COVENANTS

FOR

OAK BEND ESTATES SEC. 1

HENDRICKS COUNTY
OAK BEND ESTATE
SURVEYOR'S CERTIFICATE

I, the undersigned, a Registered Land Surveyor within the State of Indiana, do hereby certify that the following description and the accompanying plat of survey of Oak Bend Estates, Section 1, conform with the Standards of Practice for Class C surveyors adopted January 17, 1986, by the Indiana Society of Professional Land Surveyors, and represent a subdivision of a part of the Southwest Quarter of Section 34, Township 16 North, Range 1 East, Hendricks County, Indiana, as described as follows:

Beginning on the south line of said quarter section at a point that is South 89 degrees 17 minutes 45 seconds East 406.00 feet from the southwest corner of said section; thence North 53 degrees 31 minutes 49 seconds East 177.44 feet; thence North 24 degrees 36 minutes 42 seconds East 247.14 feet; thence East 61 degrees 50 minutes 59 seconds East 440.84 feet; thence North 15 degrees 34 minutes 11 seconds East 211.03 feet; thence North 15 degrees 25 minutes 05 seconds West 186.48 feet; thence North 73 degrees 11 minutes 08 seconds East 209.43 feet; thence North 86 degrees 43 minutes 58 seconds East 31.71 feet; thence North 72 degrees 03 minutes 43 seconds East 106.15 feet to a point on the east line of the West Half of said quarter section that is North 0 degrees 34 minutes 41 seconds East 1,287.18 feet from the southeast corner of said half-quarter section; thence North 72 degrees 03 minutes 43 seconds East 103.85 feet; thence South 18 degrees 20 minutes 28 seconds East 367.39 feet; thence North 79 degrees 42 minutes 17 seconds East 204.52 feet; thence South 23 degrees 55 minutes 06 seconds East 95.00 feet; thence South 75 degrees 38 minutes 09 second East 95.00 feet; thence South 18 degrees 20 minutes 28 seconds East 367.39 feet; thence South 28 degrees 38 minutes 08 seconds West along said west line 194.50 feet; thence South 24 degrees 16 minutes 57 seconds East along said west line 127.40 feet; thence South 3 degrees 42 minutes 52 seconds East along said west line 132.40 feet; thence South 28 degrees 38 minutes 08 seconds West along said west line 110.00 feet; thence South 18 degrees 21 minutes 52 seconds East along said west line 339.59 feet to the north boundary of County Road 100 North as described in that certain Right of Way Grant entered for record in Deed Record 280, pages 130-32, in said Recorder's office; thence North 84 degrees 32 minutes 08 seconds West along said north boundary 145.32 feet (called 144.81 feet in said Right of Way Grant); thence North 87 degrees 33 minutes 20 seconds West along said north boundary 140.00 feet; thence North 25 degrees 27 minutes 08 seconds West along said north boundary 96.18 feet; thence North 87 degrees 33 minutes 20 seconds West along said north boundary 105.00 feet; thence South 53 degrees 21 minutes 02 seconds West along said north boundary 186.06 feet; thence North 89 degrees 50 minutes 40 seconds West along said north boundary 189.07 feet to the east line of the West Half of said quarter section; thence South 0 degrees 34 minutes 41 seconds East along said east line 58.07 feet to the southeast corner of said half-quarter section, which corner is North 89 degrees 17 minutes 45 seconds West 1,331.06 feet from a stone at the southeast corner of said quarter section; thence North 89 degrees 17 minutes 45 seconds West along the south line of said section 925.06 feet to the point of beginning; containing 26,269 acres, more or less. Subject to all legal highways, rights of way, easements, including but not limited to 1,185 acres, more or less, granted, bargained, warranted, and conveyed to Hendricks County, Indiana, for County Road 100 North by virtue of that certain Right of Way Grant recorded in Easement Record 2, page 267-29, in said Recorder's office. The portion of the above-described real estate not encumbered by County Road 100 North contains 25,080 acres, more or less.

Said subdivision consists of 23 lots numbered consecutively from 1 to 23, both inclusive. The location and dimensions of said lots and the location and width of street rights of way are indicated on the accompanying plat in figures denoting U.S. Survey Feet and decimal fractions thereof. The theoretical uncertainty of this survey is 0.14 feet. Northing and eastings shown hereon are based on a local system of plane rectangular coordinates in which the bearings are oriented to the bearing system of Hendricks County BRS Project 8032 for the relocation of County Road 100 North adjoining this subdivision.

Given under my hand and seal this 20th day of July 1987:

[Signature]

Stanley M. Martin, Registered Land Surveyor No. 3431, State of Indiana

PROPRIETOR'S DEDICATION

The undersigned, PHW Development Corporation, by Paul T. Hardin, President, as owner and proprietor of the above-described real estate, does hereby certify that it has laid out, platted, and subdivided, and does hereby lay out, plat, and subordinate said 26,269-acre parcel of land into lots and streets in accordance with the accompanying plat. It further certifies that all undedicated street rights of way shown on said plat are hereby dedicated to the public use, and that certain strips of ground having the dimensions stated on said plat are hereby dedicated as easements for the following-described purposes:

(1) Those designated as Utility Easements are reserved for public utility companies, excluding transportation companies, for the installation, operation, and maintenance of poles, anchors, wires, ducts, aerial and/or underground cables, conduits, gas and water mains, and sanitary sewers.

(2) Those designated as Sanitary Sewer Easements are reserved only for the wastewater treatment company having jurisdiction thereof for the installation, operation, and maintenance of sanitary sewers and lift stations.

(3) Those designated as Drainage Easements are reserved for the Hendricks County Drainage Board for control of surface water drainage, the maintenance of White Lick Tributary No. 4, and for the installation, operation, and maintenance of storm sewers, tile drains, and subsurface drains as defined by the Hendricks County Subdivision Control Ordinance.

(4) Those designated as Slope Easements are reserved for Hendricks County for street and culvert maintenance on said easements where street culverts and earth fills over them encroach upon adjoining lots.

Said strips of ground are subject at all times to the proper authorities and to the easements herein reserved. The lot owners shall take their titles subject to the rights of easement holders and to the rights of the owners of the other lots in this subdivision. No permanent or other structures shall be erected or maintained upon such utility, sanitary sewer, drainage, or slope easements excepting fences and the facilities for which they are reserved, and no facility shall be installed on an easement in a position that will obstruct a property line or corner.

A petition addressed to the Hendricks County Drainage Board has been filed in duplicate with the County Surveyor requesting that this subdivision's storm drainage system and the easements therefor, identified as "drainage easements" herein, be accepted into the County's regulated drainage system so that a maintenance fund may be established by assessment under the authority of the Indiana Drainage Code, and so that said Board may exercise other powers and duties as provided for in said code. This subdivision contains 1,189 linear feet of storm sewers, 120 linear feet of culvert pipe, 3,823 linear feet of subsurface drains, 355 linear feet of open ditches, and 775 linear feet of White Lick Tributary No. 4.

The restrictive covenants and requirements given herein, as well as those entered for record in Miscellaneous Record, page 3, in the office of the Recorder of the aforesaid county, shall operate, be in force for, and apply to this plat. Henceforth this subdivision shall be known as and designated as OAK BEND ESTATES, SECTION 1, a subdivision of a part of the Southwest Quarter of Section 34, Township 16 North, Range 1 East, Hendricks County, Indiana.

RESTRICTIVE COVENANTS

PHW Development Corporation does also by this indenture, and by those restrictive covenants and requirements entered for record in Miscellaneous Record, page 3, in the office of the Recorder of the aforesaid county, restrict and covenant the lots and other areas within the boundary of said subdivision to itself and its grantees, assigns, successors, legal representatives, and to any person, persons, corporations, banks, and associations and/or anyone who may acquire title to any of said lots or other areas, as to the following terms, stipulations, conditions, restrictions, and covenants which shall apply in their entirety to all of said subdivision:

1. DEFINITIONS. "Committee" shall mean the Architectural and Environmental Control Committee composed of the officers and directors of PHW Development Corporation or their duly authorized representatives, all of whom shall serve without compensation for services performed as committee members. In the event of the death or resignation of any member of said committee, the remaining member or members shall have full authority to perform the duties of the committee, or to designate a representative with like authority, who must be an owner. "Owner" shall mean the person to whom possession of persons who has acquired or is acquiring any right, title, or interest, legal or equitable, in and to a lot or other area in this subdivision, but excluding those persons having such interest merely as security for the performance of an obligation.

2. LAND USE. Lots shall be used only for residential purposes, and no lot shall be subdivided. Where an owner acquires adjoining lots for the purpose of building one dwelling across the common lot line, the said lot line set back restrictions specified in Section numbered 5 below shall not apply to said common lot line. Lot lines coinciding with sanitary sewer easements, drainage easements, and utility easements may not be built across.

3. DWELLING SIZE. No dwelling shall be erected, altered, placed, or permitted to remain on any lot other than one single-family residence not to exceed three stories in height. Dwellings on all lots shall have, at a minimum, attached two-car garages. The ground floor area of the main structure of any one-story dwelling, excluding garages and one-story porches, shall be not less than 750 square feet. The ground floor area of the main structure of any two-story dwelling, excluding garages and one-story porches, shall be not less than 900 square feet, with no less than a total of 1,900 square feet of finished floor space in such two-story structure.

4. UTILITY BUILDING AND/OR BARN. A utility building, barn, or other accessory building will not be allowed on any lot.

5. BUILDING SETBACK DISTANCES. Between the front lot lines and the building lines shown on this plat, no buildings shall be erected, placed, altered, or be permitted to remain, nor shall any building be erected nearer than 15 feet to any side line of a lot, any side, and the total of both side setbacks shall be not less than 20 percent of the lot width, as measured at the building line. Architectural appurtenances projecting not more than 24 inches, stairways projecting not more than 4 feet, unenclosed and unroofed porch slats on the front sides of buildings, steps, and walls are exceptions to these setback requirements. No house shall be constructed nearer than 15 feet from the Undisputed Area shown hereon.

6. OCCUPANCY OF STRUCTURES. No dwelling shall be occupied or used for residential purposes until it has been fully completed upon the outside and substantially completed on the inside, and a Certificate of Occupancy has been issued therefor by the Hendricks County Building Commissioner. No other structure or mobile home shall be used at any time as a residence, either temporarily or permanently.
7. ARCHITECTURAL DESIGN. No building, wall, fence, or other structure shall be constructed, erected, placed, or altered in this subdivision until the location plan, building plans, and specifications have been first submitted to, and approved by, the committee as to harmony with the exterior design, quality, and aesthetic appearance of structures already existing, and as to conformity with grading plans, first floor elevations, locations of water wells, destruction of trees and other vegetation, and any other such matter as may affect the environment or ecology of the subdivision. The approval of any plans and specifications required in these covenants shall be in writing. In the event the committee, or its designated representatives, fail to approve any plans and specifications within fifteen (15) days after such plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

8. IMPROVEMENT LOCATION PERMIT. In addition to the approval required in Section 7 above, an Improvement Location Permit must be issued by the Hendricks County Building Commissioner before any structure, improvement, or land use may be altered, changed, graded, placed, erected, or located in this subdivision. A soil and water conservation plan (erosion control plan) and a development plan showing house locations and first floor elevations, with slopes for positive surface drainage therefrom, has been approved by the Hendricks County Plan Commission. Said plans may be inspected in the office of said commission during regular office hours. Deviations from these plans require prior Plan Commission approval and may necessitate a site reevaluation and redesign by a Registered Professional Engineer or Registered Land Surveyor at the time of improvement location permit and certificate of occupancy application, which engineer or surveyor shall certify positive surface drainage and that wastewater gravity flow from the first floor of the dwelling is to a sewer.

The Table of Elevations appearing on said development plan and at the end of these covenants, shows, for each lot, first floor elevations for houses if constructed at the locations shown on said development plan. Because of the proximity of lots 10, 11, 12, 13, 20, 21, and 22 to the floodplain of the Woodside Creek, the Sawmill Bridge, and the Woodside Creek, any construction on the floodplain is subject to the flood protection grade furnished by the Indiana Department of Natural Resources. For any house to be constructed (with prior Plan Commission approval) on the 100-year floodway fringe between the floodway fringe line and the 100-year flood line shall have as its first floor elevation the flood protection grade given in said table. Construction of any kind in the floodway between White Creek and the South Fork and the floodplain fringe, floodplain fringe, and floodway fringe, said basement shall be specially designed and constructed to prevent the entrance of ground water. While said Plan Commission has determined the locations of the floodway fringe line and the 100-year flood line in accordance with the most modern technology available, neither the developers nor their engineers make any express or implied warranty with regard to the correctness of said limits.

9. WATER WELLS, WATER SUPPLY SYSTEMS, AND GEOFERHERMAL HEAT PUMP SYSTEMS shall comply with minimum standards set forth in an ordinance passed and adopted by the Board of Commissioners of Hendricks County, Indiana, October 7, 1985, entitled Chapter 31, Minimum Standards for Water Supply Systems and Geothermal Heat Pump Systems. The pitless adapter vent on any well located within the 100-year floodway fringe between the floodway fringe line and the 100-year flood line shall be equipped with a flood protection grade for the lot as given in the aforementioned Table of Elevations. Whenever a public water supply system is constructed within 100 feet of any lot in this subdivision, a direct connection shall be made by the owner to said water supply system within two (2) years of the availability date. Right of enforcement of this covenant is hereby granted to the Hendricks County Plan Commission.

10. FENCES require committee approval before erection as provided in Section numbered 7 above. No fence shall be placed on any lot or boundary thereof that will obstruct reasonable light, air, or view of any property or damage the aesthetics of the subdivision. A fence shall be erected in the front yard of a dwelling excepting open wood fences of a decorative type not exceeding four (4) feet in height. Swimming pools shall be properly fenced to protect the safety of others as required by Section numbered 26 below.

11. CONSTRUCTION TIME. Any house, fence, water line, sewer, ditch, or any structure, once approved and under construction, must be completed one (1) year from the date construction starts.

12. STORAGE TANKS. Oil or gas storage tanks shall be buried or located in a dwelling or garage.

13. SIGNS. The only signs permitted to be erected or displayed in this subdivision are: those required by law, a single sign placed by a builder or financial institution to advertise a property during the construction and sales period, a single yard sale or garage sale sign placed by the owner no more than once per calendar year, a single sign placed by an owner to advertise the property for sale or rent or to prohibit hunting or trapping. No sign excepting the latter type shall exceed five (5) square feet in size.

14. HUNTING AND TRAPPING are prohibited in this subdivision.

15. SIGHT DISTANCES. In designated Sight Distance Clear Areas, no one may place, construct, plant, maintain, allow, or suffer any improvements, landscaping, or other obstructions to vision (excluding mailboxes mounted on simple posts) between 2 and 8 feet above the finished grades to provide a clear view of both directions along streets from points in the driveways 25 feet from the street curb. Where the committee determines that this rule for a driveway is impracticable or unreasonable, it may allow an alternative that offers the least hazard and interference with traffic.

26. L
16. ANIMALS. No animals or poultry shall be kept or maintained in this subdivision except household pets such as cats and dogs; provided, however, that pets cannot be kept, bred, or maintained for commercial purposes.

17. VEHICLE PARKING. No trucks larger than pickup trucks, disabled vehicles, unused vehicles, campers, trailers, recreational vehicles, boats, motorcycles, or similar vehicles shall be parked on any road, street, private driveway, or lot in this subdivision unless it is screened in such a way that it is not visible to the occupants of the other lots in the subdivision. No vehicle of any kind shall park on any road in this subdivision excepting for a reasonable length of time. The committee shall determine what constitutes adequate screening and reasonable length of time.

18. LANDSCAPING. The lot owner shall landscape the lot within sixty (60) days following completion of a house thereon, weather permitting.

19. MAINTENANCE OF LOTS AND IMPROVEMENTS. Each lot owner shall at all times maintain the lot and any improvements thereon to prevent the same from becoming unsightly by removing all debris, rubbish, dead trees, and other materials or conditions that reasonably tend to detract from or diminish the aesthetic appearance of the subdivision, and by keeping the exterior of all improvements in a good state of repair. Garbage, trash, and other wastes shall be kept in odorless and sanitary containers which shall be emptied weekly by a refuse collection service. All lots, whether improved or not, shall be mowed by the lot owners or their designated representatives at least twice during each of the months of April through September.

If any owner of a lot in this subdivision shall fail to maintain his lot and/or any improvements situated thereon in accordance with these restrictive covenants, the committee shall have the right, but not the obligation, by and through its agents and employees or contractors, to enter upon said lot and repair, mow, clean, or perform such other acts as may reasonably necessary to make said lot, and/or any improvements situated thereon, conform to the requirements of these restrictions. The cost thereof shall be paid by the committee and collected in any reasonable manner from the owner. Neither the committee nor any of its agents, employees, or contractors shall be liable for any damage that may result from any maintenance work performed hereunder. Any fine so assessed against any lot, together with interest and other charges or costs as hereinafter provided, shall be paid to the committee and, if not paid within one hundred twenty days after a lien has been filed on a first mortgage until paid in full, and shall also be a personal obligation of the owner or owners of that lot. Such charge shall be interest at the rate of 12% per annum until paid in full. If, in the opinion of the committee, such charge has remained due and payable for an unreasonable long period of time, the committee may institute such procedures, either at law or in equity, to foreclose the lien or other security, or to collect the amount owing, in any court of competent jurisdiction. The owner of the lot or lots subject to the charge shall, in addition to the amount of the charge due at the time legal action is instituted, be obligated to pay any expenses or costs, including attorney's fees, incurred by the committee in collecting the same. Every owner of a lot in this subdivision, and any person who may acquire any interest in such lot, whether as an owner or otherwise, is hereby notified, and by acquisition of such interest agrees, that any such liens which may exist upon said lot at the time of the acquisition of such interest are valid and shall be paid. Every person who shall become an owner of a lot in this subdivision is hereby notified that by the act of acquiring, making such purchase, or acquiring such title, such person shall be conclusively held to have covenanted to pay the committee all fines that shall be made pursuant to this paragraph.

20. NUISANCES. No noxious or offensive activity shall be carried out or allowed to be carried out on any lot, nor shall anything be done or allowed to be done thereon which may become or be an annoyance or nuisance to the neighborhood.

21. BUSINESSES. No mercantile building shall be erected, nor shall any manufacturing, wholesaling, or retailing business be carried on in this subdivision.

22. DEDICATED EASEMENTS. The owners of the lots in this subdivision will take their titles subject to the rights of public utility companies (excluding transportation companies), the Hendricks County Drainage Board, and the Commissioners of Hendricks County in those certain strips of ground designated "utility easements," "sanitary sewer easements," "drainage easements," and "large easements" which are reserved hereinabove. No permanent or other structures may be erected or constructed on said easements excepting fences and the facilities for which the easements have been reserved. Fences erected on easements may be removed by easement holders if necessary to the proper operation and maintenance of the facilities for which the easements have been reserved. No facility shall be installed on any easement in a position that will obstruct a property line or corner.

23. LOT GRADING. Lots shall be graded so as not to restrict the surface runoff or cause ponding or stoppage of said runoff over any lot in this subdivision.

24. UNDISTURBED AREA shown hereon shall remain in its natural state and no trees, fallen limbs, small vegetation, or soil, shall be disturbed in said area except as may be necessary to the use of utility easements crossing said area, and as may be required for the installation of outlets for foundation drains, basement floor drains (excluding downspout and washwater drainage), and water wells and water lines. No trees larger than one (1) inch in diameter shall be removed for the installation of said drain outlets and/or water facilities, and backfilled immediately to retard erosion. No dumping of grass clippings, leaves, or rubbish of any kind is allowed in this area. This covenant shall not restrict the authority of the County, State, or Federal government in taking any action, or in enforcing any law, ordinance, or regulation, to promote public health or safety, flood protection, good drainage, or environmental quality.

25. DRIVEWAYS. Residential driveways shall be constructed of portland cement concrete or of asphalt paving. Pavement shall be a minimum of four (4) inches thick excluding subbase material.

26. SWIMMING POOLS. No swimming pools, where the water level is either partially or
OAK BEND ESTATE

completely above ground level, shall be permitted. Any in-ground swimming pool shall be properly fenced so as to protect the safety of others. Prior to erection, such fence shall be approved by the committee as required by Section numbered 10 above.

27. ACCESS TO LOTS 1, 10, AND 19. Vehicular access to and from lots 1 and 18 shall be limited to Red Oak Drive. The driveway serving lot 18 shall connect with County Road 100 North and shall be centered 270 feet west of the southeast corner of said lot.

28. CRAWL SPACE AND FOUNDATION DRAINS. No crawl spaces, eaves troughs, gutters, downspouts, or foundation drains shall be constructed so as to discharge water onto a street. Crawl space and foundation drains may be connected to subsurface drains that are parallel with and three feet outside street curbs.

29. BASEMENTS may be constructed in this subdivision, but pump ejection systems for withdrawing wastewater from basement facilities, as well as other pumps for foundation drains, may be required. For rules regarding basement floor elevations on certain lots, see Section numbered 6 above.

30. SIGNAL RECEIVER. No signal receiver in the form of a satellite dish, or other similar device, shall be permitted closer than fifty (50) feet from the front property line.

31. UTILITIES CONNECTION INSPECTION. All materials and workmanship in the installation of connections between dwellings and public utility facilities shall be subject to access and inspection by the utility companies having jurisdiction, or by their duly authorized representatives or successors, who shall have the right to require correction of any defects discovered.

32. SIDEWALKS. Each lot owner, by acceptance of a deed for said lot, even if not expressed in said deed, is deemed to covenant and agree to construct and maintain in good condition a concrete walk at the side of all streets upon which his lot abuts, excepting that the owner of Lot 13 shall not be required to construct a walk along Timber Climb. All walks shall conform with the development plan for this subdivision on file in the office of the Sandusky County Plan Commission, and shall be completed within sixty (60) days after completion of the frame on the lot, weather permitting.

33. ENFORCEMENT. If the parties hereto, or any of them, their heirs or assigns, shall violate or attempt to violate any of the covenants herein, it shall be lawful for any person or persons owning any lot or lots in this subdivision to prosecute by any proceeding at law or equity the person or persons violating or attempting to violate any such covenant, and either prevent him or them from so doing or to recover damages or other dues for such violations. A violation of any restriction herein shall not result in reversion or forfeiture of title.

If any owner of a lot in this subdivision shall fail to maintain his lot and/or any improvements situated thereon, or to keep sight distances clear, or to construct and/or maintain sidewalks in accordance with these restrictive covenants, the committee shall have the right, but not the obligation, by and through its agents and employees or contractors, to enter upon said lot and repair, mow, clean, or perform such other acts as may reasonably necessary to make said lot, and/or any improvements situated thereon, conform to the requirements of these restrictions. The cost thereof to the committee shall be collected in any reasonable manner from the owner. Neither the committee nor any of its agents, employees, or contractors shall be liable for any damage that may result from any maintenance or other work performed hereunder. Any fine so assessed against any lot, together with any other charges as hereinafter provided, shall become and remain a lien upon that lot subordinate only to the lien of a first mortgage until paid in full, and shall be a prima facie evidence of ownership of the owner or owners of that lot.

Such charge shall bear interest at the rate of 12% per annum until paid in full. If, in the opinion of the committee, such charge has remained due and payable for an unreasonable length of time, the committee may institute such procedures, either at law or in equity, by foreclosure or otherwise, to collect the amount owing, in any court of competent jurisdiction. The owner of the lot or lots subject to the charge shall, in addition to the amount of the charge due at the time legal action is instituted, be obligated to pay any expenses or costs, including attorney’s fees, incurred by the committee in collecting the same. Every owner of a lot in this subdivision is hereby notified that by the act of acquiring, making such purchase, or acquiring such title, such person shall be conclusively held to have covenanted to pay the committee all fines that shall be made pursuant to this paragraph.

34. TERM. These covenants will run with the land and shall be binding on all parties, and all persons claiming under them, for a period of twenty-five (25) years from the date these covenants are recorded, after which twenty-five (25) years they shall be automatically extended for successive ten (10) year periods, unless an instrument signed by a majority of the then owners of the lots has been recorded agreeing to change said covenants in whole or in part.

35. SEVERABILITY. Invalidation of any one of these covenants by court order shall not affect any of the other provisions, which shall remain in full force and effect.

IN WITNESS WHEREOF, the said PHW Development Corporation, as owner and proprietor of the above-described real estate, has set its hand and seal this 25th day of November, 1987.

Paul T. Hardin, President
