WITNESSETH THAT: 1987-107945

WHEREAS, reference is made to that certain Declaration of Covenants and Restrictions for Liberty Creek South filed in the Office of the Recorder of Marion County, Indiana (the "Liberty Creek South Declaration") in connection with which Liberty Creek South, as a homeowners association, was formed for the purpose of exercising certain functions with respect to the residential subdivision described therein (the "Liberty Creek South Subdivision"). The plat description of the real estate subject thereto, over which Liberty Creek South has jurisdiction is described on Exhibit "A" attached hereto and made a part hereof with the instrument number for the Liberty Creek South Declaration noted thereon.

WHEREAS, reference is made to that certain Declaration of Covenants and Restrictions for Liberty Creek North filed in the Office of the Recorder of Marion County, Indiana (the "Liberty Creek North Declaration") in connection with which Liberty Creek North, as a homeowners association, was formed for the purpose of exercising certain functions with respect to the residential subdivision described therein (the "Liberty Creek North Subdivision"). The plat description of the real estate subject thereto, over which Liberty Creek North has jurisdiction is described on Exhibit "B" attached hereto and made a part hereof with the instrument number for the Liberty Creek North Declaration noted thereon.

WHEREAS, reference is made to that certain Declaration of Covenants and Restrictions for Stratford Glen filed in the Office of the Recorder of Marion County, Indiana (the "Stratford Glen Declaration") in connection with which Stratford Glen, as a homeowners association, was formed for the purpose of exercising certain functions with respect to the residential subdivision described therein (the "Stratford Glen Subdivision"). The legal description of the real estate subject thereto, over which Stratford Glen has jurisdiction is described on Exhibit "C" attached hereto and made a part hereof with the instrument number for the Stratford Glen Declaration noted thereon.

WHEREAS, the Liberty Creek South Subdivision, Liberty Creek North Subdivision and Stratford Glen Subdivision (collectively, the "Subdivisions" or singly, "Subdivision") are generally located and identified as such on Exhibit "D" attached hereto and made a part hereof.

WHEREAS, the Stratford Glen Subdivision is being developed by Davis Development, L.P., an Indiana limited partnership ("Developer").

WHEREAS, certain of the above-referenced declarations and/or certain zoning commitments created by predecessors in title to the parties hereto covering the Liberty Creek South Subdivision contemplated the construction of certain amenities described therein (i.e., "no less than a clubhouse and tennis court(s)") for the separate use of such Subdivision, but which were not constructed by such predecessors in title and are not required to be constructed by Developer until such time as sixty-five percent (65%) of the five hundred forty-three (543) units to be contained in such Subdivision are completed.

WHEREAS, the declarations and/or zoning commitments covering the Liberty Creek North Subdivision and Stratford Glen Subdivision contemplate the construction of certain amenities described therein (i.e., a small clubhouse, tennis court and maintenance shed) for the separate use of such Subdivisions, the construction of which is the responsibility of Developer.

WHEREAS, in consideration of this Agreement, Developer is willing to construct more elaborate amenities comprised of a swimming pool, tennis court, clubhouse, cabana, basketball court, picnic area and volleyball court, as more particularly shown on Exhibit "F" attached hereto and made a part hereof to be located within the Stratford Glen Subdivision as well as an open baseball field with a backstop and bases and a playground area, as more particularly shown or Exhibit "F" attached hereto and made a part hereof (collectively, the "Amenities")
so that, upon completion of construction, the owners of lots within each of the three subdivisions shall have the right to jointly use the amenities in common with each other.

WHEREAS, construction of the amenities in the manner contemplated hereby is intended to satisfy and be in lieu of construction of the amenities originally contemplated in the above-referenced declarations and zoning commitments.

WHEREAS, the amenities are expected to be constructed within the locations generally designated as the "Amenity Areas" on Exhibit "C" attached hereto and made a part hereof.

WHEREAS, the parties hereto are entering into this Agreement for the purpose of creating such rights and establishing control over the maintenance and use of the amenities as well as the collection of assessments from owners of platted lots within each of the subdivisions.

NOW, THEREFORE, for and in consideration of the foregoing premises, the mutual promises herein contained, One Dollar ($1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Liberty Creek South, Liberty Creek North and Stratford Glen, the Associations, being the parties hereto, agree as follows:

1. Recitals. The foregoing recitals are incorporated herein by this reference and made a part of this Agreement.

2. Joint Use. Subject to the timely payment of dues and assessments in the manner contemplated hereunder by the Associations and construction of the amenities, the owners of platted lots within the subdivisions shall have the non-exclusive right to use and enjoy the amenities, in common with each other, subject to any reasonable and non-discriminatory rules and regulations promulgated by the Management Committee (as defined in paragraph 3 below) from time to time, and subject to the terms hereof.

3. Management Committee. There shall be, and hereby is, created and established a "Management Committee" to control and perform the functions provided for in paragraph 4 below on behalf of the respective Associations. The Management Committee shall consist of three (3) members. Each Association shall appoint and maintain one (1) person from among its officers or directors to serve as a member of the Management Committee on behalf of such Association. The Management Committee shall meet to conduct business at such regular intervals as a majority of the members thereof shall reasonably agree, consistent with good business practice. Special meetings of the Management Committee may be called at any time by any member of the Management Committee. Written notice of such a meeting shall be sent to each member of the Management Committee at his residence or usual place of business, at least ten (10) days before the date of the meeting, stating the place, day and hour of the meeting, and the purpose or purposes for which the meeting is called. Attendance at any meeting shall constitute a waiver of notice of such meeting. At any meeting of the Management Committee, each member shall be entitled to one (1) vote and a majority of the votes entitled to be cast on the business to be transacted at such meeting shall be necessary for the transaction of any business at the meeting. Minutes shall be kept of each meeting of the Management Committee recording in reasonable detail all actions taken and decisions made. Each member of the Management Committee shall be responsible for coordinating the timely remittance of funds payable hereunder by such member's Association to the chairman of the Management Committee. In turn, the chairman of the Management Committee shall be responsible for remittance of such funds to the proper persons in payment of costs incurred with respect to the amenities as provided in paragraph 4 below. Notwithstanding the foregoing, it is agreed that until Developer or any of its affiliates no longer owns any lots within the Stratford Glen subdivision, a representative designated by Developer shall serve as chairman of the Management Committee. On or before the time that Developer no longer owns any platted lots within the Stratford Glen Subdivision, Developer on behalf of Stratford Glen shall by notice to the parties call a meeting of the Management Committee to elect the first chairman of the Management Committee to succeed the chairman designated by Developer in the manner contemplated herein. At such meeting, the members of the Management Committee shall appoint one of its members to serve as chairman of the Management Committee for the first following year, a different member to serve as chairman for the second following year and the remaining member to serve as chairman for the third following year. Thereafter, the members shall serve as chairman of the Management Committee on a rotating basis to serve for annual periods with each member serving as chairman every third year.
6. **Responsibilities and Powers of Associations.** Upon completion of construction of the Amenities, the Management Committee shall be responsible for the Amenities, including, but not limited to: (i) maintenance and operation of the Amenities as the Management Committee shall deem necessary or appropriate, (ii) procuring and maintaining appropriate insurance coverage as the Management Committee shall deem necessary or appropriate, (iii) payment of taxes assessed against and payable with respect to the Amenities, (iv) assessment and collection of dues from the parties hereto to fund the expenses incurred to maintain and operate the Amenities, (v) performing or contracting for the provision of services for the maintenance and operation of the Amenities or other services as the Management Committee shall deem necessary or advisable, (vi) promulgating and enforcing such non-discriminatory rules and regulations concerning the use of the Amenities as the Management Committee shall deem necessary or advisable.

5. **Cost Sharing.**

(a) All costs incurred with respect to the Amenities, including, without limitation, costs relating to the maintenance, operation and improvement thereof, but excluding costs of the initial construction of the Amenities, shall be shared and paid twenty-nine percent (29%) by Liberty Creek South, twenty-one percent (21%) by Liberty Creek North, and fifty percent (50%) by Stratford Glen. Each Association shall be liable for its respective share of costs referred to herein and thus responsible for assessing and collecting dues from the lot owners within their respective Association's Subdivision pursuant to the terms of their respective declarations and organizational documents to enable such Association to pay its respective share of such costs. Such costs shall be payable by each Association at least quarterly, unless the Management Committee unanimously agrees to a different payment schedule. If an Association shall default hereunder, no owner of a lot within such Association's Subdivision shall have the right to use the Amenities.

(b) Each Association (the "Assigning Association") hereby collaterally assigns to each of the other Associations (the "Assignee Associations") all of the Assigning Association's right (but not obligation) to collect dues from the lot owners within the Assigning Association's Subdivision pursuant to the terms of their respective declarations and organizational documents to the extent necessary to secure the Assigning Association's obligation to pay the Assigning Association's respective share of the costs referred to herein, including, but not limited to, the right to exercise the Assigning Association's lien rights hereunder as if the Assignee Association were an original grantee thereof; provided, however, that: (i) the Assignee Association shall not exercise any such rights until a default by the Assigning Association occurs hereunder, and (ii) such collateral assignment is subject to and nothing contained herein shall impair or diminish the existing rights of any mortgagee pursuant to the terms of the respective declarations referred to herein.

6. **Contracts.** All authorized contracts let for the incurrence of costs with respect to the Amenities as contemplated hereby shall have the effect of binding each of the Associations as if they had each executed such contract in their joint names. All contracts shall be authorized by the Management Committee and shall be executed by each member of the Management Committee so authorized, in a representative capacity on behalf of such member's Association, and when so executed, shall be deemed executed jointly for and on behalf of the Associations.

7. **Miscellaneous.** The undersigned persons executing this Agreement on behalf of the respective Associations represent and certify that they are duly elected officers of such Association and have been fully empowered, by proper resolution, to execute and deliver this Agreement, that the respective party has full corporate capacity and that all necessary corporate or other action for the execution and delivery of this Agreement has been taken and done. Upon reasonable request by a party hereunder, the other party shall make, execute and deliver to the requesting party any and all such other and further agreements, instruments of further assurance, certificates and other documents as may, in the reasonable opinion of the requesting party, be necessary or desirable in order to effectuate, complete or perfect, or to continue and preserve the rights and obligations contemplated hereunder. The Associations and members of the Management Committee shall each act in good faith in connection with the subject matter hereof and no consent, approval or action required hereunder shall be unreasonably delayed, denied or withheld. This Agreement sets forth all, and is intended by all parties to be an integration of all, of the representations, promises, agreements and understandings among the parties hereto with respect to the subject matter hereof, including, without limitation, any and all zoning commitments, declarations and other instruments, with respect to the subject matter hereof, and this Agreement supersedes and replaces the original Joint Use and Maintenance Agreement, dated as of June 1, 1992. 27. **AMENDMENT.** These covenants and restrictions may be
amended at any time by the then owners of at least sixty-seven
percent (67%) of the Lots or Residence Units in all Subdivisions
which are now or hereafter made subject to and annexed to the
Declaration; provided, however, that until all of the Lots in
such Subdivisions have been sold by Developer, any such amendment
shall require the prior written approval of Developer. Each such
amendment shall be evidenced by a written instrument, signed by
the Lot owners concurring therein, which instrument shall set
forth facts sufficient to indicate compliance with this paragraph
and shall be recorded in the office of the Recorder of Marion
County, Indiana. No amendment which adversely affects the rights
of a public utility shall be effective with respect to such
public utility without its written consent thereto. No amendment
which is contrary to a zoning commitment shall be effective
without the written approval of the affected adjacent homeowners
associations designated by the Department of Metropolitan Devel-
opment.

28. **TERM.** The foregoing plat covenants and restrictions,
as the same may be amended from time to time, shall run with the
land and shall be binding upon all persons or entities from time
to time having any right, title or interest in the Real Estate
and on all persons or entities claiming under them, until
December 31, 2005, and thereafter they shall continue automatically in effect unless terminated by a vote of a majority of the then owners of the Lots in the Subdivision; provided, however, that no termination of said these covenants and restrictions shall affect any easement hereby created and reserved unless all persons entitled to the beneficial use of such easement shall have consented thereto in writing.

29. SEVERABILITY. Invalidation of any of the foregoing covenants or restrictions by judgment or court order shall in no way affect any of the other covenants and restrictions, which shall remain in full force and effect.

The undersigned, DAVIS DEVELOPMENT, L.P., an Indiana limited partnership and successor in interest to Davis Land Developers, Inc. (the "Developer"), is the owner of the real estate more specifically described in Exhibit "A" attached hereto (the "Real Estate"). The Developer is concurrently platting and subdividing the Real Estate as shown on the plat for Liberty Creek North, section 5A, which is filed as record February 4, 1992 in the office of the Recorder of Marion County, Indiana (the "Plat") and desires in the Plat to subject the Real Estate to the provisions of these Plat Covenants and Restrictions. The subdivision created by the Plat (the "Subdivision") is to be known and designated as "Liberty Creek North, Section 5A". In addition to the covenants and restrictions hereinafter set forth, the Real Estate is also subject to those covenants and restrictions contained in the Declaration of Covenants, Conditions and Restrictions of Liberty Creek North & Stratford Glen, dated September 12, 1991 and recorded on September 26, 1991 as Instrument No. 91-90410, in the office of the Recorder of Marion County, Indiana, as the same may be amended or supplemented from time to time as therein provided (the "Declaration").

In order to provide adequate protection to all present and future owners of Lots or Residence Units in the Subdivision, the following covenants and restrictions, in addition to those set forth in the Declaration, are hereby imposed upon the Real Estate:

1. PUBLIC RIGHT OF WAY. The rights-of-way of the streets as shown on the Plat, if not heretofore dedicated to the public, are hereby dedicated to the public for use as a public right-of-way.

2. COMMON AREAS. Developer hereby declares, creates and grants a non-exclusive easement in favor of each owner for the use and enjoyment of any areas of ground on the Plat marked "common" subject to the conditions and restrictions contained in the Declaration.
3. **UTILITY, DRAINAGE AND SEWER EASEMENTS.** There are areas of ground on the Plat marked "Utility Easements, Drainage Easements and Sewer Easements," either separately or in combination. The Utility Easements are hereby created and reserved for the use of all public utility companies (not including transportation companies), governmental agencies and the Association for access to and installation, maintenance, repair or removal of poles, mains, ducts, drains, lines, wires, cables and other equipment and facilities for the furnishing of utility services, including cable television services. The Drainage Easements are hereby created and reserved for (i) the use of Developer during the "Development Period" (as such term is defined in the Declaration) for access to and installation, repair or removal of a drainage system, either by surface drainage or appropriate underground installations, for the Real Estate and adjoining property and (ii) the use of the Association and the Department of Public Works of the City of Indianapolis for access to and maintenance, repair and replacement of such drainage system. The owner of any Lot in the Subdivision subject to a Drainage Easement, including any builder, shall be required to keep the portion of said Drainage Easement on his Lot free from obstructions so that the storm water drainage will be unimpeded and will not be changed or altered without a permit from the Department of Public Works and prior written approval of the Developer. The Sewer Easements are hereby created and reserved for the use of the Department of Public Works and, during the Development Period, for the use of Developer for access to and installation, repair, removal, replacement or maintenance of an underground storm and sanitary sewer system. The dedication of the Utility, Drainage and Sewer Easement areas on the Plat shall not be deemed a limitation on the rights of any entity for whose use any such easement is created and reserved to go on any Lot subject to such easement temporarily to the extent reasonably necessary for the exercise of the rights granted to it by this Paragraph 3. Except as installed by Developer or installed as provided above, no structures or improvements, including without limitation decks, patios, fences, walkways or landscaping, shall be erected or maintained upon said easements.

4. **LANDSCAPE EASEMENTS.** There are areas of ground on the plat marked "Landscape Easements" which are hereby created and reserved: (i) for the use of the Developer during the Development Period for access to and the installation, maintenance and replacement of foliage, landscaping, and other improvements and (ii) for the use of the Association for access to and the installation, maintenance and replacement of foliage, landscaping, and other improvements. Except as installed by Developer or installed and maintained by the Association or with the prior written consent of the Architectural Review Committee, no structure, fences or improvements, shall be maintained in or upon said Landscape Easements.
5. BUILDING LOCATION - FRONT, BACK AND SIDE YARD REQUIREMENTS: Certain building setback lines are established on the Plat. No building shall be erected or maintained between said setback lines and the front, rear or side lot line (as the case may be) of a lot. The setback lines may vary in depth in excess of the minimum as designated on the Plat. The minimum front yard set back shall be twenty-five (25) feet, except that in cul-de-sac areas the minimum shall be twenty (20) feet. The minimum rear yard setback shall be twenty (20) feet. The minimum side yard set back shall be six and one-half (6 1/2) feet, provided that, with prior written consent of the developer in each case, the side yard set back may be reduced to not less than five (5) feet so long as the aggregate side yard between adjacent buildings is in no event less than thirteen (13) feet.

6. RESIDENTIAL UNIT SIZE AND OTHER REQUIREMENTS: No residence constructed on a lot shall have less than one thousand (1000) square feet of total floor area, exclusive of garages, carports and open porches. The minimum main (first floor) living area of any building higher than one story shall be six hundred sixty (660) square feet. Each residence unit shall include an attached two-car (or larger) enclosed garage. The maximum height of any residential dwelling constructed on a lot shall be thirty-five (35) feet. The maximum height of any residential accessory building shall be twenty-five (25) feet.

7. RESIDENTIAL UNIT USE: All lots in the Subdivision shall be used solely for residential purposes. No business building shall be erected on any lot, and no business may be conducted on any part thereof. No building shall be erected, placed or permitted to remain on any lot other than one detached single-family residence not to exceed two stories in height and permanently attached residential accessory buildings. Any garage, tool shed, storage building or any other attached building erected or used as an accessory building to a residence shall be of a permanent type of construction and shall conform to the general architecture and appearance of such residence.

8. ACCESSORY AND TEMPORARY BUILDINGS: No trailers, sheds, outhouses or detached or unenclosed storage sheds, tool sheds or accessory buildings of any kind shall be erected or situated on any lot in the Subdivision, except that used by the developer or by a builder during the construction of a residential building on the property, which temporary construction structures shall be removed upon completion of construction of the Subdivision or building, as the case may be.

9. TEMPORARY RESIDENCE: No trailer, camper, motor home, truck, shack, tent, boat, recreational vehicle, basement, garage or outbuilding may be used at any time as a residence, temporary or permanent, nor any any structure of a temporary character be used as a residence.

-3-
10. **SUANCES.** No domestic animals raised for commercial purposes and no farm animals or fowl shall be kept or permitted on any lot. No noisy, unlawful or otherwise offensive activity shall be carried out on any lot, nor shall anything be done therein which may be or may become a serious annoyance or nuisance to the neighborhood.

11. **VEHICLE PARKING.** No camper, motor home, truck, trailer, boat, snowmobile or other recreational vehicle of any kind may be stored on any lot in open public view. No vehicles of any kind may be put up on blocks or jacks to accommodate car repair on a lot unless such repairs are done in the garage. Disabled vehicles shall not be allowed to remain in open public view.

12. **SIGNS.** No sign of any kind shall be displayed to the public view on any lot, except that one sign of not more than six (6) square feet may be displayed at any time for the purposes of advertising a property for sale, and except that Developer and its affiliates and designees, including the builders, may use larger signs during the sale and development of the Subdivision.

13. **MAILBOXES.** All mailboxes and replacement mailboxes shall be uniform and shall conform to the standards set forth by the Architectural Review Committee.

14. **GARBAGE AND REFUSE DISPOSAL.** Trash and refuse disposal will be on an individual basis, lot by lot. The community shall not contain dumpsters or other forms of general or common trash accumulation except to facilitate development and house construction. No lot shall be used or maintained as a dumping ground for trash. Rubbish, garbage and other waste shall be kept in sanitary containers. All equipment for storage or disposal of such materials shall be kept clean and shall not be stored on any lot in open public view. No rubbish, garbage or other waste shall be allowed to accumulate on any lot. No homeowner or occupant of a lot shall burn or bury any garbage or refuse.

15. **STORAGE TANKS.** No gas, oil or other storage tanks shall be installed on any lot.

16. **WATER SUPPLY AND SEWAGE SYSTEMS.** No private or semi-private water supply or sewage disposal system may be located upon any lot. No septic tank, absorption field or similar method of sewage disposal shall be located or constructed on any lot.

17. **DITCHES AND SWALES.** All owners, including builders, shall keep unobstructed and in good maintenance and repair all open storm water drainage ditches and swales which may be located on their respective lots.

18. **DRIVEWAYS.** Each driveway in the Subdivision shall be of concrete or asphalt material.
19. ANTENNA AND SATELLITE DISHES. No outside antennas, poles, masts, towers or satellite dishes shall be permitted in the Subdivision.

20. AWNINGS. No metal, fiberglass, canvas or similar type material awnings or patio covers shall be permitted in the Subdivision, except that a builder may utilize a canvas or similar type material awning on its model home sales center in the Subdivision.

21. FENCING. No fence shall be erected on or along any lot line, nor on any lot, the purpose or result of which will be to obstruct, impair, or impede sight lines for traffic, light or air. All fences shall be kept in good repair and erected so as to enclose the property and decorate the same without unreasonable hindrance or obstruction to any other property. Any fencing permitted to be used in the Subdivision must be wooden or black vinyl coated chain link and shall not be higher than six (6) feet. Uncoated chain link fencing is prohibited. No fencing shall extend forward of the furthest back front corner of the residence. All fencing style, color, location and height shall be generally consistent within the Subdivision and shall be subject to prior written approval of the Architectural Review Committee.

22. SWIMMING POOLS. No above-ground swimming pools shall be permitted in the Subdivision.

23. SOLAR PANELS. No solar heat panels shall be permitted on roofs of any structures in the Subdivision. All such panels shall be enclosed within fenced areas and shall be concealed from the view of neighboring lots, common areas and the streets.

24. OUTSIDE LIGHTING. Except as otherwise approved by the Developer in connection with a builder's model home sales center, all outside lighting contained in or with respect to the Subdivision shall be of an ornamental nature compatible with the architecture of the project and shall provide for projection of light so as not to create a glare, distraction or nuisance to other property owners in the vicinity of or adjacent to the project.

25. SIZE OBSTRUCTIONS. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and nine (9) feet above the street shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting points twenty-five (25) feet from the intersection of said street lines, or in the case of a rounded property corner, from the intersection of the street lines extended. The same sight-line limitations shall apply to any lot within ten (10) feet from the intersection of a street line with the edge of a driveway pavement or alley line. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at a sufficient height to prevent obstruction of such sight lines.
26. VIOLATION. Violation or threatened violation of these covenants and restrictions shall be grounds for an action by the Developer, the Association or any person or entity having any right, title or interest in the Real Estate, and all persons or entities claiming under them, against any person or entity violating or threatening to violate any such covenants or restrictions. Available relief in any such action shall include recovery of damages for such violation, injunctive relief against any such violation or threatened violation, declaratory relief and the recovery of costs and attorney's reasonable fees incurred by any party successfully enforcing these covenants and restrictions; provided, however, that neither the Developer nor the Association shall be liable for damages of any kind to any person for failing to enforce such covenants or restrictions.

27. METROPOLITAN DEVELOPMENT COMMISSION. The Metropolitan Development Commission, its successors and assigns shall have no right, power or authority to enforce any covenants, restrictions or other limitations contained herein other than those covenants, restrictions or limitations that expressly run in favor of the Metropolitan Development Commission; provided that nothing herein shall be construed to prevent the Metropolitan Development Commission from enforcing any provisions of the Subdivision Control Ordinance, 56-40-3, as amended, or any conditions attached to approval of the Plat by the Plat Committee.

28. AMENDMENT. These covenants and restrictions may be amended at any time by the then owners of at least sixty-seven percent (67%) of the Lots in all Subdivisions which are now or hereafter made subject to and annexed to the Declaration; provided, however, that until all of the Lots in such Subdivisions have been sold by Developer, any such amendment shall require the prior written approval of Developer. Such such amendment shall be evidenced by an instrument, signed by the Owner or Owners concerning therein, which instrument shall set forth facts sufficient to indicate compliance with this paragraph and shall be recorded in the office of the Recorder of Marion County, Indiana. No amendment which adversely affects the rights of a public utility shall be effective without the written consent of the affected utility. No amendment which is contrary to a zoning commitment shall be effective without the written approval of the affected adjacent homeowners' associations designated by the Department of Metropolitan Development.

29. TERM. The foregoing plat covenants and restrictions, as the same may be amended from time to time, shall run with the land and shall be binding upon all persons or entities from time to time having any right, title or interest in the Real Estate and on all persons or entities claiming under them, until December 31, 2050, and thereafter they shall continue automatically in effect unless terminated by a vote of a majority
of the then Owners of the Lots in the Subdivision; provided, however, that no termination of said these covenants and restrictions shall affect any easement hereby created and reserved unless all persons entitled to the beneficial use of such easement shall have consented thereto in writing.

30. SEVERABILITY. Invalidation of any of the foregoing covenants or restrictions by judgment or court order shall in no way affect any of the other covenants and restrictions, which shall remain in full force and effect.

IN WITNESS WHEREOF, the undersigned Developer, as the owner of the Real Estate, has hereto cause its name to be subscribed this 21st day of January, 1992.

The subdivision created by the Plat (the "Subdivision") is to be known and designated as "Liberty Creek North". In addition to the covenants and restrictions hereinafter set forth, the Real Estate is also subject to those covenants and restrictions contained in the Declaration of Covenants, Conditions and Restrictions of Liberty Creek North & Stratford Glen, dated September 26, 1991 and recorded on September 26, 1991 as Instrument No. 91-794110 in the office of the Recorder of Marion County, Indiana, as the same may be amended or supplemented from time to time as therein provided (the "Declaration"), and to the rights, powers, duties and obligations of the Liberty Creek North and Stratford Glen Community Association, Inc. (the "Association"), set forth in the Declaration. If there is any irreconcilable conflict between any of the covenants and restrictions contained herein and any of the covenants and restrictions contained in the Declaration, the covenants and restrictions contained in the Declaration shall govern and control, but only to the extent of the irreconcilable conflict, it being the intent hereof that all covenants and restrictions contained herein shall be applicable to the Real Estate to the fullest extent possible. Capitalized terms used herein shall have the same meaning as given in the Declaration.

In order to provide adequate protection to all present and future Owners of Lots or Residence Units in the Subdivision, the following covenants and restrictions, in addition to those set forth in the Declaration, are hereby imposed upon the Real Estate:

The owner of any Lot in the Subdivision subject to a Drainage Basement, including any builder, shall be required to keep the portion of said Drainage Basement on his Lot free from obstructions so that the storm water drainage will be unimpeded and will not be changed or altered without a permit from the Department of Public Works and prior written approval of the Developer. The Sewer Easements are hereby created and reserved for the use of the Department of Public Works and, during the Development Period, for the use of Developer for access to and installation, repair, removal replacement or maintenance of an underground storm and sanitary sewer system. The delineation of the Utility, Drainage and Sewer Basement areas on the Plat shall not be deemed a limitation on the rights of any entity for whose use any such easement is created and reserved to go on any Lot subject to such easement temporarily to the extent reasonably necessary for the exercise of the rights granted to it by this Paragraph 3, except as installed by Developer or installed as provided above, no structures or improvements, including without limitation decks, patios, fences, sidewalks or landscaping, shall be erected or maintained upon said easements.

4. **LANDSCAPE EASEMENTS.** There are areas of ground on the Plat marked "Landscape Basements" which are hereby created and reserved: (i) for the use of the Developer during the Development Period for access to and the installation, maintenance and replacement of foliage, landscaping, screening materials and other improvements and (ii) for the use of the Association for access to and the installation, maintenance and replacement of foliage, landscaping, screening materials and other improvements. No building shall be erected, placed or permitted to remain on any lot other than one detached single-family residence not to exceed two stories in height and permanently attached residential accessory buildings. Any garage, tool shed, storage building or any other attached building erected or used as an accessory building to a residence shall be of a permanent type of construction and shall conform to the general architecture and appearance of such residence.

8. ACCESSORY AND TEMPORARY BUILDINGS. No trailers, shacks, outhouses or detached or unenclosed storage sheds, tool sheds or accessory buildings of any kind shall be erected or situated on any lot in the Subdivision, except that used by the Developer or by a builder during the construction of a residential building on the property, which temporary construction structures shall be removed upon completion of construction of the Subdivision or building, as the case may be.

9. TEMPORARY RESIDENCE. No trailer, camper, motor home, truck, shack, tent, tent, recreational vehicle, basement, garage or outbuilding may be used at any time as a residence, temporary or permanent; nor may any structure of a temporary character be used as a residence.

12. SIGNS. No sign of any kind shall be displayed to the public view on any Lot, except that one sign of not more than six (6) square feet may be displayed at any time for the purpose of advertising a property for sale, and except that developer and its affiliates and designees, including the builders, may use larger signs during the sale and development of the Subdivision.

13. MAILBOXES. All mailboxes and replacement mailboxes shall be uniform and shall conform to the standards set forth by the Architectural Review Committee.

14. GARBAGE AND REFUSE DISPOSAL. Trash and refuse disposal will be on an individual basis, lot by lot. The community shall not contain dumpsters or other forms of general or common trash accumulation except to facilitate development and house construction. No Lot shall be used or maintained as a dumping ground for trash. Rubbish, garbage and other waste shall be kept in sanitary containers. All equipment for storage or disposal of such materials shall be kept clean and shall not be stored on any Lot in open public view. No rubbish, garbage or other waste shall be allowed to accumulate on any Lot. No homeowner or occupant of a Lot shall burn or bury any garbage or refuse.

15. STORAGE TANKS. No gas, oil or other storage tanks shall be installed on any Lot.

16. WATER SUPPLY AND SEWAGE SYSTEMS. No private or semi-private water supply or sewage disposal system may be located upon any Lot. No septic tank, absorption field or similar method of sewage disposal shall be located or constructed on any Lot.

17. DITCHES AND SWALES. All owners, including builders, shall keep unobstructed and in good maintenance and repair all open storm water drainage ditches and swales which may be located on their respective Lots.

18. DRIVEWAYS. Each driveway in the Subdivision shall be of concrete or asphalt material.
19. **ANTENNA AND SATELLITE DISHES.** No outside antennas, poles, masts, towers or satellite dishes shall be permitted in the Subdivision.

21. **FENCING.** No fence shall be erected on or along any Lot line, nor on any Lot, the purpose or result of which will be to obstruct reasonable vision, light or air. All fences shall be kept in good repair and erected so as to enclose the property and decorate the same without unreasonable hindrance or obstruction to any other property. Only fencing permitted to be used in the Subdivision must be wooden or black vinyl coated chain link and shall not be higher than six (6) feet. Uncased chain link fencing is prohibited. No fencing shall extend forward of the furthest back front corner of the residence. All fencing style, color, location and height shall be generally consistent within the Subdivision and shall be subject to prior written approval of the Architectural Review Committee.

22. **SWIMMING POOLS.** No above-ground swimming pools shall be permitted in the Subdivision.

23. **SOLAR PANELS.** No solar heat panels shall be permitted on roofs of any structures in the Subdivision. All such panels shall be enclosed within fenced areas and shall be concealed from the view of neighboring Lots, common areas and the streets.

24. **OUTSIDE LIGHTING.** Except as otherwise approved by the Developer in connection with a builder’s model home sales center, all outside lighting contained in or with respect to the Subdivision shall be of an ornamental nature compatible with the architecture of the project and shall provide for projection of light so as not to create a glare, distraction or nuisance to other property owners in the vicinity of or adjacent to the project.

25. **SIDE OBSTRUCTIONS.** No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and nine (9) feet above the street shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting points twenty-five (25) feet from the intersection of said street lines, or in the case of a rounded property corner, from the intersection of the street lines extended. The same sight-line limitations shall apply to any Lot within ten (10) feet from the intersection of a street line with the edge of a driveway.

pavement or alley line. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at a sufficient height to prevent obstruction of such sight lines.

26. VIOLATION. Violation or threatened violation of these covenants and restrictions shall be grounds for an action by the Developer, the Association or any person or entity having any right, title or interest in the Real Estate, and all persons or entities claiming under them, against the person or entity violating or threatening to violate any such covenants or restrictions. Available relief in any such action shall include recovery of damages for such violation, injunctive relief against any such violation or threatened violation, declaratory relief and the recovery of costs and attorneys reasonable fees incurred by any party successfully enforcing these covenants and restrictions; provided, however, that neither the Developer nor the Association shall be liable for damages of any kind to any person for failing to enforce such covenants or restrictions.

27. METROPOLITAN DEVELOPMENT COMMISSION. The Metropolitan Development Commission, its successors and assigns shall have no right, power or authority to enforce any covenants, restrictions or other limitations contained herein other than those covenants, restrictions or limitations that expressly run in favor of the Metropolitan Development Commission; provided that nothing herein shall be construed to prevent the Metropolitan Development Commission from enforcing any provisions of the Subdivision Control Ordinance, 58-AO-3, as amended, or any conditions attached to approval of the Plat by the Plat Committee.

28. AMENDMENT. These covenants and restrictions may be amended at any time by the then owners of at least sixty-seven percent (67%) of the Lots in all Subdivisions which are now or hereafter made subject to and annexed to the Declaration; provided, however, that until all of the Lots in such Subdivisions have been sold by Developer, any such amendment shall require the prior written approval of Developer. Each such amendment shall be evidenced by a written instrument, signed by the Owner or Owners concurring therein, which instrument shall set forth facts sufficient to indicate compliance with this paragraph and shall be recorded in the office of the Recorder of Marion County, Indiana. No amendment which adversely affects the rights of a public utility shall be effective with respect to such public utility without its written consent thereto. No amendment which is contrary to a zoning commitment shall be effective without the written approval of the affected adjacent homeowners associations designated by the Department of Metropolitan Development.
29. **TERM.** The foregoing plat covenants and restrictions, as the same may be amended from time to time, shall run with the land and shall be binding upon all persons or entities from time to time having any right, title or interest in the Real Estate and on all persons or entities claiming under them, until December 31, 2005, and thereafter they shall continue automatically in effect unless terminated by a vote of a majority of the then owners of the Lots in the Subdivision; provided, however, that no termination of said these covenants and restrictions shall affect any easement hereby created and reserved unless all persons entitled to the beneficial use of such easement shall have consented thereto in writing.

30. **SEVERABILITY.** Invalidation of any of the foregoing covenants or restrictions by judgment or court order shall in no way affect any of the other covenants and restrictions, which shall remain in full force and effect.

FLAT COVENANTS AND RESTRICTIONS
LIBERTY CREEK NORTH

SECTION 6

The undersigned, DAVIS DEVELOPMENT, L.P., an Indiana limited partnership (the "Developer"), is the owner of the real estate more specifically described in Exhibit "A" attached hereto (the "Real Estate"). The Developer is concurrently platting and subdividing the Real Estate as shown on the plat for Liberty Creek North, Section 8, which is filed of record March 26, 1993 in the office of the Recorder of Marion County, Indiana (the "Plat") and desires in the Plat to subject the Real Estate to the provisions of these Plat Covenants and Restrictions. The subdivision created by the Plat (the "Subdivision") is to be known and designated as "Liberty Creek North". In addition to the covenants and restrictions hereinafter set forth, the Real Estate is also subject to those covenants and restrictions contained in the Declaration of Covenants, Conditions and Restrictions of Liberty Creek North & Stratford Glen, dated September 12, 1991 and recorded on September 26, 1991 as Instrument No. 91-99410, in the office of the Recorder of Marion County, Indiana, as the same may be amended or supplemented from time to time as therein provided (the "Declaration"), and to the rights, powers, duties and obligations of the Liberty Creek North and Stratford Glen Community Association, Inc. (the "Association"), set forth in the Declaration. If there is any irreconcilable conflict between any of the covenants and restrictions contained herein and any of the covenants and restrictions contained in the Declaration, the covenants and restrictions contained in the Declaration shall govern and control, but only to the extent of the irreconcilable conflict, it being the intent hereof that all covenants and restrictions contained herein shall be applicable to the Real Estate to the fullest extent possible. Capitalized terms used herein shall have the same meaning as given in the Declaration.

In order to provide adequate protection to all present and future Owners of Lots or Residence Units in the Subdivision, the following covenants and restrictions, in addition to those set forth in the Declaration, are hereby imposed upon the Real Estate:

1. PUBLIC RIGHT OF WAY. The rights-of-way of the streets as shown on the Plat, if not heretofore dedicated to the public, are hereby dedicated to the public for use as a public right-of-way.

2. COMMON AREAS. There are areas of ground on the Plat marked "Common Area". Developer hereby declares, creates and grants a non-exclusive easement in favor of each Owner for the use and enjoyment of the Common Areas, subject to the conditions and restrictions contained in the Declaration.
3. **LAKE EASEMENTS.** There are areas of ground on the Plat marked "Lake Easements". Such Lake Easements are hereby created and reserved for the use and enjoyment of Owners, subject to the rights of the Association to promulgate reasonable rules and regulations (not inconsistent with the provisions of the Plat or the Declaration) governing such use and enjoyment; and (b) for the use of the Developer for access to and construction, maintenance and control of retention and detention ponds or lakes and the installation, repair and replacement of improvements and vegetation thereon. Except as installed by Developer or installed and maintained by the Association, no improvements, including without limitation piers, docks, walkways, patios and fences shall be erected or maintained upon any Lake Easements.

4. **UTILITY, DRAINAGE AND SEWER EASEMENTS.** There are areas of ground on the Plat marked "Utility Easements, Drainage Easements and Sewer Easements", either separately or in combination. The Utility Easements are hereby created and reserved for the use of all public utility companies (not including transportation companies), governmental agencies and the Association for access to and installation, maintenance, repair or removal of poles, mains, ducts, drains, lines, wires, cables and other equipment and facilities for the furnishing of utility services, including cable television services. The Drainage Easements are hereby created and reserved for (i) the use of Developer during the "Development Period" (as such term is defined in the Declaration) for access to and installation, repair or removal of a drainage system, either by surface drainage or appropriate underground installations, for the Real Estate and adjoining property and (ii) the use of the Association and the Department of Public Works of the City of Indianapolis for access to and maintenance, repair and replacement of such drainage system. The owner of any Lot in the Subdivision subject to a Drainage Easement, including any builder, shall be required to keep the portion of said Drainage Easement on his Lot free from obstructions so that the storm water drainage will be unimpeded and will not be changed or altered without a permit from the Department of Public Works and prior written approval of the Developer. The Sewer Easements are hereby created and reserved for the use of the Department of Public Works and, during the Development Period, for the use of Developer for access to and installation, repair, removal replacement or maintenance of an underground storm and sanitary sewer system. The delineation of the Utility, Drainage and Sewer Easement areas on the Plat shall not be deemed a limitation on the rights of any entity for whose use any such easement is created and reserved to go on any Lot subject to such easement temporarily to the extent reasonably necessary for the exercise of the rights granted to it by this Paragraph 4. Except as installed by Developer or installed as provided above, no structures or improvements, including without limitation decks, patios, fences, walkways or landscaping, shall be erected or maintained upon said easements.
5. BUILDING LOCATION - FRONT, BACK AND SIDE YARD REQUIREMENTS. The building setback lines are established on the Plat. No building shall be erected or maintained between said setback lines and the front, rear or side lot line (as the case may be) of a Lot. The setback lines may vary in depth in excess of the minimum as designated on the Plat. The minimum front yard setback shall be twenty-five (25) feet, except that in cul-de-sac areas the minimum shall be twenty (20) feet. The minimum rear yard setback shall be twenty (20) feet. The minimum side yard setback shall be six and one-half (6 1/2) feet.

6. RESIDENTIAL UNIT SIZE AND OTHER REQUIREMENTS. No residence constructed on a Lot shall have less than one thousand (1000) square feet of total floor area, exclusive of garages, carports and open porches. Each residence unit shall include an attached two-car (or larger) enclosed garage. The maximum height of any residential dwelling constructed on a Lot shall be thirty-five (35) feet. The maximum height of any residential accessory building shall be twenty-five (25) feet.

7. RESIDENTIAL UNIT USE. All Lots in the Subdivision shall be used solely for residential purposes. No business building shall be erected on any Lot, and no business may be conducted on any part thereof. No building shall be erected, placed or permitted to remain on any Lot other than one detached single-family residence not to exceed two stories in height and permanently attached accessory buildings. Any garage, tool shed, storage building or any other attached building erected or used as an accessory building to a residence shall be of a permanent type of construction and shall conform to the general architecture and appearance of such residence.

8. ACCESSORY AND TEMPORARY BUILDINGS. No trailers, shacks, outhouses or detached or unenclosed storage sheds, tool sheds or accessory buildings of any kind shall be erected or situated on any Lot in the Subdivision, except that used by the Developer or by a builder during the construction of a residential building on the property, which temporary construction structures shall be removed upon completion of construction of the Subdivision or building, as the case may be.

9. TEMPORARY RESIDENCE. No trailer, camper, motor home, truck, shack, tent, boat, recreational vehicle, basement, garage or outbuilding may be used at any time as a residence, temporary or permanent; nor may any structure of a temporary character be used as a residence.

10. MUNICIPAL. No domestic animals raised for commercial purposes and no farm animals or fowl shall be kept or permitted on any Lot. No noisy, unclean or otherwise offensive activity shall be carried out on any Lot, nor shall anything be done...
thence which may be or may become a serious annoyance or nuisance to the neighborhood.

11. VEHICLE PARKING. No camper, motor home, truck, trailer, boat, snowmobile or other recreational vehicle of any kind may be stored on any Lot in open public view. No vehicles of any kind may be put up on blocks or jacks to accommodate car repair on a Lot unless such repairs are done in the garage. Disabled vehicles shall not be allowed to remain in open public view.

12. SIGNS. No sign of any kind shall be displayed to the public view on any Lot, except that one sign of not more than six (6) square feet may be displayed at any time for the purpose of advertising a property for sale, and except that Developer and its affiliates and designees, including the builders, may use larger signs during the sale and development of the Subdivision.

13. MAILBOXES. All mailboxes and replacement mailboxes shall be uniform and shall conform to the standards set forth by the Architectural Review Committee.

14. GARBAGE AND REFUSE DISPOSAL. Trash and refuse disposal will be on an individual basis, lot by lot. The community shall not contain dumpsters or other forms of general or common trash accumulation except to facilitate development and house construction. No Lot shall be used or maintained as a dumping ground for trash. Rubbish, garbage and other waste shall be kept in sanitary containers. All equipment for storage or disposal of such materials shall be kept clean and shall not be stored on any Lot in open public view. No rubbish, garbage or other waste shall be allowed to accumulate on any Lot. No homeowner or occupant of a Lot shall burn or bury any garbage or refuse.

15. STORAGE TANKS. No gas, oil or other storage tanks shall be installed on any Lot.

16. WATER SUPPLY AND SEWAGE SYSTEMS. No private or semi-private water supply or sewage disposal system may be located upon any Lot. No septic tank, absorption field or similar method of sewage disposal shall be located or constructed on any Lot.

17. DITCHES AND SWALES. All owners, including builders, shall keep unobstructed and in good maintenance and repair all open water drainage ditches and swales which may be located on their respective Lots.

18. DRIVEWAYS. Each driveway in the Subdivision shall be of concrete or asphalt material.

19. ANTENNA AND SATELLITE DISHES. No outside antennas, poles, masts, towers or satellite dishes shall be permitted in the Subdivision.
20. AWNINGS. No metal, fiberglass, canvas or similar type material awnings or patio covers shall be permitted in the Subdivision, except that a builder may utilize a canvas or similar type material awning on its model home sales center in the Subdivision.

21. FENCING. No fence shall be erected on or along any Lot line, nor on any Lot, the purposes or result of which will be to obstruct reasonable vision, light or air. All fences shall be kept in good repair and erected so as to enclose the property and decorate the same without unreasonable hindrance or obstruction to any other property. Any fencing permitted to be used in the Subdivision must be wooden or black vinyl coated chain link and shall not be higher than six (6) feet. Uncoated chain link fencing is prohibited. No fencing shall extend forward of the farthest back front corner of the residence. All fencing style, color, location and height shall be generally consistent within the Subdivision and shall be subject to prior written approval of the Architectural Review Committee.

22. SWIMMING POOLS. No above-ground swimming pools shall be permitted in the Subdivision.

23. SOLAR PANELS. No solar heat panels shall be permitted on roofs of any structures in the Subdivision. All such panels shall be enclosed within fenced areas and shall be concealed from the view of neighboring Lots, common areas and the streets.

24. OUTSIDE LIGHTING. Except as otherwise approved by the Developer in connection with a builder's model home sales center, all outside lighting contained in or with respect to the Subdivision shall be of an ornamental nature compatible with the architecture of the project and shall provide for projection of light so as not to create a glare, distraction or nuisance to other property owners in the vicinity of or adjacent to the project.

25. SITE OBSTRUCTIONS. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and nine (9) feet above the street shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting points twenty-five (25) feet from the intersection of said street lines, or in the case of a rounded property corner, from the intersection of the street lines extended. The same sight-line limitations shall apply to any Lot within ten (10) feet from the intersection of a street line with the edge of a driveway pavement or alley line. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at a sufficient height to prevent obstruction of such sight lines.

26. VIOLATION. Violation or threatened violation of these covenants and restrictions shall be grounds for an action by the Developer, the Association or any person or entity having any
right, title or interest in the Real Estate, and all persons or entities claiming under them, against the person or entity violating or threatening to violate any such covenants or restrictions. Available relief in any such action shall include recovery of damages for such violation, injunctive relief against any such violation or threatened violation, declaratory relief and the recovery of costs and attorneys reasonable fees incurred by any party successfully enforcing these covenants and restrictions; provided, however, that neither the Developer nor the Association shall be liable for damages of any kind to any person for failing to enforce such covenants or restrictions.

27. **METROPOLITAN DEVELOPMENT COMMISSION.** The Metropolitan Development Commission, its successors and assigns shall have no right, power or authority to enforce any covenants, restrictions or other limitations contained herein other than those covenants, restrictions or limitations that expressly run in favor of the Metropolitan Development Commission; provided that nothing herein shall be construed to prevent the Metropolitan Development Commission from enforcing any provisions of the Subdivision Control Ordinance, §5 60-3, as amended, or any conditions attached to approval of the Plat by the Plat Committee.

28. **AMENDMENT.** These covenants and restrictions may be amended at any time by the then owners of at least sixty-seven percent (67%) of the Lots in all Subdivisions which are now or hereafter made subject to and annexed to the Declaration; provided, however, that until all of the Lots in such Subdivisions have been sold by Developer, any such amendment shall require the prior written approval of Developer. Each such amendment shall be evidenced by a written instrument, signed by the Owner or Owners concurring therein, which instrument shall set forth facts sufficient to indicate compliance with this paragraph and shall be recorded in the office of the Recorder of Marion County, Indiana. No amendment which adversely affects the rights of a public utility shall be effective with respect to such public utility without its written consent thereto. No amendment which is contrary to a zoning commitment shall be effective without the written approval of the affected adjacent homeowners associations designated by the Department of Metropolitan Development.

29. **TERM.** The foregoing plat covenants and restrictions, as the same may be amended from time to time, shall run with the land and shall be binding upon all persons or entities from time to time having any right, title or interest in the Real Estate and on all persons or entities claiming under them, until December 31, 2005, and thereafter they shall continue automatically in effect unless terminated by a vote of a majority of the then Owners of the Lots in the Subdivision; provided, however, that no termination of said covenants and restrictions shall affect any easement hereby created and reserved unless all persons entitled to the beneficial use of such easement shall have consented thereto in writing.

-6-
30. **SEVERABILITY.** Invalidation of any of the foregoing covenants or restrictions by judgment or court order shall in no way affect any of the other covenants and restrictions, which shall remain in full force and effect.

The subdivision created by the Plat (the "Subdivision") is to be known and designated as "Liberty Creek North". In addition to the covenants and restrictions hereinafter set forth, the Real Estate is also subject to those covenants and restrictions contained in the Declaration of Covenants, Conditions and Restrictions of Liberty Creek North & Stratford Glen, dated September 12, 1991 and recorded on September 26, 1991 as Instrument No. 91-996419, in the office of the Recorder of Marion County, Indiana, as the same may be amended or supplemented from time to time as therein provided (the "Declaration"), and to the rights, powers, duties and obligations of the Liberty Creek North and Stratford Glen Community Association, Inc. (the "Association"), set forth in the Declaration. If there is any irreconcilable conflict between any of the covenants and restrictions contained herein and any of the covenants and restrictions contained in the Declaration, the covenants and restrictions contained in the Declaration shall govern and control. But only to the extent of the irreconcilable conflict, it being the intent hereof that all covenants and restrictions contained herein shall be applicable to the Real Estate to the fullest extent possible. Capitalized terms used herein shall have the same meaning as given in the Declaration.

In order to provide adequate protection to all present and future Owners of Lots or Residence Units in the Subdivision, the following covenants and restrictions, in addition to those set forth in the Declaration, are hereby imposed upon the Real Estate:

marked "Lake Easements". Such Lake Easements are hereby created and reserved: (a) for the use and enjoyment of Owners, subject to the rights of the Association to promulgate reasonable rules and regulations (not inconsistent with the provisions of the Plat or the Declaration) governing such use and enjoyment; and (b) for the use of the Developer for access to and construction, maintenance and control of retention and detention ponds or lakes and the installation, repair and replacement of improvements and vegetation thereon. Except as installed by Developer or installed and maintained by the Association, no improvements, including without limitation pier, decks, walkways, patios and fences shall be erected or maintained upon any Lake Easements.

The Drainage Easements are hereby created and reserved for (i) the use of Developer during the "Development Period" (as such term is defined in the Declaration) for access to and installation, repair or removal of a drainage system, either by surface drainage or appropriate underground installations, for the Real Estate and adjoining property and (ii) the use of the Association and the Department of Public Works of the City of Indianapolis for access to and maintenance, repair and replacement of such drainage system. The owner of any Lot in the Subdivision subject to a Drainage Easement, including any builder, shall be required to keep the portion of said Drainage Easement on his Lot free from obstructions so that the storm water drainage will be unimpaired and will not be changed or altered without a permit from the Department of Public Works and prior written approval of the Developer. The Sewer Easements are hereby created and reserved for the use of the Department of Public Works and, during the Development Period, for the use of Developer for access to and installation, repair, removal replacement or maintenance of an underground storm and sanitary sewer system. The delineation of the Utility, Drainage and Sewer Easement areas on the Plat shall not be deemed a limitation on the rights of any entity for whose use any such easement is created and reserved to go on any Lot subject to such easement temporarily to the extent reasonably necessary for the exercise of the rights granted to it by this Paragraph 4. Except as installed by Developer or installed as provided above, no structures or improvements, including without limitation decks, patios, fences, walkways or landscaping, shall be erected or maintained upon said easements.

No tree shall be permitted to remain within such distances of
such intersections unless the foliage line is maintained at a
sufficient height to prevent obstruction of such sight lines.

27. VIOLATION. Violation or threatened violation of these
covenants and restrictions shall be grounds for an action by the
Developer, the Association or any person or entity having any
right, title or interest in the Real Estate, and all persons or

Commission from enforcing any provisions of the Subdivision
Control Ordinance, 58-30-3, as amended, or any conditions
attached to approval of the Plat by the Plat Committee.

29. AMENDMENT. These covenants and restrictions may be
amended at any time by the then owners of at least sixty-seven

hereafter made subject to and annexed to the Declaration; provided
however, that until all of the Lots in each Subdivision have
been sold by Developer, any such amendment shall require the
prior written approval of Developer. Each such amendment shall
be evidenced by a written instrument, signed by the Owner or
Owners concurring therein, which instrument shall set forth facts
sufficient to indicate compliance with this paragraph and shall
be recorded in the office of the Recorder of Marion County,
Indiana. No amendment which adversely affects the rights of a
public utility shall be effective with respect to such public
utility without its written consent thereto. No amendment which
is contrary to a zoning commitment shall be effective without the
written approval of the affected adjacent homeowners associations
designated by the Department of Metropolitan Development.
30. TERM. The foregoing plat covenants and restrictions, as the same may be amended from time to time, shall run with the land and shall be binding upon all persons or entities from time to time having any right, title or interest in the Real Estate and on all persons or entities claiming under them, until December 31, 2005, and thereafter they shall continue automatically in effect unless terminated by a vote of a majority of the then Owners of the Lots in the Subdivision; provided, however, that no termination of said these covenants and restrictions shall affect any easement hereby created and reserved unless all persons entitled to the beneficial use of such easement shall have consented thereto in writing.

Capitalized terms used herein shall have the same meaning as given in the Declaration.

In order to provide adequate protection to all present and future Owners of Lots or Recession Units in the Subdivision, the following covenants and restrictions, in addition to those set forth in the Declaration, are hereby imposed upon the Real Estate:

15. GARBAGE AND REFUSE DISPOSAL. Trash and refuse disposal will be on an individual basis, lot by lot. The community shall not contain dumpsters or other forms of general or common trash accumulation except to facilitate development and house construction. No Lot shall be used or maintained as a dumping ground for trash. Rubbish, garbage and other waste shall be kept in sanitary containers. All equipment for storage or disposal of such materials shall be kept clean and shall not be stored on any Lot in open public view. No rubbish, garbage or other waste shall be allowed to accumulate on any Lot. No homeowner or occupant of a Lot shall burn or bury any garbage or refuse.

16. STORAGE TANKS. No gas, oil or other storage tanks shall be installed on any Lot.

17. WATER SUPPLY AND SEWAGE SYSTEMS. No private or
semiprivate water supply or sewage disposal system may be located upon any Lot. No septic tank, absorption field or similar method of sewage disposal shall be located or constructed on any Lot.

18. DITCHES AND SWALES. All owners, including builders, shall keep unobstructed and in good maintenance and repair all open storm water drainage ditches and swales which may be located on their respective lots.

19. DRIVEWAYS. Each driveway in the Subdivision shall be of concrete or asphalt material.

20. ANTENNA AND SATELLITE DISHES. No outside antennas, poles, masts, towers or satellite dishes shall be permitted in the Subdivision without the approval of the Architectural Review Committee.

21. AWNINGS. No metal, fiberglass, canvas or similar type material awnings or patio covers shall be permitted in the Subdivision, except that a builder may utilize a canvas or similar type material awning on its model home sales center in the Subdivision.

22. FENCING. No fence shall be erected on or along any Lot line, nor on any Lot, the purpose or result of which will be to obstruct reasonable vision, light or air. All fences shall be kept in good repair and erected so as to enclose the property and decorate the same without unreasonable hindrance or obstruction to any other property. Any fencing permitted to be used in the Subdivision must be wooden or black vinyl coated chain link and shall not be higher than six (6) feet. Uncoated chain link fencing is prohibited. No fencing shall extend forward of the furthest front corner of the residence. All fencing style, color, location and height shall be generally consistent within the Subdivision and shall be subject to prior written approval of the Architectural Review Committee.

23. SWIMMING POOLS. No above-ground swimming pools shall be permitted in the Subdivision.

24. SOLAR PANELS. No solar heat panels shall be permitted on roofs of any structures in the Subdivision. All such panels shall be enclosed within fenced areas and shall be concealed from the view of neighboring lots, common areas and the streets.

25. OUTSIDE LIGHTING. Except as otherwise approved by the Developer in connection with a builder’s model home sales center, all outside lighting contained in or with respect to the Subdivision shall be of an ornamental nature compatible with the architecture of the project and shall provide for projection of light so as not to create a glare, distraction or nuisance to other property owners in the vicinity of or adjacent to the project.
26. **SITE OBSTRUCTIONS.** No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two (2) and six (6) feet above the street shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting points twenty-five (25) feet from the intersection of said street lines, or in the case of a rounded property corner, from the intersection of the street lines extended. The same sight-line limitations shall apply to any lot within ten (10) feet from the intersection of a street line with the edge of a driveway pavement or alley line. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at a sufficient height to prevent obstruction of such sight lines.

27. **VIOLATION.** Violation or threatened violation of these covenants and restrictions shall be grounds for an action by the Developer, the Association or any person or entity having any right, title or interest in the Real Estate, and all persons or entities claiming under them, against the person or entity violating or threatening to violate any such covenants or restrictions. Available relief in any such action shall include recovery of damages for such violation, injunctive relief against any such violation or threatened violation, declaratory relief and the recovery of costs and attorneys reasonable fees incurred by any party successfully enforcing these covenants and restrictions; provided, however, that neither the Developer nor the Association shall be liable for damages of any kind to any person for failing to enforce such covenants or restrictions.

28. **METROPOLITAN DEVELOPMENT COMMISSION.** The Metropolitan Development Commission, its successors and assigns shall have no right, power or authority to enforce any covenants, restrictions or other limitations contained herein other than those covenants, restrictions or limitations that expressly run in favor of the Metropolitan Development Commission; provided that nothing herein shall be construed to prevent the Metropolitan Development Commission from enforcing any provisions of the Subdivision Control Ordinance, 58-AO-3, as amended, or any conditions attached to approval of the Plat by the Plat Committee.

29. **AMENDMENT.** These covenants and restrictions may be amended at any time by the then owners of at least sixty-seven percent (67%) of the Lots in all Subdivisions which are now or hereafter made subject to and annexed to the Declaration; provided, however, that until all of the Lots in such Subdivisions have been sold by Developer, any such amendment shall require the prior written approval of Developer. Each such amendment shall be evidenced by a written instrument, signed by the Owner or Owners concurring therein, which instrument shall set forth facts sufficient to indicate compliance with this paragraph and shall be recorded in the office of the Recorder of Marion County, Indiana. No amendment which adversely affects the rights of a public utility
shall be effective with respect to such public utility without its written consent thereto. No amendment which is contrary to a zoning commitment shall be effective without the written approval of the affected adjacent homeowners associations designated by the Department of Metropolitan Development.

30. TERM. The foregoing plat covenants and restrictions, as the same may be amended from time to time, shall run with the land and shall be binding upon all persons or entities from time to time having any right, title or interest in the Real Estate and on all persons or entities claiming under them, until December 31, 2005, and thereafter they shall continue automatically in effect unless terminated by a vote of a majority of the then Owners of the Lots in the Subdivision; provided, however, that no termination of said these covenants and restrictions shall affect any easement hereby created and reserved unless all persons entitled to the beneficial use of such easement shall have consented thereto in writing.

31. SEVERABILITY. Invalidation of any of the foregoing covenants or restrictions by judgment or court order shall in no way affect any of the other covenants and restrictions, which shall remain in full force and effect.
