Notwithstanding any provision in the applicable zoning ordinance to the contrary, no Lot may be used for any "Special Use" that is not clearly incidental and necessary to single family dwellings. No signs of any nature, kind or description shall be erected, placed, or permitted to remain on any Lot advertising a permitted home occupation.

(b) **Size of Residence.** Except as otherwise provided herein, no residence may be constructed on any Lot unless such Residence, exclusive of open porches, attached garages and basements (whether finished or unfinished), shall (i) in the case of a one story structure, have a ground floor area of at least 5,000 square feet and (ii) in the case of a higher structure, have an overall square footage of at least 7,500 square feet, at least 4,000 square feet of which must be on the first floor.

(h) **Construction and Landscaping** All construction upon, landscaping of and other improvements to a Lot shall be completed strictly in accordance with the Lot Development Plan approved by the Architectural Review Board. All landscaping specified on the landscaping plan approved by the Architectural Review Board shall be installed on the Lot strictly in accordance with such approved plan within thirty (30) days following substantial completion of the Residence unless the Board agrees to a later landscaping completion date. Unless a delay is caused by strikes, war, court injunction or acts of God, the Owner of any Lot which on the date of purchase is not improved with a Residence shall commence construction of a Residence upon the Lot within two (2) years from the date the Owner acquired the Lot and shall complete construction of such Residence within one (1) year after the date of commencement of the building process, but in no event later than three (3) years after the date the Owner acquired title to the Lot; provided, however, that an Owner need not construct a Residence upon a Lot which is adjacent to a Lot upon which such Owner has constructed a Residence in which such Owner permanently resides. If the Owner fails to commence or complete construction of a Residence within the time periods specified herein, or if the Owner should, without Declarant's written approval, sell, contract to sell, convey, or otherwise dispose of, or attempt to sell, convey or otherwise dispose of, the Lot before completion of construction of a Residence on the Lot, then, in any of such events, Declarant may:

(i) re-enter the Lot and divest the Owner of title thereto by tendering to the Owner or to the Clerk of the Circuit Court of Hamilton County the lesser of (i) the same net dollar amount as was received by Declarant from such Owner as consideration for the conveyance by Declarant of the Lot, together with such actual costs, if any, as the Owner may prove to have been incurred in connection with the commencement of construction of a Residence on the Lot and (ii) the then fair market value of the Lot, as determined by averaging two (2) appraisals made by two (2) qualified appraisers appointed by the Judge of the Circuit or Superior Court of Hamilton County, Indiana.

(ii) obtain injunctive relief to force the Owner to proceed with construction of any residence, a Lot Development Plan for which has been approved by the Architectural Review Board upon application by such Owner; or

(iii) pursue such other remedies at law or in equity as may be available to Declarant.

The failure of the Owner of a Lot to apply for approval of, or receive approval from, the Architectural Review Board of a Lot Development Plan shall not relieve such Owner from his obligation to commence and complete construction of a Residence upon the Lot within the time periods specified herein. For the purposes of this sub-paragraph (h), construction of a Residence will be deemed "completed" when the exterior of the Residence (including but not limited to the foundation, walls, roof, windows, entry doors, gutters, downspouts, exterior trim, paved driveway and landscaping) has been completed in conformity with the Lot Development Plan.
(i) **Mailboxes.** All mailboxes installed upon Lots shall be uniform and shall be of a type, color and manufacture approved by the Architectural Review Board. (iv) **Drainage.** In the event storm water drainage from any Lot or Lots flows across another Lot, provision shall be made by the Owner of such Lot to permit such drainage to continue, without restriction or reduction, across the downstream Lot and into the natural drainage channel or course, although no specific drainage easement for such flow of water is provided on the Plat. To the extent not maintained by the Drainage Board, "Drainage Easements" reserved as drainage swales shall be maintained by the Owner of the Lot upon which such easements are located such that water from any adjacent Lot shall have adequate drainage along such swale. Lots within *Treesdale* may be included in a legal drain established by the Drainage Board. In such event, each Lot in *Treesdale* will be subject to assessment by the Drainage Board for the costs of maintenance of the portion of the Drainage System and the Lake Control Structures included in such legal drain, which assessment will be a lien against the Lot. The elevation of a Lot shall not be changed so as to affect materially the surface elevation or grade of surrounding Lots. Perimeter foundation drains, sump pump drains, downspouts and water softeners, shall be connected whenever feasible into a subsurface drainage tile. Downspouts and drains shall be designed to disperse runoff for overland flow to street or swale collection systems. Each Owner shall maintain the subsurface drains and tiles located on his Lot and shall be liable for the cost of all repairs thereto or replacements thereof.

(m) **Outbuildings.** Outbuildings and sheds are specifically prohibited except as allowed by the Architectural Review Board on a case by case basis.

No fence, wall, hedge or shrub planting higher than eighteen (18) inches shall be permitted between the front property line and the front building set-back line except where such planting is part of Residence landscaping and the prime root thereof is within four (4) feet of the Residence. Corner Lots shall be deemed to have two (2) front yards. Trees shall not be deemed "shrubs" unless planted in such a manner as to constitute a "hedge." All fencing shall be wrought iron in appearance, and the Architectural Review Board may not approve a fence which either is not wrought iron or does not have a wrought iron appearance. All fencing shall be uniform in height, style and color and substantially similar in material. No fence shall be erected or maintained on or within any Landscaping Easement or Sign Easement except such as may be installed by Declarant and subsequently replaced by the Corporation in such manner as to preserve the uniformity of such fence. No fence may be erected on a Lot without the prior approval of the Architectural Review Board, which shall approve or disapprove the location of all fences; however, that all fencing erected on a Lot must be erected either (i) within three (3) inches of the property line of such Lot, or (ii) more than ten (10) feet from the property line of such Lot. Owners of Lots adjoining Lots on which a fence is erected within three (3) inches of the property line shall have the right to connect his or her fence to the fence on the adjoining Lot. The Architectural Review Board may establish further restrictions with respect to fences, including limitations on (or prohibition of) the installation of fences in the rear yard of a Lot abutting a Lake and design standards for fences. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

Owners of dogs shall so control or confine them so as to avoid barking which will annoy or disturb adjoining Owners.

(i) **Exterior Lights.** No exterior lights shall be erected or maintained between the building line and rear lot line so as to shine or reflect directly upon another Lot.

(j) **Electric Bug Killers.** Electric Bug Killers, "zappers", and other similar devices shall not be installed at a location or locations which will result in the operation thereof becoming a nuisance or annoyance to other Owners, and shall be operated only when outside activities require the use thereof and not continuously.

If a variance permitting installation of a mechanical pool cover in lieu of fencing has been or may be obtained from the Zoning Authority, then the Architectural Review Board may require, as a condition to the location of a swimming pool on a Lot, that the Owner install a mechanical pool cover. If the Board imposes such requirement, then a mechanical pool cover of a type and manufacture approved by the Architectural Review Board shall be installed by the Owner in compliance with all applicable legal requirements established by the Zoning Authority as a condition to such variance, and all requirements established by the Architectural Review Board.

14(a), by act or omission seek to abandon, partition, subdivide, encumber, sell or transfer the Community Area (but the granting or easements for public utilities or other public purposes consistent with the intended use of the Community Area shall not be deemed a transfer for the purposes of this clause); (ii) fail to maintain fire and extended coverage on insurable Community Area on a current replacement cost basis in an amount at least one hundred percent (100%) of the insurable value (based on current replacement cost); (iii) use hazard insurance proceeds for losses to any Community Area for other than the repair, replacement or reconstruction of the Community Area; or (iv) fail to maintain the Reserve for Replacements in the amount required by this Declaration.

(g) **Termination of Class B Membership.** Wherever in this Declaration the consent, approval or vote of the Class B Member is required, such requirement shall cease at such time as the Class B Membership terminates, but no such termination shall affect the rights and powers of Declarant set forth in this Declaration.

(h) **Board of Directors.** During the Development Period, the Declarant shall appoint all directors, shall fill all vacancies in the Board of Directors, and shall have the right to remove any Director at any time, with or without cause. After the Development Period, the Owners shall elect a Board of Directors of the Association as prescribed by the Association’s Articles and By-Laws. The Board of Directors shall manage the affairs of the Association. Directors need not be members of the Association.

(i) **Obligations.** The obligations of the Corporation shall include the following:

(i) Maintenance of the Community Area. Maintenance of the Community Area shall include, but shall not be limited to, fertilizing, treating any Lakes, mowing and replanting when necessary of the grass and trees and maintenance of any other improvement within the Community Area, and the payment of Maintenance Costs.

(ii) Maintenance of the entry signs, permanent subdivision identification sign, mounding, screening, walls, and/or landscaping installed by the Declarant in any Common Area, or in any strip of ground designated or shown on a Plat as a landscape easement, landscape maintenance easement, landscape maintenance access easement or designated similar language indicating a landscaping purpose.
(iii) The maintenance of any Roadway.

(iv) The Corporation shall further fulfill all other obligations which, per the terms of this Declaration, it is required to fulfill.

(a) Creation of the lien and Personal Obligation of Assessments. Declarant hereby covenants, and each Owner of any Lot by acceptance of a deed thereto, whether or not it shall be so expressed in such deed, is deemed to covenant and agree, to pay to the Corporation the following:

(1) General assessments, (2) Special Assessments, such Assessments to be established and collected as hereinafter provided.

All Assessments, together with interest thereon and costs of collection thereof, shall be a charge on the land and shall be a continuing lien upon the Lot against which each Assessment is made until paid in full. Each Assessment, together with interest thereon and costs of collection and attorneys fees, shall also be the personal obligation of the Person who was the Owner of the Lot at the time when the Assessment became due.

(b) General Assessment.

(i) Purpose of Assessment. The General Assessment levied by the Corporation shall be used exclusively to promote the recreation, health, safety, and welfare of the Owners of Lots, to fulfill the obligations of the Corporation specified in this Declaration to maintain the Reserve for Replacements, and for the improvement, maintenance and operation of the Common Areas, Community Area, and all sign easements and landscape easements. The General Assessment shall also be levied for the payment of real estate taxes allocable to the Community Areas, which real estate taxes shall be paid by the Corporation from the date hereof, notwithstanding that the Declarant may retain title to all or part of the Community Area.

(ii) Basis for Assessment.

(1) Lots Generally. Each Lot owned by a person, other than Declarant, shall be assessed at a uniform rate without regard to whether a Residence has been constructed upon the Lot.

(2) Lots Owned by Declarant. No Lot owned by Declarant shall be assessed by the Corporation except such Lots as have been improved by the construction thereon of Residences which shall be subject to assessment as provided in Clause (1) above.

(3) Change in Basis. The basis for assessment may be changed with the assent of the Class B Member and of (i) two-thirds (2/3) of the Class A Members who are voting in person or by proxy at a meeting of such members duly called for this purpose.

14
(iii) **Method of Assessment.** By a vote of a majority of the Directors, the Board of Directors shall, on the basis specified in subparagraph (ii), fix the General Assessment for each assessment year of the Corporation at an amount sufficient to meet the obligations imposed by this Declaration upon the Corporation. The Board of Directors shall establish the date(s) the General Assessment shall become due, and the manner in which it shall be paid.

(iv) **Allocation of Assessment.** Except as otherwise expressly provided herein, the general assessment shall be allocated equally among owners of all Lots and shall be uniformly assessed.

(c) **Special Assessment.** The Corporation may levy in any fiscal year a Special Assessment applicable to that year and not more than the next four (4) succeeding fiscal years for the purpose of defraying, in whole or in part, the cost of any construction, repair, or replacement of a capital improvement upon or constituting a part of the Community Area, including fixtures and personal property relating thereto, provided that any such Assessment shall have the assent of the Class B Member and of a majority of the votes of the Class A members whose Lots are subject to assessment with respect to the capital improvement who are voting in person or by proxy at a meeting of such members duly called for this purpose.

(d) **Date of Commencement of Assessments.** The General Assessment shall commence with respect to assessable Lots on the first day of the month following conveyance of the first Lot to an Owner who is not Declarant. The initial General Assessment on any assessable Lot shall be One Thousand Dollars ($1,000.00) per year and shall be adjusted according to the number of whole months remaining in the assessment year.

(e) **Effect of Nonpayment of Assessments; Remedies of the Corporation.** Any Assessment not paid within thirty (30) days after the due date may upon resolution of the Board of Directors bear interest from the due date at a percentage rate no greater than the current statutory maximum annual interest rate, to be set by the Board of Directors for each assessment year. The Corporation shall be entitled to institute in any court of competent jurisdiction any lawful action to collect the delinquent Assessment plus any expenses or costs, including attorneys' fees, incurred by the Corporation in collecting such Assessment. If the Corporation has provided for collection of any Assessment in installments, upon default in the payment of any one or more installments, the Corporation may accelerate payment and declare the entire balance of said Assessment due and payable in full. No Owner may waive or otherwise escape liability for the Assessments provided for herein by non-use of the Community Area or abandonment of his Lot.

(f) **Subordination of the Lien to Mortgages.** The lien of the Assessments provided for herein against a Lot shall be subordinate to the lien of any recorded first mortgage covering such Lot and to any valid tax or special assessment lien on such Lot in favor of any governmental taxing or assessing authority. Sale or transfer of any Lot shall not affect the assessment lien. The sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall, however, extinguish the lien of such Assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any Assessments
thereafter becoming due or from the lien thereof.

(g) **Certificates.** The Corporation shall, upon demand by an Owner, at any time, furnish a certificate in writing signed by an officer of the Corporation that the Assessments on a Lot have been paid or that certain Assessments remain unpaid, as the case may be.

(h) **Exempt Property.** The following property subject to this Declaration shall be exempt from the Assessments, charge and lien created herein: (1) all properties to the extent of any easement or other interest therein dedicated and accepted by the local public authority and devoted to public use and (2) the Community Area.

(i) **Annual Budget.** By a majority vote of the Directors, the Board of Directors shall adopt an annual budget for the subsequent fiscal year, which shall provide for allocation of expenses in such a manner that the obligations imposed by the Declaration will be met.

13. **Architectural Control.**

(a) **The Architectural Review Board.** Until the end of the Development Period, an Architectural Review Board consisting of two (2) Persons shall be appointed by the Declarant. After the expiration of the Development Period, the Architectural Review Board shall be appointed by the Board of Directors.

(b) **Purposes.** The Architectural Review Board shall regulate the external design, appearance, use, location and maintenance of the Property and of improvements thereon in such manner as to preserve values and to maintain a harmonious relationship among structures, improvements and the natural vegetation and topography.

(c) **Change in Conditions.** Except as otherwise expressly provided in this Declaration, no improvements, structures, alterations, repairs, change of colors, excavations, changes in grade, planting or other work that in any way alters any Lot or the exterior of the improvements located thereon from its natural or improved state existing on the date such Lot was first conveyed in fee by the Declarant to an Owner shall be made or done without the prior approval by the Architectural Review Board of the Lot Development Plan therefor. Prior to the commencement by an Owner other than Declarant of (i) construction, erection or alteration of any Residence, building, fence, wall, swimming pool, tennis court, patio, pier, dock, recreational equipment, or other structure on a Lot or (ii) any plantings on a Lot, a Lot Development Plan with respect thereto shall be submitted to the Architectural Review Board, and no building, fence, wall, Residence, or other structure shall be commenced, erected, maintained, improved, altered, made or done, or any plantings made, by any Person other than Declarant without the prior written approval by the Architectural Review Board of a Lot Development Plan relating to such construction, erection, alteration or plantings. Such approval shall be in addition to, and not in lieu of, all approvals, consents, permits and/or variances required by law from governmental authorities having jurisdiction over **Treesdale,** and no Owner shall undertake any construction activity within **Treesdale** unless legal requirements have been satisfied. Each Owner shall complete all improvements to a Lot strictly in accordance with the Lot Development Plan approved by the Architectural Review Board. As used in this subparagraph (c), "plantings" does not include flowers, bushes, shrubs or other plants having a height of less than 18
(d) Procedures. In the event the Architectural Review Board fails to approve, modify or disapprove in writing a Lot Development Plan within thirty (30) days after such plan has been duly filed with the Architectural Review Board in accordance with procedures established by Declarant or, if Declarant is no longer a Class B member, the Lot Development Plan will be deemed to be denied. If Declarant is no longer a Class B member, a decision of the Architectural Review Board may be appealed to the Board of Directors which may reverse or modify such decision by a two-thirds (2/3) vote of the Directors then serving.

(e) Guidelines and Standards. The Architectural Review Board shall have the power to establish such architectural and landscaping design guidelines and standards as it may deem appropriate to achieve the purpose set forth in subparagraph (b) to the extent that such design guidelines and standards are not in conflict with the specific provisions of this Declaration. If Declarant is no longer a Class B member, any such guideline or standard may be appealed to the Board of Directors which may terminate or modify such guideline or standard by a two-thirds (2/3) vote of the Directors then serving.

(f) Non-Liability. Neither the Architectural Review Board, nor any agent thereof, nor the Declarant, nor the Corporation shall be liable in any way for costs, fees, damages, delays, or any charges or liability whatsoever relating to the approval or disapproval of any plans submitted to it, nor shall the Architectural Review Board, Corporation or Declarant be responsible in any way for any defects in any plans, specifications or other materials submitted to it, or for any defects in any work done according thereto. Further, the Architectural Review Board, Corporation and/or Declarant make no representation or warranty as to the suitability or advisability of the design, the engineering, the method of construction involved, or the materials to be used. All parties should seek professional construction advice, engineering, and inspections on each lot prior to proposing construction.

14 Community Area.

(a) Ownership. The Community Area shall remain private, and neither Declarant's execution or recording of any instrument portraying the Community Area, nor the doing of any other act by Declarant is, or is intended to be, or shall be construed as, a dedication to the public of such Community Area. Declarant or the Corporation may, however, dedicate or transfer all or part of the Community Area to any public agency, authority or utility for use as roads, utilities, parks or other public purposes.

(b) Density of Use or Adequacy. Declarant expressly disclaims any warranties or representations regarding the density of use of the Community Area or any facilities located thereon or the adequacy thereof for the purpose intended.

(c) Obligations of the Corporation. The Corporation, subject to the rights of Declarant and the Owners set forth in this Declaration, shall be responsible for the exclusive management and control of the Community Area and all improvements and lighting thereon (including furnishings
and equipment related thereto), and shall keep the Community Area in good, clean, attractive and sanitary condition, order and repair.

(d) Easements of Enjoyment. No Person shall have any right or easement of enjoyment in or to the Community Area except to the extent granted by, and subject to the terms and provisions of, this Declaration or resolution adopted by the Board of Directors. Such rights and easements as are thus granted shall be appurtenant to and shall pass with the title to every Lot for whose benefit they are granted. The Owners of lots abutting the Lake may use the Lake, but such use shall be limited to fishing and such other uses as may be authorized by resolution adopted by the Board of Directors. Each Owner shall have the right to use such parts of the Community Area as are reasonably required to afford access to and from such Owner's Lot.

(e) Extent of Easements. The easements of enjoyment created hereby shall be subject to the following:

(i) the right of the Corporation to establish reasonable rules for the use of the Community Area;

(ii) the right of the Corporation to mortgage any or all of the Community Area and the facilities constructed thereon for the purposes of improvements to, or repair of, the Community Area or facilities constructed thereon, pursuant to approval of the Class B member and (i) two-thirds (%) of the votes of the Class A members (excluding Declarant) or (ii) two-thirds (%) of the Mortgagors (based on one vote for each first mortgage owned), voting in person or by proxy at a regular meeting of the Corporation or a meeting duly called for this purpose; and

(iii) the right of the Corporation to dedicate or transfer all or any part of the Community Area to any public agency, authority or utility, but no such dedication or transfer shall be effective unless an instrument signed by the Class B member and (i) the appropriate officers of the Corporation acting pursuant to authority granted by two-thirds (%) of the votes of the Class A members (excluding Declarant) or (ii) two-thirds (%) of the Mortgagors (based on one vote for each first mortgage owned), agreeing to such dedication or transfer, has been recorded.

(f) Additional Rights of Use. The members of the family and the guests of every Person who has a right of enjoyment to the Community Area and facilities may use the Community Area and facilities subject to such general regulations consistent with the provisions of this Declaration as may be established from time to time by the Corporation and included within the Register of Regulations.

(g) Damage or Destruction by Owner. In the event the Community Area is damaged or destroyed by an Owner or any of his guests, tenants, licensees, agents, or member of his family, such Owner authorizes the Corporation to repair said damaged area; the Corporation shall repair said damaged area in a good workmanlike manner in conformance with the original plans and specifications of the area involved, or as the area may have been modified or altered subsequently by the Corporation in the discretion of the Corporation. The amount necessary for such repairs shall
become a Special Assessment upon the Lot of said Owner.

(h) **Conveyance of Title.** Declarant may retain the legal title to the Community Area or any portion thereof until such time as it has completed improvements thereon, but notwithstanding any provision herein, the Declarant hereby covenants that it shall convey the Lakes and Lake Control Structures to the Corporation, free and clear of all liens and financial encumbrances. Owners shall have all the rights and obligations imposed by this Declaration with respect to such Community Area prior to conveyance, except that the Corporation shall not be liable for payment of taxes and insurance for such Community Area until title is conveyed.

15. Easements

(a) **Plat Easements.** In addition to such easements as are created elsewhere in this Declaration and as may be created by Declarant pursuant to written instruments recorded in the Office of the Recorder of Hamilton County, Indiana, Lots are subject to drainage easements, sewer easements, utility easements, sign easements, entry way easements, landscaping easements, lake maintenance access easements and non-access easements, either separately or in any combination thereof, as shown on the Plat, which are reserved for the use of Owners, public utilities companies and governmental agencies as follows:

(i) **Drainage Easements.** (DE) are created to provide paths and courses for area and local storm drainage, either overland or in adequate underground conduit, to serve the needs of Treedale and adjoining ground and/or public drainage systems, and it shall be the individual responsibility of each Owner to maintain the drainage across his own Lot. Under no circumstance shall said easement be blocked in any manner by the construction or reconstruction of any improvement, nor shall any grading restrict, in any manner, the water flow. Said areas are subject to construction or reconstruction to any extent necessary to obtain adequate drainage at any time by any governmental authority having jurisdiction over drainage, by Declarant, and by the Architectural Review Board, but neither Declarant nor the Architectural Review Board shall have any duty to undertake any such construction or reconstruction. In the event the Declarant or the Architectural Review Board undertakes any such construction or reconstruction, its obligations to restore the affected real estate after any such construction or reconstruction shall be limited to re-grading and re-seeding. Under no circumstances shall the Declarant be liable for any damage or destruction to any fences, structures, or other improvements which are damaged, destroyed or remodeled by Declarant, or its agents or employees as a result of such construction or reconstruction. Said easements are for the mutual use and benefit of the Owners.

(ii) **Sewer Easements.** (SE) are created for the use of the local government agency having jurisdiction over any storm and sanitary waste disposal system which may be designed to serve Treedale for the purpose of installation and maintenance of sewers that are a part of said system.

(iii) **Utility Easements.** (UE) are created for the use of Declarant, the Corporation and all public utility companies, not including transportation companies, for the installation
and maintenance of mains, ducts, poles, lines and wires, as well as for all uses specified in the case of sewer easements.

(iv) Entry Way Easements (EWE) are hereby created in the area of the Entry Ways for the use of Declarant, the Architectural Review Board and the Corporation for the installation, operation and maintenance of the Entry Ways.

(v) Landscaping Easements (LE) are created for the use by Declarant, the Architectural Review Board and the Corporation for the planting and maintenance of trees, shrubs and other plantings.

(vi) Lake Maintenance Access Easements (LMAE) are created for the use of Declarant, the Corporation, the Drainage Board and the Clay Township Regional Waste District for the purpose of gaining access to the Lake, the Lake Control Structures, the Drainage System in the course of maintenance, repair or replacement of any thereof.

(vii) Non-Access Easements are depicted on the Plat and are created to preclude access from certain Lots to abutting rights-of-way across the land subject to such easements. No planting shall be done, and no hedges, walls, or other improvements shall be erected or maintained in the area of such easements except by the Declarant during the Development Period and, thereafter, by the Association. No fences shall be erected or maintained in the area of such easements.

(viii) Sign Easements - There are strips of grounds shown on the Plat and reserved for mounding easements, landscape easements, and sign easements. Declarant hereby reserves unto itself during the Development Period and thereafter unto the Association, such easements for the purposes of providing signs which either (i) advertise the Property, and the availability of Lots the identity of participating builders, or events, or (ii) identify the Property. Declarant reserves unto itself during the Development Period and thereafter unto the Association, the exclusive and sole right to erect signs and install landscaping, mounding, and screening within these strips of ground shown on the Plat as landscaping, mounding, and sign easements. No planting shall be done, and no hedges, walls, or other improvements shall be erected or maintained in the area of such easements except by the Declarant during the Development Period and, thereafter, by the Association. No fences shall be erected or maintained in the area of such easements, except as may be installed by the Declarant.

(iv) Community Area Access Easement - The Declarant and the Corporation shall have an undefined easement over any and all Lots for the purpose of gaining access to any Community Area in order to maintain or repair said Community Area.

All easements mentioned herein include the right of reasonable ingress and egress for the exercise of other rights reserved. No structure, including fences, shall be built on any drainage, sewer or utility easement, but a paved driveway necessary to provide access to a Lot from a public street or roadway shall not be deemed a "structure" for the purpose of this Restriction.

(b) General Easement. There is hereby created a blanket easement over, across, through and
under the Property for ingress, egress, installation, replacement, repair and maintenance of underground utility and service lines and systems, including but not limited to water, sewers, gas, telephones, electricity, television, cable or communication lines and systems. By virtue of this easement it shall be expressly permissible for Declarant or the providing utility or service company to install and maintain facilities and equipment on the Property and to excavate for such purposes if Declarant or such company restores the disturbed area. All such restoration shall be limited to re-seeding and re-grading only and Declarant shall be under no obligation to repair or replace any improvements or landscaping. No sewers, electrical lines, water lines, or other utility service lines or facilities for such utilities may be installed or relocated in the Property except as proposed and approved by Declarant prior to the conveyance of the first Lot in the Property to an Owner or by the Architectural Review Board thereafter. Should any utility furnishing a service covered by the general easement herein provided request a specific easement by recordable document, Declarant or the Corporation shall have the right to grant such easement on the Property without conflicting with the terms thereof. This blanket easement shall in no way affect any other recorded easements on the Property, shall be limited to improvements as originally constructed, and shall not cover any portion of a Lot upon which a Residence has been constructed.

(c) Public Health and Safety Easements. An easement is hereby created for the benefit of, and granted to, all police, fire protection, ambulance, delivery vehicles, and all similar Persons to enter upon the Community Area in the performance of their duties.

(d) Drainage Board Easement. An easement is hereby created for the benefit of, and granted to, the Drainage Board to enter the Property and all Lots therein to the extent necessary to exercise its rights with respect to all or any part of the Drainage System or Lake Control Structures which are included within any legal drain.

(e) Crossing Underground Easements. Easements utilized for underground service may be crossed by driveways, walkways and Lake Access Easements provided prior arrangements are made with the utility company furnishing service. Such easements as are actually utilized for underground service shall be kept clear of all other improvements, including buildings, patios, or other pavings, other than crossings, driveways, walkways or Lake Access Easements, and neither Declarant nor any utility company using the easements shall be liable for any damage done by either of them or their assigns, agents, employees, or servants to shrubbery, trees, flowers or other improvements of the Owner located on the land covered by said easements.

(f) Declarant's Easement to Correct Drainage. For a period of ten (10) years from the date of conveyance of the first Lot in the Property, Declarant reserves a blanket easement and right on, over and under the ground within the Property to maintain and to correct drainage of surface water in order to maintain reasonable standards of health, safety and appearance. Such right expressly includes the right to cut any trees, bushes or shrubbery, make any grading of the soil, or to take any other similar action reasonably necessary. If such grading or cutting of trees, bushes or shrubbery is in an area designated on the Plat as a Drainage Easement, then Declarant's obligation to restore the affected real estate shall be limited to re-grading and re-seeding, and neither the Declarant nor its agents, employees or assignees shall be liable for any damage or destruction to any improvements, structures or fencing located on or in such existing Drainage Easement. If such
grading or cutting of trees, bushes or shrubbery is not in an area already designated on the Plat as a Drainage Easement, Declarant will restore the affected property to its original condition as nearly as practicable. Declarant shall give reasonable notice of its intention to take such action to all affected Owners, unless in the opinion of Declarant an emergency exists which precludes such notice.

(g) Water Retention. The Owner of each Lot, by acceptance of a deed thereto, consents to the temporary storage (detention) of storm water within the drainage easements (DE) on such Owner’s Lot.

(h) Limited Common Area. The strip of ground identified on the Plat as “Limited Common Area” shall be a private street which will not be dedicated to the public and which will provide vehicular and pedestrian ingress and egress to the two (2) Lots identified on the Plat as Lot 9 and Lot 10. The Owner of said Lot 9 and the Owner of said Lot 10 shall maintain the Limited Common Area and shall split, 50-50, all costs of maintenance and repair of the Limited Common Area. The Declarant, in the Declarant’s sole and absolute discretion, may at any time convey the Limited Common Area to the Owner of said Lot 9 and the Owner of said Lot 10, subject to (i) their joint obligation of maintenance and repair, and (ii) a reciprocal, appurtenant, perpetual easement, in favor of the Owner of said Lot 9 and the Owner of said Lot 10, over and across the Limited Common Area, for vehicular and pedestrian ingress and egress.

16. Declarant’s Use During Construction. Notwithstanding any provisions to the contrary contained herein or in any other instrument or agreement, Declarant or its sales agents or contractors may maintain during the period of construction and sale of Lots and Residences in the Property, upon such portion thereof as is owned or leased by Declarant, such facilities as in the sole opinion of Declarant may be reasonably required, convenient or incidental to the construction and sale of Lots and Residences, including, but without limiting the generality thereof, a business office, storage area, construction yards, signs, model Residences and sales offices.

17. Enforcement. The Corporation, any Owner or Declarant shall have the right to enforce, by proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration, but neither Declarant nor the Corporation shall be liable for damage or any kind to any Person for failure either to abide by, enforce or carry out any of the Restrictions. No delay or failure by any Person to enforce any of the Restrictions or to invoke any available remedy with respect to a violation or violations thereof shall under any circumstances be deemed or held to be a waiver by that Person of the right to do so thereafter, or an estoppel of that Person to assert any right available to him upon the occurrence, recurrence or continuation of any violation or violations of the Restrictions. In any action by Declarant, the Corporation or an Owner to enforce this Declaration, such party shall be entitled to recover all costs of enforcement, including attorneys’ fees, if it substantially prevails in such action.

18. Approvals by Declarant. As long as there is a Class B Member, the following actions shall require the prior approval of Declarant: the dedication or transfer of the Community Area; the merger or consolidation of the Property with other real estate; mortgaging of the Community Area;
19. Amendments.

(a) Generally. This Declaration may be amended at any time by an instrument signed by both (i) the appropriate officers of the Corporation acting pursuant to the authority granted by not less than two-thirds (2/3) of the votes of the Class A members cast at a meeting duly called for the purpose of amending this Declaration and, (ii) the Declarant per the terms of subparagraph 19(b) below, so long as the Declarant still owns at least one (1) Lot.

(b) By Declarant. Declarant hereby reserves the right unilaterally to amend and revise the standards, covenants and restrictions contained in this Declaration during the period prior to December 31, 2010. Such amendments shall be in writing, executed by Declarant, and recorded with the Recorder of Hamilton County, Indiana.

(c) Effective Date. Any amendment shall become effective upon its recoradation in the office of the Recorder of Hamilton County, Indiana.

20. Interpretation. The underlined titles preceding the various paragraphs and subparagraphs of this Declaration are for convenience of reference only, and none of them shall be used as an aid to the construction of any provision of this Declaration. Wherever and whenever applicable, the singular form of any work shall be taken to mean or apply to the plural, and the masculine from shall be taken to mean or apply to the feminine or to the neuter.

21. Duration. The foregoing covenants and restrictions are for the mutual benefit and protection of the present and future Owners, the Corporation, and Declarant, and shall run with the land and be binding on all parties and all Persons claiming under them until January 1, 2021, at which time said covenants and restrictions shall be automatically extended for successive periods of ten (10) years, unless changed in whole or in part by vote of those Persons who are then the Owners of a majority of the Lots in the Property.

22. Severability. Every one of the Restrictions is hereby declared to be independent of, and severable from, the rest of the Restrictions and of and from every other one of the Restrictions, and of and from every combination of the Restrictions. Therefore, if any of the Restrictions shall be held to be invalid or to be unenforceable, or to lack the quality of running with the land, that holding shall be without effect upon the validity, enforceability or "running" quality of any other one of the Restrictions.

23. Non-Liability of Declarant. Declarant shall not have any liability to an Owner or to any other Person with respect to drainage on, over or under a Lot. Such drainage shall be the responsibility of the Owner of the Lot upon which a Residence is constructed and of the builder of such Residence, and an Owner, by an acceptance of a deed to a Lot, shall be deemed to agree to indemnify and hold Declarant free and harmless from and against any and all liability arising from, related to, or in connection with drainage on, over and under the Lot described in such deed.
Declarant shall have no duties, obligations or liabilities hereunder except such as are expressly assumed by Declarant, and no duty of, or warranty by, Declarant shall be implied by or inferred from any term or provision of this Declaration.

IN TESTIMONY WHEREOF, witness the signatures of Declarant as of the date set forth above.
