SUPPLEMENTAL DECLARATION OF
COVENANTS AND RESTRICTIONS
WATERSTONE

STONEWICK

RECORDED
HAMILTON CO. IN

92 DEC 31 AM 10:58

RECEIVED
FOR RECORD

This Supplemental Declaration, dated as of the 15th day of December, 1992, by WATERSTONE LAND COMPANY, L.P., an Indiana limited partnership,

WITNESSES THAT:

WHEREAS, the following facts are true:

A. Declarant is the sole owner of the fee simple title to the real estate located in Hamilton County, Indiana, more particularly described in Exhibit A attached hereto and incorporated herein by this reference.

B. This Declaration is a Supplemental Declaration as that term is defined in the Declaration of Covenants and Restrictions.

C. Declarant intends to subdivide the Parcel into Lots upon each of which a Residence may be constructed.

NOW, THEREFORE, Declarant hereby makes this Supplemental Declaration as follows:

1. Definitions. Words, phrases and terms that are defined in the Declaration of Covenants and Restrictions have the same meaning in this Supplemental Declaration except as herein otherwise provided. The following words, phrases and terms, as used in this Supplemental Declaration, unless the context clearly requires otherwise, mean the following:

"Declaration of Covenants and Restrictions" means the Declaration of Covenants and Restrictions of Waterstone dated as of December 15, 1992 and recorded in the Office of the Recorder of Hamilton County, Indiana as Instrument Number 9252058, as amended from time to time.

"Lot" means a numerically designated subdivided parcel of land depicted on a Plat.

"Owner" means any Person, including Declarant, who at any time owns the fee simple title to a Lot.

"Parcel" means that part of the real estate described in Exhibit A which is subject to the covenants, restrictions, easements, charges and liens imposed by the Declaration of Covenants and Restrictions.

This Instrument Recorded 12-31-92
Sharon K. Cherry, Recorder, Hamilton County, IN

"Plat" means the secondary plat of a Section within the Parcel.

"Section" means that part of the Parcel which is depicted on a Plat.

"Stonewick" means the name by which the Parcel shall be known.

"Tract" means the real estate, including the Parcel, that is subject to the covenants, restrictions, easements, charges and liens imposed by the Declaration of Covenants and Restrictions.

2. **Declaration.** Declarant hereby declares that, in addition to the covenants, restrictions, easements, charges and liens imposed by the Declaration of Covenants and Restrictions, the Parcel shall be held, transferred, sold, conveyed and occupied subject to the Declaration of Covenants and Restrictions and subject to the covenants, restrictions, easements, charges and liens hereinafter set forth.

3. **Land Use.** Lots may be used only for residential purposes as provided in the Declaration of Covenants and Restrictions. No portion of any Lot may be sold or subdivided such that there will be thereby a greater number of houses in a Section than the number of original Lots shown on a Plat of such Section.

4. **Construction of Residences.**

(a) **Lot Development Plans.** Prior to commencement of any construction on a Lot, a Lot Development Plan shall be submitted to the Architectural Review Board in accordance with the requirements of Paragraph 14 of the Declaration of Covenants and Restrictions. The Architectural Review Board may require as part of a Lot Development Plan a report of a subsurface soils investigation of the Lot made by a qualified soils engineer, which report shall include recommendations for the foundations of the proposed Residence. Each Owner shall comply with the terms and provisions of Paragraph 14 of the Declaration of Covenants and Restrictions and the requirements of the Architectural Review Board established pursuant to the authority granted by the Declaration of Covenants and Restrictions.

(b) **Size of Residence.** Except as otherwise provided herein, no residence may be constructed on any Lot unless such Residence, exclusive of open porches, attached garages and basements, shall have a ground floor area of 1,600 square feet if a one-story structure, or

1,200 square feet if a higher structure, but in the case of a building higher than one story, there must also be at least 400 square feet in addition to the ground floor area and the total floor area shall not be less than 1,800 square feet.

(c) Temporary Structures. No trailer, shack, tent, boat, basement, garage or other outbuilding may be used at any time as a dwelling, temporary or permanent, nor may any structure of a temporary character be used as a dwelling.

(d) Building Location and Finished Floor Elevation. No building may be erected between the building line shown on a Plat and the front Lot line, and no structure or part thereof may be built or erected nearer than five (5) feet to any side Lot line or nearer than twenty (20) to any rear Lot line; provided that the aggregate of side yard shall not be less than fifteen (15) feet. A minimum finished floor elevation, shown on the development plan for each Section, has been established for each Lot and no finished floor elevation with the exception of flood protected basements shall be constructed lower than said minimum without the written consent of the Architectural Review Board. Demonstration of adequate storm water drainage in conformity with both on-Lot and overall project drainage plans shall be a prime requisite for alternative finished floor elevations. Before construction commences, the finished floor elevation shall be physically checked on the Lot and certified by a licensed professional engineer or a licensed land surveyor.

(e) Driveways. All driveways shall be paved and maintained dust free.

(f) Yard Lights. If street lights are not installed in the Parcel, then each Owner or his builder shall install and maintain a light in operable condition on his Lot at a location, having a height and of a type, style and manufacture approved by the Architectural Review Board prior to the installation thereof. Each such light fixture shall also have a bulb of a maximum wattage approved by Architectural Review Board to insure uniform illumination on each Lot and shall be equipped with a photo electric cell or similar device to insure automatic illumination from dusk to dawn each day.

(g) Storage Tanks. Any gas or oil storage tanks used in connection with a Lot shall be either buried or

located in a Residence such that they are completely concealed from public view.

(h) Construction and Landscaping. All construction upon, landscaping of and other improvement to a Lot shall be completed strictly in accordance with the Lot Development Plan approved by the Architectural Review Board. All landscaping specified on the landscaping plan approved by the Architectural Review Board shall be installed on the Lot strictly in accordance with such approved plan within thirty (30) days following substantial completion of the Residence unless the Board agrees to a later landscaping completion date. Unless a delay is caused by strikes, war, court injunction or acts of God, the Owner of any Lot which on the date of purchase from Declarant is not improved with a Residence shall commence construction of a Residence upon the Lot within three (3) years from the date the Owner acquired title thereto and shall complete construction of such Residence within one (1) year after the date of commencement of the building process, but in no event later than four (4) years after the date the Owner acquired title to the Lot unless such Lot is adjacent to a Lot upon which the Owner has constructed a Residence in which such Owner permanently resides. If the Owner fails to commence or complete construction of a Residence within the time periods specified herein, or if the Owner should, without Declarant's written approval, sell, contract to sell, convey, or otherwise dispose of, or attempt to sell, convey or otherwise dispose of, the Lot before completion of construction of a Residence on the Lot, then, in any of such events, Declarant may:

(i) re-enter the lot and divest the Owner of title thereto by tendering to the Owner or to the Clerk of the Circuit Court of Hamilton County the lesser of (i) the same net dollar amount as was received by Declarant from such Owner as consideration for the conveyance by Declarant of the Lot, together with such actual costs, if any, as the Owner may prove to have been incurred in connection with the commencement of construction of a Residence on the Lot and (ii) the then fair market value of the Lot, as determined by averaging two (2) appraisals made by qualified appraisers appointed by the Judge of the Hamilton County Circuit or Superior Court;

(ii) obtain injunctive relief to force the Owner to proceed with construction of any

Residence, a Lot Development Plan for which has been approved by the Architectural Review Board upon application by such Owner; or

(iii) pursue other remedies at law or in equity as may be available to Declarant.

The failure of the Owner of a Lot to apply for approval of, or receive approval from, the Architectural Review Board of a Lot Development Plan shall not relieve such Owner from his obligation to commence and complete construction of a Residence upon the Lot within the time periods specified herein. For the purposes of this subparagraph (h), construction of a Residence will be deemed "completed" when the exterior of the Residence (including but not limited to the foundation, walls, roof, windows, entry doors, gutters, downspouts, exterior trim, paved driveway and landscaping) has been completed in conformity with the Lot Development Plan.

(i) Mailboxes. All mailboxes installed upon Lots shall be uniform and shall be of a type, color and manufacture approved by the Architectural Review Board. Such mailboxes shall be installed upon posts approved as to type, size and location by the Architectural Review Board.

(j) Septic Systems. No septic tank, absorption field or any other on-site sewage disposal system (other than a lateral main connected to a sanitary sewerage collection system operated by the City of Carmel or a successor public agency or public utility) shall be installed or maintained on any Lot.

(k) Water Systems. No private or semi-private water supply system may be located upon any Lot which is not in compliance with regulations or procedures adopted or established by the Indiana State Board of Health, or other civil authority having jurisdiction. To the extent that domestic water service is available from a water line located within 200 feet of the lot line maintained by a public or private utility company, each Owner shall connect to such water line to provide water for domestic use on the Lot and shall pay all connection, availability or other charges lawfully established with respect to connections thereto. Notwithstanding the foregoing, an Owner may establish, maintain and use an irrigation water well on his Lot as long as the well does not adversely affect the normal pool level of any Lake.

9252059

(1) Drainage. In the event storm water drainage from any Lot or Lots flows across another Lot, provision shall be made by the Owner of such Lot to permit such drainage to continue, without restriction or reduction, across the downstream Lot and into the natural drainage channel or course, although no specific drainage easement for such flow of water is provided on the Plat. To the extent not maintained by the Drainage Board, "Drainage Easements" reserved as drainage swales shall be maintained by the Owner of the Lot upon which such easements are located such that water from any adjacent Lot shall have adequate drainage along such swale. Lots within the Parcel may be included in a legal drain established by the Drainage Board. In such event, each Lot in the Parcel will be subject to assessment by the Drainage Board for the costs of maintenance of the portion of the Drainage System and/or the Lakes included in such legal drain, which assessment will be a lien against the Lot. The elevation of a Lot shall not be changed so as to affect materially the surface elevation or grade of surrounding Lots. Perimeter foundation drains, sump pump drains and downspouts shall not be outletted into streets or street rights-of-way. These drains shall be connected whenever feasible into a subsurface drainage tile. Each Owner shall maintain the subsurface drains and tiles located on his Lot and shall be liable for the cost of all repairs thereto or replacements thereof.

5. Maintenance of Lots.

(a) Vehicle Parking. No camper, motor home, truck, trailer, boat or disabled vehicle may be parked or stored overnight or longer on any Lot in open public view.

(b) Signs. Except for such signs as Declarant may in its absolute discretion display in connection with the development of Waterstone or the Parcel and the sale of Lots therein and such signs as may be located on the Community Area, no sign of any kind shall be displayed to the public view on any Lot except that one sign of not more than four (4) square feet may be displayed at any time for the purpose of advertising the property for sale or for rent, or may be displayed by a builder to advertise the property during construction and sale.

(c) Fencing. No fence, wall, hedge or shrub planting higher than eighteen (18) inches shall be permitted between the front property line and the front building set-back line except where such planting is located on a Landscape Easement or is part of Residence landscaping and the prime root thereof is within four (4)

feet of the Residence. Trees shall not be deemed "shrubs" unless planted in such a manner as to constitute a "hedge". No chain link fence shall be erected upon a Lot. No fence shall be erected or maintained on or within any Landscape Easement except such as may be installed by Declarant and subsequently replaced by the Corporation in such manner as to preserve the uniformity of such fence. In no event may any fence be erected or maintained on any Lot without the prior approval of the Architectural Review Board, which may establish design standards for fences and further restrictions with respect to fencing, including limitations on (or prohibition of) the installation of fences in the rear yard of a Lot and along the bank of any Lake. All fences shall be kept in good repair. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the street shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting points 25 feet from the intersection of said street lines, or in the case of a street line with the edge of a driveway pavement or alley line. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

(d) Vegetation. An Owner shall not permit the growth of weeds and volunteer trees and bushes on his Lot, and shall keep his Lot reasonably clear from such unsightly growth at all times. If an Owner fails to comply with this Restriction, the Board of Directors shall cause the weeds to be cut and the Lot cleared of such growth at the expense of the Owner thereof and the Corporation shall have a lien against the cleared Lot for the expense thereof.

(e) Nuisances. No noxious or offensive activity shall be carried on upon any Lot nor shall anything be done thereon which may be, or may become, an annoyance or nuisance to the neighborhood. Barking dogs shall constitute a nuisance.

(f) Garbage and Refuse Disposal. No Lot shall be used or maintained as a dumping ground for trash. Rubbish, garbage or other waste shall be kept in sanitary containers out of public view. All equipment for storage or disposal of such materials shall be kept clean and sanitary.

9252059

(g) Livestock and Poultry. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred or maintained for any commercial purpose. The owners of such permitted pets shall confine them to their respective lots such that they will not be a nuisance. Owners of dogs shall so control or confine them so as to avoid barking which will annoy or disturb adjoining Owners.

(h) Outside Burning. No trash, leaves, or other materials shall be burned upon a Lot if smoke therefrom would blow upon any other Lot and, then, only in acceptable incinerators and in compliance with all applicable legal requirements.

(i) Antennas and Receivers. No satellite receiver, down-link or exterior antenna shall be permitted on any Lot without the prior written consent of the Architectural Review Board. Unless consent thereto is granted by a majority of the Owners, the Architectural Review Board shall not give its consent to the installation of any exterior television antenna if television reception is available from underground cable connections serving the Lot, nor shall it give its consent to the installation of any other exterior antenna unless all Owners of Lots within 200 feet of the Lot upon which the proposed antenna would be erected consent in writing to the installation thereof. No satellite receiver or down-link approved by the Architectural Review Board shall be located on a Lot in such a manner as to be visible at ground level from a public way or from any other Lot.

(j) Exterior Lights. Except for Path Lights, no exterior lights shall be erected or maintained between the building line and rear lot line so as to shine or reflect directly upon another Lot.

(k) Electric Bug Killers. Electric bug killers, "zappers" and other similar devices shall not be installed at a location or locations which will result in the operation thereof becoming a nuisance or annoyance to other Owners and shall only be operated when outside activities require the use thereof and not continuously.

6. General Community Rules. Each Lot shall be subject to the guidelines, rules, regulations and procedures adopted by the Architectural Review Board pursuant to Paragraph 16(a)(iii) of the Declaration of Covenants and Restrictions, and each Owner of a Lot shall at all times comply therewith.

9252059

7. Assessments. The Board of Directors may make Assessments to cover any costs incurred in enforcing these covenants or in undertaking any maintenance or other activity that is the responsibility of the Owner of a Lot hereunder but which such Owner has not undertaken as required hereunder. Any such Assessment shall be assessed only against those Owners whose failure to comply with the requirements of these covenants necessitated the action to enforce these covenants or the undertaking of the maintenance or other activity.

8. Enforcement. The right to enforce each of the foregoing Restrictions by injunction, together with the right to cause the removal by due process of law of structures erected or maintained in violation thereof, is reserved to Declarant, the Corporation, the Architectural Review Board, the Owners of the Lots in the Parcel, their heirs and assigns, and to the Zoning Authority, their successors and assigns, who are entitled to such relief without being required to show any damage of any kind to Declarant, the Corporation, the Architectural Review Board, any Owner or Owners, or such Zoning Authority by or through any such violation or attempted violation. Under no circumstances shall Declarant, the Corporation or the Architectural Review Board be liable for damages of any kind to any Person for failure to abide by, enforce or carry out any provision or provisions of this Supplemental Declaration. There shall be no rights of reversion or forfeiture of title resulting from any violations.

9. Severability. Invalidation of any of these covenants and restrictions or any part thereof by judgment or court order shall not affect or render the remainder of said covenants and restrictions invalid or inoperative.

10. Non-Liability of Declarant. Declarant shall have no duties, obligations or liabilities hereunder except such as are expressly assumed by Declarant, and no duty of, or warranty by, Declarant shall be implied by or inferred from any term or provision of this Supplemental Declaration.

11. General Provisions. This Supplemental Declaration may be amended at any time in the manner provided in Paragraph 23 of the Declaration of Covenants and Restrictions except that no amendment adopted pursuant to Paragraph 23(a) of the Declaration of Covenants and Restrictions shall be effective as against a Mortgagee who subsequently acquires title to a Lot unless approved by at least two-thirds (2/3) of the Mortgagees who hold first mortgages on the Lots in the Parcel (based on one vote for each first mortgage owned) or at least two-thirds (2/3) of the Owners of the Lots in the Parcel (excluding Declarant).

Except as the same may be amended from time to time, the foregoing restrictions will be in full force and effect until

EXHIBIT A

Land Description - Stonewick

Part of the Southwest Quarter of Section 33, Township 18 North, Range 4 East in Hamilton County, Indiana, being more particularly described as follows:

Beginning at the Southeast Corner of said Southwest Quarter Section; thence North 00 degrees 26 minutes 39 seconds West (assumed bearing) along the east line of said southwest quarter section a distance of 2233.13 feet; thence South 68 degrees 12 minutes 19 seconds West a distance of 18.43 feet to a point on a curve having a radius of 175.00 feet, the radius point of which bears South 83 degrees 46 minutes 32 seconds West; thence northerly along said curve an arc distance of 17.64 feet to a point which bears North 78 degrees 00 minutes 00 seconds East from said radius point; thence North 12 degrees 00 minutes 00 seconds West a distance of 105.57 feet; thence South 90 degrees 00 minutes 00 seconds West a distance of 809.26 feet; thence South 00 degrees 00 minutes 00 seconds East a distance of 244.83 feet; thence South 77 degrees 31 minutes 41 seconds West a distance of 283.58 feet; thence South 20 degrees 00 minutes 00 seconds West a distance of 1246.54 feet; thence South 88 degrees 00 minutes 00 seconds West a distance of 126.86 feet; thence South 66 degrees 00 minutes 00 seconds West a distance of 134.78 feet; thence South 00 degrees 00 minutes 00 seconds East a distance of 370.76 feet; thence South 70 degrees 00 minutes 00 seconds East a distance of 774.63 feet; thence South 00 degrees 00 minutes 00 seconds East a distance of 200.00 feet to the south line of said quarter section; thence North 89 degrees 32 minutes 05 seconds East along said south line a distance of 1015.59 feet to the Point of Beginning. Containing 69.792 acres, more or less.
