gas, water, oil or otherwise, whether intended for temporary or permanent purposes, shall be drilled or maintained on any lot, nor shall such lot be otherwise used in any way which may endanger the health or unreasonably disturb the peaceable use of adjoining premises.

1.20. No individual water supply system or sewage disposal system shall be permitted on any lot without prior written approval by the Architectural Control Committee and any state or local governmental

9245454

authority having jurisdiction and, if approved, will be located and constructed in accordance with requirements, standards, and recommendations of the Indiana State Board of Health. No geothermal system shall be installed without prior approval by all applicable agencies. Solar heating systems of any nature must be approved by the Architectural Control Committee as to design and aesthetic quality prior to construction. Lot owners are hereby advised that solar heating systems will not be approved unless their design blends aesthetically with the structure and adjacent properties.

1.21. Drainage swales (ditches) or drainage retention areas along dedicated roadways and within the right-of-way, or on dedicated easements, are not to be altered, dug out, filled in, tiled, or otherwise changed without the written permission of the Department of Development of the Town of Fishers, Indiana and the Architectural Control Committee. Lot owners must maintain any drainage swales located on their lot as a sodded grassway or other non-eroding surface at the elevations designated on the drainage plan for the development. Driveways may be constructed over these swales or ditches only when appropriate sized culverts or other approved structures have been permitted by the Department of Development of the Town of Fishers, Indiana and the Architectural Control Committee. Any property owner altering, changing, or damaging these drainage swales or ditches will be held responsible for such action.

Article 2. Lake Covenants and Restrictions

2.01. Block A as shown on the plat of Northfield Estates, Section 4, may include a storm water detention area designed so as generally to retain water and have the appearance of a lake (hereinafter referred to as "the lake").

2.02. No owner of any lot shall do or permit to be done any action or activity which could result in the pollution of the lake, diversion of water, change in elevation of the water level, earth disturbance resulting in silting or any other conduct which could result in an adverse effect upon water quality, drainage, or proper lake management, or otherwise impair or interfere with the use of the lake for drainage and related purposes for the benefit of the property owners in Northfield Estates.

2.03. No boating, fishing, swimming or other recreational activity shall be conducted in, on or above said lake area.

2.04. The Architectural Control Committee may from time to time establish rules regarding the use of the lake and related drainage and utility easement area, provided such rules are not in conflict with the rules contained herein, and provided further that such rules are reasonably established to protect the safety and welfare of the residents of Northfield Estates and their guests as well as any other person or property in the vicinity of the lake and related drainage and utility easement area and/or are established to assure the continued service of the area for the purpose for which it was designed.

2.05. The Architectural Control Committee, the Town of Fishers, Indiana or any owner of a lot in the Northfield Estates development shall have the authority to institute an action for injunction to abate any

9245454

activity in violation of the provisions of this Declaration of Covenants, Conditions and Restrictions, or the provisions of the Plat for Section 4 of Northfield Estates, or any rules and regulations regarding the use and maintenance of the lake and related drainage and utility easement areas in Northfield Estates, Section 4, that have been established pursuant to the provisions hereof, or to seek mandatory relief for the correction of any damage caused to the lake or interference with the drainage system, together with any damages incurred, and upon recovery of judgment shall be entitled to costs of the action together with reasonable attorneys' fees.

Article 3. Architectural Control Committee

An Architectural Control Committee is established hereby to carry out the functions set forth for it in this Declaration of Covenants, Conditions and Restrictions.

3.01. The Architectural Control Committee shall be composed of three (3) members who initially shall be appointed by the undersigned.

3.02. The members of said Architectural Control Committee shall serve until their incapacity, resignation or death. Upon the incapacity, resignation or death of a member of the Architectural Control Committee, his successor shall be appointed by the remaining members of the Committee within six (6) months of the incapacity, death or resignation of a member. In the event of the incapacity, resignation or death of a member of the Committee, and his successor is not appointed within six (6) months thereafter, the successor member shall be appointed by the owners of a majority of the lots in said development.

3.03. The Architectural Control Committee shall have the sole and exclusive right to establish grades and slopes on all lots in said development and to fix the grade at which any residence shall hereafter be erected or placed thereon so that the same may conform to the general plan of development. All such grades and slopes shall be established on the engineering plans submitted to and approved by the Architectural Control Committee.

3.04. In requiring the submission of detailed plans and specifications as herein set forth, the Developer intends to develop said development as an architecturally harmonious, artistic and desirable residential development, and in approving or withholding its approval of any detailed plans and specifications so submitted, the Architectural Control Committee, or its successors and assigns, may consider the appropriateness of the improvement contemplated with relation to improvements on contiguous or adjacent lots, its artistic and architectural merits, its adaptability to the lot on which it is proposed to be made, and such other matters as may be deemed to be in the interest and benefit of the owners of the lots in said development as a whole.

3.05. All plans and specifications submitted to the Architectural Control Committee for consideration must be prepared by a registered architect or civil engineer, or by an experienced draftsman in form generally used by architects and engineers, except that proposals for exterior changes that generally would be made without the need for detailed plans and specifications, such as repainting a building with a different

9245 454

color plan or replacing a mailbox and post may be made without the submission of professionally prepared plans and specifications provided, however, that the Architectural Control Committee reserves the right to require the proposer to provide the opinion of a professional architect, surveyor or engineer in support of any proposal before giving its approval.

3.06. The Architectural Control Committee approval or disapproval, whenever required herein shall be in writing, and any determination made by the Architectural Control Committee in good faith shall be binding on all parties in interest. If the Architectural Control Committee shall fail to approve or disapprove, or request additional information with respect to any proposed plans and specifications within thirty (30) days after the same shall have been submitted to it for approval, such plans and specifications shall be deemed to have received the approval of said Committee.

3.07. Notwithstanding compliance with the foregoing minimum living area requirements, the Town of Fishers, Indiana shall not issue an Improvement Location Permit for any dwelling upon any lot in this development, nor shall any dwelling be constructed unless the building and site plans presented by the lot owner have been approved by and bear the stamp of approval of the Architectural Control Committee, or its duly authorized representative or any assignee or transferee described in paragraph 3.11 hereof, which approval and stamp shall be substantially the following form, to wit:

THIS SITE AND BUILDING PLAN FOR LOT _____ IN NORTHFIELD ESTATES HAS BEEN APPROVED FOR PERMITS AND CONSTRUCTION BY _____ ONLY, AS THE BUILDING CONTRACTOR FOR THE LOT OWNER, ALL AS REQUIRED BY THE PLAT.

NORTHFIELD ESTATES ARCHITECTURAL CONTROL COMMITTEE

By _____

or the building plans are essentially the same as those having blanket approval by the Architectural Control Committee for any lot in Northfield Estates.

3.08. The Architectural Control Committee, in addition to those remedies granted to it by law, such as the pursuit of court-ordered injunctions and other judicial relief, shall have the right in the event of any action or condition which the Architectural Control Committee or its successors and assigns determine to be in violation of these restrictions, to enter the property upon which violation is deemed by it to exist and to summarily abate and remove, at the expense of the owner thereof, the structure or condition deemed by it to be in violation hereof, and said Architectural Control Committee or its successors and assigns shall not by reason thereof be guilty in any manner of trespass for such entry, abatement or removal, or liable for damages by reason thereof, to any person whomsoever. Any failure to enforce these restrictions shall not be deemed a waiver thereof or any acquiescence in, or consent to, any continuing,

9245 454

further or succeeding violation hereof. If, in the opinion of the Architectural Control Committee, by reason of the shape, dimensions or topography of a particular lot in the subdivision, enforcement of these restrictions with respect to size of structure would constitute a hardship, the Architectural Control Committee may permit a variation which will, in its judgment, be in keeping with the maintenance of this development as a desirable development.

3.09. The Architectural Control Committee, its agents, employees and subcontractors shall have the right to enter onto Blocks A, B and C, any D.U.&S.E. (Drainage, Utility and Sewer Easement) area, any common area, open space not located within a numbered lot, public rights-of-way and landscape easement areas shown on the plat of Section 4 of Northfield Estates from time to time as it deems necessary for maintenance purposes. The Architectural Control Committee may also provide services such as weekly trash collection and snow removal to the lots in Section 4 of Northfield Estates if such services are not adequately provided by the appropriate municipal government.

3.10. The Architectural Control Committee shall have the power to expend its funds as needed to carry out its responsibilities as provided in paragraph 3.09 above and elsewhere herein. In order to provide such funds the Architectural Control Committee is hereby empowered to levy, assess and collect from each and every lot owner in said Northfield Estates Section 4, except the Developer, such sums as may be approved by not less than seventy-five percent (75%) of the lot owners in said Northfield Estates Section 4, other than the Developer. In any vote taken on the matter of levies or assessments, only one vote per lot shall be allowed. All amounts assessed or levied with the approval of seventy-five percent (75%) of the lot owners shall become a lien on each lot. Any levies or assessments so approved by the above procedure may be applied to lots owned by the Developer only with the written consent of the Developer.

In the event any amount assessed or levied pursuant to the provisions of this paragraph is not paid when due and remains in arrears for more than sixty (60) days, the Architectural Control Committee, or a majority of the members thereof, may cause to be filed with the Hamilton County Recorder a Notice of Lien describing the lot and the amount due and executed in accordance with the formalities then required to record a lien against real estate. The lien of the arrearage provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any lot shall not affect the lien. However, the sale or transfer of any lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall extinguish the lien as by law provided of such arrearage as to the payments which became due prior to such sale or transfer period. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof.

3.11. Any and all of the rights, powers, duties and obligations which in this instrument are assumed by, reserved to or given to the Architectural Control Committee may be assigned or transferred at any time as the Architectural Control Committee, in its sole discretion, shall determine,

9245454

provided such assignment or transfer is made to an association or not-for-profit corporation in which all the owners of the lots in said Northfield Estates Section 4 have the right to vote, on a one vote per lot basis, on all matters pertaining to the ownership and operation of such association or not-for-profit corporation including the election of its directors or controlling board, and provided further that the sole purpose of such association or not-for-profit corporation is to serve the interests of the lot owners in said Northfield Estates Section 4 pursuant hereto together with the interests of the lot owners in any other section of the Northfield Estates development whose Architectural Control Committee has elected to assign or transfer its rights, powers, duties and obligations to such association or not-for-profit corporation. Any such assignment or transfer shall be made by appropriate instrument in writing in which the assignee or transferee shall join for the purpose of evidencing its acceptance of such rights, powers, duties and obligations, which instrument shall be recorded and such assignee or transferee shall thereupon have the same rights and powers and be subject to the same obligations and duties as are herein given to and assumed by said Architectural Control Committee, and all lot owners in said Northfield Estates Section 4 shall thereupon become voting members of such association or corporation in accordance with the provisions of its Articles and By-Laws. Concurrently with such assignment or transfer, said Architectural Control Committee shall be released from all the rights, powers, duties and obligations in this instrument reserved to or given to and assumed by said Architectural Control Committee.

Article 4. Other Conditions.

4.01. The Covenants, Conditions and Restrictions set forth herein shall be taken to be real covenants, conditions and restrictions running with the land and shall be binding upon all parties, persons and corporations owning or acquiring land in said development, and their heirs, executors, administrators, successors and assigns until December 31, 1998, and these restrictions shall be automatically extended in their entirety for successive periods of ten (10) years unless by appropriate instrument and writing, and consenting to their termination in whole or in part, shall be filed for record, executed and acknowledged by the owners of not less than a majority of the lots.

4.02. Any violation or attempt to violate any of the provisions hereof while the same are in force shall be sufficient reason for any other person or persons owning any lot in said development to initiate proceedings at law or in equity against the person or development violating or attempting to violate any of the provisions hereof and to prevent him or them from so doing, or to cause the removal of any violation and to recover damages or other dues for such violation or attempted violation.

4.03. All transfers and conveyances of each and every lot of said development shall be made subject to these Covenants, Conditions and Restrictions.

9245454

4.04. It is expressly agreed that if any covenant, condition or restriction contained herein, or any portion thereof, is invalid or void, such invalidity or voidness shall in no way affect any other covenant, condition or restriction.

4.05. All costs of litigation and reasonable attorney's fees resulting from violation of any provisions hereof shall be the financial responsibility of the lot found to be in violation and assessed against said lot.

4.06. The Architectural Control Committee established hereunder shall not transfer or assign its rights, powers, duties and obligations pursuant to paragraph 3.11 hereof to any corporation or association unless all the members of said corporation or association are lot owners in at least one of the sections of the Northfield Estates development, and the Articles of Association and/or By-Laws of said corporation or association provides that on all matters requiring a vote of the members, such voting will be held on a one vote per lot basis.

4.07. Any corporation or association which becomes the transferee or assignee of the rights, powers, duties and obligations of the Architectural Control Committee established pursuant to Article 3 hereof shall, in order to fund its obligations, have the additional right to levy, assess and collect, without a vote of the lot owners, an amount not to exceed one hundred dollars (\$100.00) per year from each and every lot owner in said Northfield Estates Section 4 provided a majority of the members of the Board of Directors of said corporation or association is composed of owner occupants of the Northfield Estates development and provided further a like amount is levied, assessed and collected from each and every lot owner in every other section of the Northfield Estates development from which said corporation or association has received and accepted an assignment and transfer of the rights, powers, duties and obligations of the Architectural Control Committee established pursuant to the Declaration of Covenants, Conditions and Restrictions for that section. The aforesaid levy or assessment limit of one hundred dollars (\$100.00) per year shall be increased, without a vote of the lot owners, in proportion to any increase from the base period of October 1990 in the Consumer Price Index for the United States as prepared by the U.S. Bureau of Labor Statistics. All levies and assessments made pursuant to this paragraph shall become a lien on each lot and if not paid when due shall be subject to the collection procedures and limitations set forth in paragraph 3.10 hereof.

Any corporation or association which becomes the transferee or assignee of the rights, powers, duties and obligations of the Architectural Control Committee established pursuant to Article 3 hereof shall use the levy and assessment power set forth in this paragraph as its primary source of funds and shall not utilize the provisions of paragraph 3.10 as a means of levy or assessment unless the funds available from the levy and assessment power set forth in this paragraph are insufficient to fund the corporation or association annual budget and not less than seventy-five percent (75%) of the lot owners who are voting members of said corporation or association, voting on a one vote per lot basis, have approved the additional levy or assessment needed to fund the budget.

9245454

4.08. Neither the Architectural Control Committee nor any corporation or association which becomes the transferee or assignee of the rights, powers, duties and obligations of the Architectural Control Committee shall levy or assess any sums hereunder until an annual budget showing the various items of expense anticipated for the ensuing year for which the proposed levy or assessment funds are to be used has been prepared and submitted to all affected lot owners in the Northfield Estates development and such lot owners have approved said annual budget either in accordance with the voting requirements of paragraph 3.10 hereinabove or the voting requirements of the Articles of Incorporation and/or By-Laws of said corporation or association provided, however, that any vote of the lot owners regarding any proposed annual budget shall be held no earlier than ten (10) days after effective delivery of a copy of the proposed annual budget to each affected lot owner in the Northfield Estates development.

4.09. Wherever in the drawings and documents recorded as the plat of Northfield Estates, Section 4, statements appear to conflict with, or be inconsistent with, this Declaration, then the statements in this Declaration shall prevail.

4.10. Whenever in this instrument reference is made to said Architectural Control Committee, such reference shall be deemed to include the successors and assigns of said Committee.

IN WITNESS WHEREOF, the said Republic Development Corporation, an Ohio corporation, has caused this instrument to be executed by its respective duly authorized representative this 19th day of October 1992.

Signed, Acknowledged and Delivered in the Presence of:

REPUBLIC DEVELOPMENT CORPORATION,
an Ohio Corporation

RWD
Alan M. Dicus

By: Richard D. Arnos
Richard D. Arnos, Chairman

State of Ohio
County of Lucas SS

Before me, a Notary Public in and for said County and State, personally appeared Richard D. Arnos, Chairman of Republic Development Corporation, who acknowledged that he did sign said instrument as such Chairman of said Republic Development Corporation, on behalf of said corporation and by authority of its Board of Directors, and that said instrument is the voluntary act and deed of said Richard D. Arnos as such officer and the voluntary act and deed of said corporation for the uses and purposes therein expressed.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and affixed my official seal this 19th day of October 1992.
