SECTION 6- COMMON AREA

6.1 No Common Areas exist as set forth on the plat of HIGHLANDS AT HESS CREEK – PHASE 1

SECTION 7- ARCHITECTURAL REVIEW COMMITTEE (ARC)

7.1 No improvement shall be commenced, erected, placed or altered on any Lot until
the construction plans and specifications showing the nature, shape, heights, materials, colors, and proposed location of the improvement have been submitted to and approved in writing by the ARC. It is the intent and purpose of this Declaration to assure quality of workmanship and materials and to assure harmony of exterior design with the existing improvements and landscaping. The ARC is not responsible for determining compliance with structural and building codes, solar ordinances, zoning codes or other governmental regulations, all of which are the responsibility of the Lot Owners. The procedure and specific requirements for review and approval of construction may be set forth in design guidelines adopted from time to time by the ARC. Construction by the Declarant is presumed to have been approved and is thereby exempt from the review. In all cases which the ARC consent is required by this Declaration, the Provision of this Article shall apply.

7.2 The ARC shall consist of no fewer than three (3) members and no more than five (5) members. The Declarant reserves the right to appoint all members of the ARC and all replacements thereto until turnover. The Declarant may appoint a single person to serve as the ARC.

7.3 Except as otherwise provided in this Declaration, a majority of the members of the ARC shall have the power to act on behalf of the ARC, without the necessity of a meeting and without the necessity of consulting the remaining members of the ARC. The ARC may render its decision only by written instrument setting forth the action taken by the members consenting thereto.

7.4 The ARC shall consider and act upon the proposals and/or plans submitted pursuant to this Article. The ARC, from time to time and at its sole discretion, may adopt architectural rules, regulations, and guidelines ("Architectural Standards"). The Architectural Standards shall interpret and implement the provisions of this Declaration for architectural review and guidelines for architectural design, placement of buildings, color schemes, exterior finishes and materials and similar features which may be used in the Property; provided, however that the Architectural Standards shall not be in derogation of the minimum standards established by this Declaration.

7.5 The ARC shall render its approval or denial decision with respect to the construction proposal within twenty (10) working days after it has received all material required by it with respect to the application. All decisions shall be in writing. In the event that ARC fails to render its decision of approval or denial in writing within sixty (30) day of receiving all material required by it with respect to the proposal, the application shall be deemed approved. Approval by the ARC does not imply government approval which is solely the responsibility of the Owner.

7.6 The ARC may, at its sole discretion, withhold consent to any proposed work if the ARC finds the proposed work would be inappropriate for the particular Lot or incompatible with the design standards that the ARC intends for the Property. Consideration such as sitting or location on the Lot, shape, size, color, design, height, solar access, or other affect on the enjoyment of other Lots of the Common Area, and any other factors which the ARC reasonably believe to be relevant, may be taken into consideration by the ARC in determining whether or not to consent to any proposed work.
7.7 Consent by the ARC to any matter proposed to it or within its jurisdiction shall not be deemed to constitute a precedent or waiver impairing the ARC’s right to withhold approval as to any similar matter thereafter proposed or submitted to it for consent.

7.9 The ARC’s consent to any proposed work shall automatically be revoked three (6) months after issuance unless construction of the work has been commenced or the Owner has applied for and received an extension of time from the ARC.

7.10 The ARC shall inspect, from time to time, all work performed and determine whether it is in substantial compliance with the approval granted. If the ARC finds that the work was not performed in substantial conformance with the approval granted, or if the ARC finds that the approval required was not obtained, the ARC shall notify the Owner in writing of the noncompliance. The notice shall specify the particulars of any noncompliance and shall require the Owner to take the necessary action to bring the work into compliance with the approved project.

7.11 If the ARC determines that an Owner has not constructed an improvement consistent with the specifications on which approval is based, and if the Owner fails to diligently commence to remedy such noncompliance in accordance with the provisions of the notice of noncompliance, then at the expiration of the third (3’rd) day from the date of such notification, the ARC shall provide a notice of a hearing to consider the Owner’s continuing noncompliance. The hearing shall be set no more than thirty (30) days from the date of the notice of noncompliance. At the hearing, if the ARC finds that there is a non valid reason for the continuing noncompliance, the ARC shall determine the estimated costs of correcting it. The ARC shall then require the Owner to remedy or remove the same within a period of not more than ten (10) days from the date of the ARC’s Determination. If the Owner does not comply with the ARC’s ruling within such period or within any extension of such period as the ARC, at its discretion, may grant, the Association may (a) remove the noncomplying improvement, (b) remedy the noncompliance, or (c) fine Owner and his Lot, including all attorney’s fees and other costs expended and incurred to enforce compliance before suit or action is filed and at trial or on any appeal or review therefrom.

7.12 Neither the ARC, their agents, nor any member thereof shall be liable to any Owner, Occupant, or builder for any damage, loss or prejudice suffered or claimed to be suffered arising from any action by the ARC or a member thereof or failure of the ARC or a member thereof, provided only that the member has acted in good faith in accordance with the actual knowledge possessed by him.

7.13 Within fifteen (15) working days after written request is delivered to the ARC by an Owner, and upon payment to the ARC of a reasonable fee fixed by the ARC to cover costs, the ARC shall provide such Owner with a certificate executed by the Chairman of the ARC, and acknowledged, certifying with respect to any Lot owned by the Owner, that as of the date thereof either (a) all improvements made or done upon or within such Lot by the Owner comply with this Declaration, or (b) such improvements do not comply, in which event, the certificate shall also identify the noncomplying improvements and set forth with particularity the nature of such noncompliance. The Owner, his/her/their heirs, devisees, successors and assigns shall be entitled to rely on the certificate with respect to the matters set forth. The certificate shall be conclusive
as between the Declarant, the ARC the Association and all Owners, and all such persons deriving an interest through any of them.
