**SET-BACKS.** Building set-back lines are hereby established as shown on this lot, between which lines and the property lines of the streets no building or structure (except walls and fences to the extent permitted hereby or by the Declaration), shall be erected or maintained. No buildings, structures or other improvements shall be erected closer to any side lot line of any lot than 7 feet and the total side yard set-back (both sides) must be at least 15 feet, or closer to any rear lot line of any lot than 20 feet, unless proposed otherwise permitted hereby or by the Declaration. No buildings, structures or other improvements shall be constructed on any part of a lot lying within 30 feet of the top back of any lake unless approved by the Committee or the Developer. Where buildings are erected on more than one single lot, the foregoing restrictions shall apply to the combined lots (or parts thereof) as if they were one single lot, and the restrictions applied based on the distances from the buildings, structures or other improvements to the adjacent lot lines of the lots adjoining the combined lot.

**1. TEMPORARY CONSTRUCTION.** No construction shacks or outhouses shall be erected or situated on any lot herein. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other out-building shall be permitted to remain on any lot or used on any lot at any time as a residence, either temporarily or permanently. The same sight line limitations shall apply to any lot within 10 feet from the intersection of a street line with the edge of driveway pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines. No driveway shall be located within 40 feet of the intersection of two street lines.

**10. SIDEWALKS.** Sidewalks shall be constructed as required by the sidewalk plan approved by the Johnson County Plan Commission, which construction shall be the responsibility of the lot owner upon whose lot the sidewalk is to be constructed, provided, however, that any Common Area sidewalks shall be constructed by the Developer as designated on the final development-sidewalk plan. All sidewalks shall be completed at the same time as the driveway is constructed on the lot by the lot owner. All sidewalks shall be poured concrete, with expansion joints, such construction to be perpetual and continuous along the street frontages and across the driveway of each lot.

14. ENFORCEMENT, WAIVER. Enforcement shall be by proceedings at law or in equity against the person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages. Invalidation of any one of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect. Notwithstanding the foregoing any violation of these covenants or the Declaration may be waived by a majority of the then owners of the Lots in this subdivision.

As of the date on which Developer annexes any portion of adjacent real estate into the subdivision (the "Annexed Real Estate"), the Annexed Real Estate shall be deemed to be (for all purposes) included within Sheffield Park Subdivision; all references in these covenants and restrictions or in the Declaration of the "Subdivision" or the "Sheffield Park Subdivision" shall be deemed to include the restrictions or in the Declaration to "Real Estate" shall be deemed to include all parcels of land within the Annexed Real Estate; all references in these covenants and restrictions or in the Declaration to "lots" shall be deemed to include all Lots within the Annexed Real Estate; and all easements created by these covenants and restrictions or in the Declaration shall bind, benefit, burden and run with the Annexed Real Estate. 16. SANITARY SEWERS. Sanitary sewer building connections are to meet the minimum standard of the Board of Public Works and Safety, City of Greenwood, Indiana.

The sanitary sewers, and the connections thereto, shall be used only for and as a sanitary sewer system. No storm water, runoff water, downspouts, footing drains (perimeter drains) or sub-soil drainage shall be connected to the sanitary sewer system. 17. AMENDMENTS AND SUPPLEMENTS. Developer hereby reserves the right, from time to time and at any time, to modify, supplement or amend these easements, covenants and restrictions, without the consent of any owner of party in interest.
