Plat Covenants and Restrictions
Crooked Creek Villages West, Section 7
The undersigned, L.D.G., Inc., an Indiana Corporation and Star Development Corporation, an Indiana Corporation, G/Ba Crooked Creek Joint Venture (collectively referred to herein as the "Developer"), owner of the real estate shown and described in the Plat of this Subdivision (the "Real Estate") hereby certifies that it has laid off, platted and subdivided, and does hereby lay off, plat and subdivide said Real Estate in accordance with the Plat. This Subdivision shall be known and designated as Crooked Creek Villages West, Section 7, an addition in Marion County, Indiana, containing fl lots, consisting of Lots 220 through 290 inclusive.

NOTICE: Prior to application for an improvement location permit from the appropriate governmental agency for the construction of a residence or other structure, site plans, landscaping plans and building plans shall have been approved in writing by the Architectural Control Committee as defined herein. Such approval shall include, but not be limited to, building design, color and location, private drives, tree preservation, and proposed landscaping and fencing, all in accordance with the requirements of the Crooked Creek Villages Design Guidelines.

In order to provide adequate protection to all present and future owners of lots in this subdivision, the following covenants, restrictions and limitations, in addition to those set forth in the Declaration of Covenants, Conditions and Restrictions for Crooked Creek Villages which was recorded on July 19, 1979 as Instrument No. 85-001220 in the Office of the Recorder of Marion County (the "Declaration"), are hereby imposed upon and shall run with the land included in this subdivision and shall be binding upon the owners at any time owning or using any part or portion of such land and shall run with the real estate.

1. EASEMENTS. Lots are subject to the following Drainage Easements, Utility Easements, Sewer Easements, and Landscape Easements, either separately or in combination, as shown on the Plat, which easements are reserved for the use of the Declarant, the Crooked Creek Villages Homeowners Association (hereinafter referred to as the "Association"), and public or private utility companies and governmental agencies, as follows:

"Drainage Easements" are created as shown on the Plat to provide paths and courses for area and local storm drainage, either over land or in approved underground conduit, to serve the needs of the subdivision and adjoining ground and/or the public or private drainage system. Under no circumstances shall drainage easement be blocked in any manner by the construction or reconstruction of any improvement, or shall any grading restrict the water flow in any manner, without the prior approval of the Architectural Control Committee and the governmental authority having jurisdiction over drainage. Drainage easements are subject to construction or reconstruction by any extent necessary to protect drainage at any time by any governmental authority, having jurisdiction over drainage or by Declarant, its successors or assigns.

"Utility Easements" are hereby created as shown on the Plat for the use of public or private utility companies and cable television companies, not including transportation companies, for the installation of poles, pipes, mains, ducts and cable or other related utility structures, as well as for the uses specified for sewer easements. No above ground utilities may be installed without the prior written consent of the Architectural Control Committee.

"Sewer Easements" are hereby created as shown on the Plat for the use of the utility, public or private, having jurisdiction over the sanitary waste disposal system serving Crooked Creek Villages. Sewer
Basements shall only be used to construct, operate, inspect, maintain, reconstruct and repair mains, ducts, or other related utility structures of sanitary sewers that are a part of said system. Sanitary sewer mains shall not be placed under or within one foot horizontal distance of pavement, including driveways or sidewalks. Sewer basements are a part of the Utility Basements.

"P.S.B. Basements" is a one hundred (100) foot easement for an electrical power line erected and maintained by the Indianapolis Power & Light Company or its successors and assigns. "Landscape Basements" are for the use and benefit of the Developer and the Homoneers Association for planting, fertilizing, cutting or trimming, and otherwise maintaining trees, shrubs, flowers, grass, walls, fences, sounds and other landscaping, including the installation, use and maintenance of a water sprinkling system, at the sole discretion of the Developer prior to the sale of the last lot in Crowned Creek Villages and thereafter at the sole discretion of the Homeowners Association.

The delineation of the Drainage Basements and Utility Basements areas on this plat shall not be deemed a limitation on the rights of any entity for whose uses any such easement is created and reserved to go on any lot subject to such easement respectively to the extent reasonably necessary for the exercise of the rights granted to it by this paragraph.

No permanent structures shall be erected or maintained upon Landscape, Drainage, Utility, sewer or P.S.B. Basements by any Owner or any other person or entity without the prior approval of the Architectural Control Committee.

The Developer and/or Builder(s) approved by the Developer shall retain the right to display marketing and promotional signs within this subdivision until the sale of the last lot in the Crowned Creek Villages Community (including Sections not yet platted) owned by either the Developer or the Builder(s).

The owners of lots in this subdivision shall take and hold title to their lot subject to all of the foregoing Easements, to the rights of the public utility companies, governmental agencies, the Developer, the Association and others herein (which rights also include the right of ingress and egress in, along, across and through said Basements), to the jurisdiction of the proper authorities, and to the covenants herein granted and reserved.

2. DRAINAGE PLAN. It shall be the responsibility of the owner of any Lot to comply at all times with the provisions of the drainage plan as approved for this plat by the Department of Public Works of the City of Indianapolis and the requirements of all drainage permits for this plat issued by said Department.

It shall be the duty of every Lot Owner in the Subdivision, on which any part of an open drainage ditch or swale is situated, to keep such portion thereof as may be situated upon his lot continuously unobstructed and in good repair so that the surface water drainage will be unimpaired.

Sump pumps, gravity drains and other drains serving individual residences on lots shall not outfall or empty onto grass areas between lots, but only into major drainage ditches or storm structures included in the overall drainage system for the subdivision.

3. DEDICATION OF EASEMENTS. The rights-of-way of the streets as shown on this plat, if not heretofore dedicated to the public, are hereby dedicated
to the public for use as a public right-of-way.

4. LOCATION, MINIMUM LIVING AREA, AND DENSITY OF RESIDENCES. The
Real estate, and all construction thereon and all use thereof, will conform to the
D-5 classification of the Dwelling District Zoning Ordinance of Marion
County, Indiana [Zoning Ordinance], except for any variance in dimensional
standards granted and except as upgraded by any provision of these Plat
Covenants or the Declaration of Covenants and Restrictions. See text lines
shall meet the requirements for classification D-5 of the Zoning Ordinance, as
amended from time to time, except as otherwise depicted on the plat.

Every dwelling shall have a minimum total floor area of one thousand
three hundred (1,300) square feet, exclusive of garage, basement and open
porches. A dwelling which is greater than one story shall have a minimum of
six hundred sixty (660) square feet on the first floor, exclusive of garage,
basement and open porches, with a minimum total square footage of one thousand
three hundred (1,300) square feet.

No part of any structure (except an open porch or eave or canopy
overhanging not exceeding two feet) shall be built closer than twenty five (25)
feet from any existing right-of-way line of any street or cul-de-sac. Each
lot shall maintain a minimum rear yard of twenty (20) feet, except lots 256
through 259 shall maintain a minimum rear yard of seventy (70) feet and lots
218 through 245 which shall maintain a variable drainage and utility easement,
as shown on the plat. Each lot shall maintain a minimum total side yard of
ten (10) feet, with a minimum of four (4) feet on each side of the residence.
Other exceptions to these standards and back requirements may be imposed, as
shown on the plat.

5. GARAGES. All residences are required to have an attached garage
which will accommodate two or more automobiles.

6. MAIN SURFACE DRIVEWAY. Each driveway in this subdivision shall be
of concrete or asphalt material with no additional parking permitted on a lot
other than the existing driveway.

7. LIMITATION OF VEHICLES. No inoperative or unlicensed vehicle
shall be parked or repaired anywhere within the subdivision, including on any
lot or on the driveway thereof. No camper, trailer, mobile home, boat, truck
or school bus may be parked in the subdivision, including on any lot or on the
drive way thereof, except:

a. Personal automobiles, vans and pick-up trucks (not larger than 3/4
ton) may be subject to rules and regulations to be established by
the Crooked Creek Villages Board of Directors, be parked on
a private driveway, and
b. A camper, trailer, mobile home, or boat may be stored only in an
enclosed attached garage of average residential proportions, and
the Crooked Creek Villages Board of Directors may establish rules
prohibiting or regulating parking on the public streets within the
subdivision.

8. RESIDENTIAL USE ONLY. All lots in this subdivision shall be used
solely for residential purposes, except for model homes used during the sale
and development of this subdivision. No residence shall be erected, altered,
removed or permitted to remain on any lot herein, other than one detached
single-family residence not to exceed thirty-five (35) feet in height. No business
buildings shall be erected on said lots, and no business may be conducted on
any part thereof, other than those business occupants permitted in the Dwelling
Districts Zoning Ordinance of Marion County, Indiana.
9. **TEMPORARY RESIDENCES PROHIBITED.** No tent, boat, trailer, shack, garage or outbuilding may be used at any time as a residence, temporary or permanent, and no residence may be occupied until substantial completion. No structure of a temporary character may be constructed or maintained upon any Lot, except a structure used by a builder during the construction of a residence, with the written approval of the Developer, which temporary construction structure shall be promptly removed upon completion of construction of the residence.

10. **LITTERING AND GARBAGE NATUR.** Garbage and trash shall be kept in approved containers, kept in a clean and sanitary condition, and kept in a location which is not visible from the street, except on collection day. No lot shall be used or maintained as a dumping ground for rubbish or other waste materials and trash shall be regularly removed from the Property.

11. **ARCHITECTURAL DESIGN AND ENVIRONMENTAL CONTROL.** No structure or improvement—building but not limited to residences, accessory structures, landscaping, fences, walls, mounds, ponds, pools, satellite dishes, antennas, patios and permanent structures for sports and recreation—shall be erected, placed or altered on any Lot in this Subdivision until the building plans, specifications and plot plan showing the location, materials, and appearance of the planned improvement have been submitted to and approved by the Architectural and Environmental Control Committee (Committee) regarding conformity and harmony of external design, topography, and finished ground elevations. The destruction of trees and vegetation and any other such matter as may affect the environment and ecology of this Subdivision shall also be approved in advance by the Committee.

(a) The Committee will be composed of three or more members. All members of the Committee, including replacement members, will be appointed by and will serve at the will of the Developer, until the first to occur of the following:

1. The day after the Developer transfers title to the last Lot of Crooked Creek Village West Section 7 and any other Sections of Crooked Creek Villages which may be platted, or

2. 90 days after Developer notifies the Lot owners of its intention to transfer authority for Architectural Control to the Owners,

UNTIL SUCH TIME, THE DEVELOPER SHALL HAVE COMPLETE AUTHORITY AND CONTROL OVER ARCHITECTURAL AND ENVIRONMENTAL DESIGN. The developer may elect to transfer authority over improvements to existing homes to a Committee of Homeowners, while retaining Architectural Control authority over new home construction and design. During the time that the Developer has Architectural Control, a majority of the Committee members may designate a representative to evaluate and approve specific applications, so that the Committee is not required to meet to review each application.

(b) Under no circumstances shall approval of the Architectural and Environmental Control Committee be deemed to replace any required governmental approval or permitting to constitute a representation or warranty by the Committee that the planned structure or improvement meets the requirements of any law, regulation or ordinance or meets any structural or safety requirement or standard.

(c) Within thirty days after the Developer notifies the Owners of the sale of its last Lot or of its intention to transfer authority for Architectural Control to the Owners, the Board of Directors of the Crooked Creek Villages Homeowners Association, Inc., shall appoint three or more Lot
Owners to serve on the Crooked Creek Villages Architectural and Environmental Control Committee.

(d) The Committee’s approval or disapproval of any properly submitted application shall be in writing. In the event that written approval is not received from the Committee within thirty (30) days from the date of submission of a completed application and any additional documentation requested by the Committee and the application meets the current Design Guidelines, it shall be deemed that the Committee has approved the presented plan.

(e) The Committee and/or the Board of Directors of the Homeowners Association shall have the right and authority to require the removal of any improvement which has been made without receiving the approval of the Committee, including intrusive relief, and may also recover damages, reasonable attorney fees, and costs.

(f) The Committee’s approval or, failure to object to, a requested improvement for one Lot shall not prevent it from objecting to a similar improvement for another Lot in the Subdivision. If it does, in its sole discretion, that the requested improvement would be detrimental to the Subdivision and the other Lot owners.

(g) No member of the Committee or their designated representatives, who are either appointed by the Declarant or are Homeowners within the community, will be entitled to any compensation for services performed on behalf of the Committee.

12. INTERSECTION SIDE LINE REQUIREMENTS. No fence, wall, hedge, shrub or planting which obstruct sight lines at intersections between two (2) and six (6) feet above the street, shall be placed or permitted to remain on any corner Lot within the triangular area formed by the street property lines and a line connecting points twenty-five (25) feet from the intersection of said street lines, or in the case of a rounded property corner, from the intersection of the street lines extended. The same sight line requirements shall apply to any Lot within ten (10) feet from the intersection of a street line with a Committee of a driveway pavement. No tree shall be permitted to remain within such distance of any intersection unless the foliage line is maintained at sufficient minimum or maximum height to prevent obstruction of the sight line.

13. SIGN LIMITATIONS. No sign of any kind shall be displayed to the public view on any Lot, without the specific approval of the Board, except that:

(a) Owners may display, on their Lot, one sign of not more than 48 inches in height and 48 inches in width for the purposes of advertising the property for sale or rent, and

(b) The Developer and Builders may use larger signs during the sale and development of this subdivision.

14. PERMITTED ANIMALS. No animals, livestock or poultry of any kind shall be raised, kept or kept on any Lot, except that dogs, cats or other household pets may be kept, provided they are not kept, bred or maintained for commercial purposes. Any animal or pet shall not be permitted to roam at large within the subdivision, shall be confined to the owner’s premises, and shall not be permitted to create a nuisance. In addition, the Association shall have the authority and right to establish rules and limitations upon the number of domestic animals kept or maintained on any lot and restrictions upon...
nuisances created or contributed to by any such animals.

15. ENTRANCES. No continuous or offensive activity or trade shall be permitted on any lot or elsewhere within this Subdivision nor shall anything be done which may become a nuisance, annoyance or health or safety risk to other Owners. Included within this restriction upon nuisances are excessive or conspicuous noise, odor, light or appearance.

16. RETENTION LAKES. One or more water retention areas, "Retention Lakes" or "Lakes", may appear on the Plat for this Subdivision. Such Retention Lakes shall be identified as a "Lakes" and shall be for the purpose of accepting and storing storm water and drainage from the Real Estate and its surrounding areas. Neither the Developer nor the Association shall be responsible for securing or maintaining any minimum or maximum level of water in such areas. The level of water in the Retention Lakes shall largely result from weather conditions and changes. The Retention Lakes shall be filled in the Association's name. The Association shall be obligated to maintain any such Lakes and shall control access and recreational use thereof. Basements shall exist around these Lakes(s) for ingress and egress for inspection and maintenance by the Association and by the Department of Public Works.

17. LIMITATION ON TIME TO BUILD. Any party other than the Developer who secures title to a Lot in this Subdivision agrees to complete construction of a single family residence within one (1) year from the date construction commences on said Lot. Failure to honor this requirement shall give the Developer an option to purchase said Lot and any improvements thereon for cash at an appraised price, as hereinafter described, exercisable by written notice (the "written notice") at any time after the expiration of the aforesaid one (1) year period. After the written notice is received by the Lot Owner, the Lot Owner shall not be entitled to reimbursement or credit for further improvements to the Lot.

If the Lot Owner and the Developer are unable to agree upon a price for the Lot and improvements within ten (10) days of the date of written notice from the Developer, the Lot Owner and the Developer agree to submit the question of value to an independent appraiser and be bound by such valuation as follows:

(a) An appraiser appointed by the Lot Owner and an appraiser appointed by the Developer shall select an independent, qualified appraiser, who shall determine the value of the Lot and improvements. Both parties agree to name their respective appraiser within fifteen (15) days of the date of the aforesaid written notice, and the appraiser appointed by the parties shall have five days to select the appraiser who will perform the appraisal.

(b) The appraisal shall be completed within twenty-five (25) days of the date of selection, and a copy of the appraiser's written report shall be furnished to each of the parties within fifteen (15) days thereafter. Each party shall pay one-half (1/2) of the cost of this appraiser and shall be conclusively bound by the appraiser's determination.

(c) The purchase price shall be the fair market value of the real estate and improvements as established by the appraiser. The Appraiser shall consider, in establishing fair market value, the cost to complete the house as originally approved, the reasonable and ordinary costs of sale, and interest on Developer's investment during an anticipated period for completion of the residence and time for sale.
(d) The Developer shall make payment in cash to the Lot Owner within first fifteen (15) days of the date of receipt of the approval report, in exchange for a warranty deed and a lien waiver from any contractor, subcontractor or other person who has furnished materials or performed work upon the property within the past ninety (90) days. In the event that any party fails to perform within the time permitted herein, a Judge of the Marion County Superior Court may appoint a Commissioner to act on said person's behalf and shall obtain jurisdiction to expedite the timely and equitable completion of this purchase.

18. FRONT YARD. The general contractor who is building a residence on any Lot is to put on notice of the obligation to and the front yard of each residence to the rear line of the house, to be completed on or before the transfer of title of said Lot to the first owner of such residence. Any exception as to method or timing of front yard treatment must be approved by the Developer in writing prior to closing. In the event that title passes to a homeowner without meeting the above requirements, the homeowner and general contractor will become jointly and severally responsible for meeting this requirement. In addition, a homeowner must establish a back yard, whether by seeding or by sodding, within one year of initial occupancy of the residence, and continually maintain the entire yard thereafter in an attractive appearance in conformity with the other yards in the community.

19. ATTACHMENT BUILDINGS. No above ground swimming pools shall be erected, constructed or installed on any Lot. Below ground pools, hot tubs, spas, jacuzzis or similar water recreational facilities may be installed with prior approval of the Committee. The Committee may consider lot size and available room on the lot for such facilities as one of its considerations. The Committee may impose a lending requirement for such facilities which is greater than that required by governmental entities.

Any attached garage, tool shed, storage building or any other attached building erected or used as an accessory to a residence shall be of a permanent type of construction and shall conform to the general architecture and appearance of such residence. Detached garages, tool sheds or minibarns may not be erected on any Lot. Other detached structures, including enclosures for approved swimming pools, hot tubs on spas and enclosures for pets, shall be limited (or prohibited) as determined by the Committee, and plans shall be submitted to the Committee prior to approval. The Declaration and Design Guidelines shall be followed for additional provisions relating to such structures.

20. MAINTENANCE. It shall be the duty of each owner in the subdivision to maintain the house and yard on their lot. This duty shall include keeping the landscaping and grass in good condition, attractive, and properly trimmed and to keep the lot free from weeds, brush and trash and in otherwise neat and attractive appearance. This duty shall also include the proper maintenance of the exterior of the house and any additional structures. In the event the owner of any Lot fails to do so in a manner satisfactory to the Association, the Association shall have the right (but not the obligation) through its agents and employees, to enter upon said Lot and do such work of the improvements encumbered thereby. The cost of such exterior maintenance shall be assessed, collected and enforced as provided for other assessments in the Declaration.
21. MISCELLANEOUS PROVISIONS.

b. Except as may be permitted by the Committee, window air conditioning units may not be installed on any lot.

c. No solar energy collector panels or attendant hardware or other energy conservation equipment shall be constructed or installed on any lot unless it is an integral and harmonious part of the architectural design of a structure, as determined in the sole discretion of the Committee.

d. No satellite receiving dish greater than one meter in diameter shall be erected or installed on any lot, and satellite dishes of one meter in diameter or less will require the prior approval of the Committee as to appearance, location and screening.

e. Exposed antennas shall require approval by the Architectural Control Committee. Height shall not exceed five (5) feet above roof peak.

f. No fuel storage tanks shall be permitted on the property, except during the initial construction of any home, and then only with the express written consent of the Developer.

g. Each residence shall have one mailbox, standardized in size, appearance and color, according to the Design Guidelines, and maintained in good condition at all times. The size, design and color shall be specified by the Committee and shall be purchased, installed and maintained by the Homeowner.

h. The discharge of firearms within Crooked Creek Villages, except for the protection of an individual from personal attack or injury, is prohibited. The term "firearms" includes bows and arrows, slingshots, "BB" guns, paint guns, and other firearms of all types, regardless of size. Notwithstanding anything to the contrary contained herein or in the By-laws, the Association shall not be obligated to take action to enforce this section.

22. DURATION OF COVENANTS. These covenants and restrictions shall run with the land and shall be binding upon all persons or entities from time to time having any right, title or interest in the Real Estate, or any part thereof, and on all persons or entities claiming under them, until twenty (20) years after the date of recording herein. After said 20 years, these covenants and restrictions shall be automatically extended for successive periods of ten (10) years each, unless prior to the commencement of any such extension period, by a vote of a majority of the then owners of the lots in the Subdivision, it is agreed that the covenants and restrictions shall terminate in whole or in part, provided, however, that no termination of said covenants and restrictions shall affect any assessment hereby created and reserved unless all persons entitled to the beneficial use of such assessment shall consent thereto.

An affirmative vote of seventy percent (70%) of the Lot owners may amend these covenants in Whole or in part. If Developer owns any lots in any section of Crooked Creek Villages, no amendment to these covenants may be made without Developer's approval and consent. Any such amendment or termination shall be evidenced by a written instrument, signed by the Lot owner or owners concuring therein and signed and acknowledged by the President and Secretary of the Association, which instrument shall set forth facts sufficient to indicate compliance with this paragraph and shall be recorded in the office of
the Recorder of Marion County, Indiana.

23. ENFORCEMENT. Violation or threatened violation of these covenants and restrictions shall be grounds for an action against the person or entity violating or threatening to violate any such covenants or restrictions by the Developer, any person or entity having any right, title, interest or easement in the Real Estate (or any part thereof), or any person or entity having any right, title or interest in a lot in the Subdivision and all persons or entities claiming under them. Available relief in any such action shall include recovery of damages for such violation, injunctive relief and any such violator or threatened violation, declaratory relief, and the recovery of costs and attorneys' fees incurred by any party successfully enforcing these covenants and restrictions; provided, however, that neither the Developer nor the Homeowners Association shall be liable for damages of any kind, to any person or entity, for enforcing or failing to enforce any covenants or restrictions.

24. SURVIVABILITY. Every one of the Restrictions is hereby declared to be independent of, and severable from, the rest of the Restrictions and of and from every other one or combination of the Restrictions.

25. METROPOLITAN DEVELOPMENT COMMISSION. The Metropolitan Development Commission, its successor or assigns, shall have no right, power or authority to enforce any covenants, commitments, restrictions or other limitations contained in this plat other than those covenants, commitments, restrictions or limitations that expressly run in favor of the Metropolitan Development Commission; provided further, that nothing herein shall be construed to prevent the Metropolitan Development Commission from enforcing any provisions of the Dwelling Districts Zoning Ordinance of Marion County, Indiana, as amended, or any conditions attached to approval of this plat by the Plat Committee.

26. DECLARATION. A Declaration of Covenants and Restrictions of Crooked Creek Villages and establishing the rights and obligations of the Crooked Creek Villages Homeowners Association, Inc. (Declaration) was recorded on July 10, 1993 in the office of the Recorder of Marion County, Indiana as Instrument No. 93-065134. Every Owner of a Lot in Crooked Creek Villages will automatically be and become a member of the Crooked Creek Villages Homeowners Association. Every Owner will be required to make all duly established annual and special assessments, including temporary assessments in the event that the annual assessment is not timely established. All unpaid assessments will become a lien on the Owner's Lot, which may be foreclosed pursuant to the procedures established in the Declaration. No Owner may exempt himself or herself from the obligation to pay assessments by abandoning the Lot, the common areas or otherwise. In a conflict between the covenants contained in this Plat and those of the Declaration, the covenants in the Declaration shall prevail, except as to attached garages for which these plat covenants shall prevail.

In the event that the Declaration is invalidated for any reason, every Owner nevertheless assumes a responsibility for a pro-rata portion of all common expenses, including landscaping, maintenance, taxes, insurance, legal, accounting, and management fees and reserves for replacements and contingencies as a member of the Homeowners Association, for regular annual assessments and for special assessments, and a lien shall attach upon the Lot owned by an Owner for such assessments. Pursuant to the Plat, the Owner of a Lot shall pay to the Homeowners Association, for regular annual assessments and for special assessments, and a lien shall attach upon the Lot owned by an Owner for such assessments. Pursuant to the Plat, the Owner of a Lot shall pay to the Homeowners Association, for regular annual assessments and for special assessments, and a lien shall attach upon the Lot owned by an Owner for such assessments.

In the event that the Declaration is invalidated for any reason, every Owner nevertheless assumes a responsibility for a pro-rata portion of all common expenses, including landscaping, maintenance, taxes, insurance, legal, accounting, and management fees and reserves for replacements and contingencies as a member of the Homeowners Association, for regular annual assessments and for special assessments, and a lien shall attach upon the Lot owned by an Owner for such assessments. Pursuant to the Plat, the Owner of a Lot shall pay to the Homeowners Association, for regular annual assessments and for special assessments, and a lien shall attach upon the Lot owned by an Owner for such assessments. Pursuant to the Plat, the Owner of a Lot shall pay to the Homeowners Association, for regular annual assessments and for special assessments, and a lien shall attach upon the Lot owned by an Owner for such assessments.
collection.

IN WITNESS WHEREOF, the undersigned, being duly authorized as aggregate owners of the Real Estate, have heretofore executed these Plat Covenants and Restrictions as of the ___ day of December, 1997.
