DECLARATION OF RESTRICTIONS

WHEREAS, The Title Guarantee & Trust Company, an Ohio corporation, as Trustee, hereinafter called "Owner," is the owner of Lots 1 through 62, inclusive, being all the lots in Farmbrook Estates Plat 1, a Subdivision in Sylvania Township, Lucas County, Ohio, designated on a plat of said subdivision recorded in Volume 83 at Pages 10 and 11 of the Lucas County, Ohio Plat Records; and

WHEREAS, The Ohio Citizens Trust Company, hereinafter called "Mortgagee" is the holder of a certain mortgage on certain of said lots recorded as Microfiche No. 79939E00 in the Lucas County Mortgage Records; and

WHEREAS, it is desired to develop Farmbrook Estates Subdivision 1 as an attractive and pleasant subdivision to the benefit of future owners of lots therein and other residents of Sylvania Township and for such purpose to establish restrictions and an Architectural Control Committee.

NOW, THEREFORE, in consideration of the premises and in consideration of the enhancement in value thereof and to afford purchaser protection in the use and occupancy thereof for the purpose of which the same are designated and to provide a uniform plan for the improvement, development, use, occupancy and enjoyment of said Farmbrook Estates Subdivision Plat 1 as an architecturally harmonious, artistic and desirable subdivision, the Owner and the Mortgagee, for themselves, their respective successors and assigns, hereby stipulate and declare that each lot and parcel in said Farmbrook Estates Subdivision Plat 1 shall hereafter be conveyed by it and its successors and assigns subject to the restrictions hereinafter set forth:

1. An Architectural Control Committee is hereby established consisting of William J. Lencechi, Harold L. Farlin and William Mitchell.
2. The members of said Architectural Control Committee shall serve until their incapacity, resignation or death. Upon the incapacity, resignation or death of a member of the Architectural Control Committee, his successor shall be appointed by the remaining members of the Committee within six (6) months of the incapacity, death or resignation of a member. In the event of the incapacity, resignation or death of a member of the Committee, and his successor is not appointed within six (6) months thereafter, the successor member shall be appointed by the owners of a majority of the lots in said subdivision.

3. The lots located within Farbrook Estates Subdivision Plat I shall be used for such purposes as are permitted by present zoning of Sylvania Township. No lot shall be used for any purpose not presently permitted by the zoning of Sylvania Township without approval of the Architectural Control Committee; this provision is intended to and shall prohibit a change of presently permitted use by change of zoning without approval of the Architectural Control Committee.

4. Single family dwellings shall have a minimum of 975 square footage of liveable area exclusive of porches and shall have an attached or an integral garage with space for not less than one (1) automobile.

5. No building, basement, swimming pool, tennis court, fence, wall, hedge, or other enclosure, or any utility meter, or other structure of any sort shall be erected, placed or maintained on any lot in said subdivision nor shall any change, addition to or alteration thereof affecting the outward appearance thereof be made unless the same shall be in accordance with detailed plans and specifications therefor showing the size, location, type, architectural
design, quality, cost, use and material of construction thereof, 
the color scheme therefor, the grading plan of the lot, and the 
finished grade elevation thereof, which detailed plans and spec-
ifications have first been approved in writing by the Architectural 
Control Committee. All such plans and specifications must be pre-
pared by a competent architect or draftsman. If the Architectural 
Control Committee shall fail to approve or disapprove any proposed 
plans and specifications within thirty (30) days after the same 
shall have been submitted to it for approval, such plans and spec-
ifications shall be deemed to have received the approval of said 
Committee.

It is requiring the submission of detailed plans and 
specifications as herein set forth, the parties hereto have in-
vited the development of said subdivision as an architecturally 
harmonious, artistic and desirable residential subdivision and in 
approving or withholding its approval of any detailed plans and 
specifications as submitted, the Architectural Control Committee, 
or its successors and assignees, may consider the appropriateness of 
the improvement contemplated in relation to improvements on con-
tiguous or adjacent lots, its artistic and architectural merits, 
its adaptability to the lot on which it is proposed to be made, and 
such other matters as may be deemed to be in the interest and bene-
fit of the owners of the lots in said subdivision as a whole and any 
determination made by the Architectural Control Committee in good 
faith shall be binding on all parties in interest.

7. No structure or any part thereof, other than a fence, 
hedge, wall, or other enclosure which shall first have been approved 
as provided in paragraph 6 above, shall be erected, placed or main-
tained on any lot nearer to the front or street line of lines than
the building setback line or lines shown on the recorded plat. No
structure of any sort shall be erected, placed or maintained on any
lot nearer to any side lot line or rear lot line than shall be re-
quired by the appropriate zoning and building requirements of Sylvania
Township.

6. No portion of any residential lot or structure thereon
shall be used or permitted to be used for any business purpose what-
soever and no meetings, meetings, or reasonably disturbing activity
shall be carried on upon any part or in any part of said subdivision,
nor shall anything be done thereon which may be or become an anno-
unciation or nuisance in said subdivision.

7. No trailer, basement, tent, shack, garage, barn, house,
or any other temporary shelter or housing device shall be maintained
or used as a residence, temporarily or permanently, in said subdivi-
sion. No mobile home located in said subdivision shall be used as a
residence until the exterior thereof has been completed in accordance
with the detailed plans and specifications approved therefor
as provided in paragraph 5 above.

8. No fences shall be located on any lot except
for a fence of building material type.

9. Any truck, boat, bus, tent, house car, camper, trailer
or other similar housing or recreational device, if stored on any
said lot, shall be housed within a garage building.

10. Said premises shall not be used for the storage of
automobiles, building or yard debris and all other
material except that during the period of
improvement of said lot, building materials
necessary to the construction of such improvement may be stored
thereon. No building material not incorporated
in said improvement within ninety (90) days after its delivery to
such lot shall be removed therefrom. All improvements must be
completed by the owner within one (1) year from the date of the be-
ginning of the construction thereof. No sod, dirt or gravel other
than incidental to construction of approved improvements, shall be
removed from said lot without the written approval of the Archi-
tectural Control Committee and the处方ors and assessors.

10. No portion of any lot nearer to any street than the
building setback line or lines shown upon the recorded plat of said
subdivision shall be used for any purpose other than that of a law
provided, however, this covenant shall not be construed to prevent
the use of such portion of said lot for walks, drives, trees, shrub-
ners, flower beds, ornamental plants, shrubbery, fences, walls or other
improvements which shall first have been approved as provided in
paragraph 9 above for the purpose of beautifying said lot, but shall be
construed to prohibit the planting or maintaining of vegetable and fruit
thereon.

14. No weeds, underbrush, or other unsightly growths or
trash of any kind, shall be placed, be permitted to grow, or sur-
face to remain on any part of said premises. No trash, litter, out-
door furniture, or other debris, or flammable gas or smoke shall be
placed within twenty (20) feet of any adjoining lot line.

16. Any tanks for the storage of propane gas or fuel oil
shall be located and buried beneath the ground level; provided, how-
ever, propane tanks for service to the entire subdivision may be
located above ground.

19. The Architectural Control Committee shall have the
right in the event of any action or condition which the Architec-
tural Control Committee or its successor and assigns determine
to be in violation of these restrictions to enter the property upon
which such violation is deemed by it to exist and to summarily
abate and remove at the expense of the owner thereof the structure,
or condition deemed by it to be in violation hereof, and said Archi-
nectural Control Committee or their successors and assigns shall
not by reason thereof be guilty in any manner of trespass for such
entry, abatement or removal or liable for damages by reason thereof
to any person whatsoever. Any failure to enforce these restrictions
shall not be deemed a waiver thereof or any acquiescence in or con-
sent to any continuance, further or succeeding violation hereof. If,
in the opinion of the Architectural Control Committee by reason of
the shape, dimensions or topography of a particular lot in the sub-
division, enforcement of these restrictions with respect to size of
structure would constitute a hardship, the Architectural Control
committee may permit a variation which will in its judgment be in
keeping with the maintenance of this subdivision as a desirable
subdivision.

15. The Architectural Control Committee shall have the
sole and exclusive right to establish grades and slopes on all
lots in said subdivision and to fix the grade at which any residence
shall hereafter be erected or placed thereon so that the same may
comply to the general plans of development. All such grades and
slopes shall be established on the engineering plans submitted to
and approved by the Architectural Control Committee.

16. All rubbish, and debris, combustible and non-combust-
able, and all trash shall be stored in underground containers,
or stored and maintained in containers entirely within the garage
or basement, however, if open doors, combustible and non-combust-
able, and garbage may be in outside containers if approved.
by the Architectural Control Committee. Additional regulations for
the storage, maintenance, and disposal of rubbish, debris, leaves
and garbage may from time to time be established by the Architectural
Control Committee or their successors and assigns.

19. No well for the production of gas, water, oil or
otherwise, whether intended for temporary or permanent purposes, shall
be drilled or maintained on any lot, nor shall such premises be otherwise
used in any way which may endanger the health or unreasonably
disturb the reasonable use of adjacent premises.

20. Any violation or attempt to violate any of the coven-
ants or restrictions herein while the same are in force shall be
unlawful. Any other person or persons holding any lot in said sub-
division in possession of the same, or in equity against the person or persons holding the same, covenant any such
covenants or restrictions herein as to prevent any person so doing to
cause the removal of same shall be subject to the judgments of the other
parties for violation of said covenants.

21. All tracts and portions of each and every lot
of said subdivision shall be subject to said covenants and
restrictions.

22. There shall be taken to be real covenants running with the land and shall be binding upon all
parties, persons and corporations owning or acquiring land in
said subdivision and their heirs, executors, administrators, suc-
cessors and assigns until December 31, 1985, and these restrictions
shall be automatically ended in their entirety for successive
periods of ten (10) years unless by appropriate instrument in
writing and consenting to their termination in whole or in part
shall be filed for record, executed and acknowledged by the owners.
of not less than a majority of the lots.

23. Only the lots contained in said Farmbrook Estates Subdivision Plat I shall be subject to and bound by the restrictions, covenants, and conditions set out in this instrument and none of said provisions shall in any manner affect or be operative in respect of any other lands of the Owner or its successors or assigns.

24. Any and all of the rights, powers, duties and obligations which, in this instrument are assumed by, reserved to or given to the Architectural Control Committee, may be assigned or transferred to any one or more corporations or associations which will agree to assume and perform the same. Any such assignment or transfer shall be made by appropriate instrument in writing in which the assignee or transferee shall join for the purpose of evidencing its acceptance of such rights, powers, duties and obligations. Which instrument shall be recorded and such assignment or transfer shall thereupon have the same rights and powers and be subject to the same obligations and duties as are herein given to and assumed by said Architectural Control Committee. In the event of such assignment or transfer, the assignor or transferor and its successors and assigns or said Architectural Control Committee, shall thereupon be released from all the rights, powers, duties and obligations in this instrument reserved to or given to and assumed by said Architectural Control Committee. The right of assignment hereby reserved to the Architectural Control Committee is so reserved to the end that the rights, powers, duties and obligations reserved or given to it may be assigned to an association or corporation formed by the owners of lots in said subdivision or in said subdivision together with contiguous subdivisions, for the purpose of accepting said assignment; and such assignment may be made at such
time as the Architectural Control Committee may determine. Whenever in this instrument reference is made to said Architectural Control Committee, such reference shall be deemed to include the successors and assigns of said Committee.

23. It is expressly agreed that if any covenant or condition or restriction hereinabove contained, or any portion thereof, is invalid or void, such invalidity or voidness shall in no way affect any other covenant, condition, or restriction.

IN WITNESS WHEREOF, The Title Guarantee & Trust Company, Trustee, and The Ohio Citizens Trust Company, as Mortgagor, have caused this instrument to be executed by their respective duly authorized representatives this 12th day of October, 1979.

design, quality, cost, use and material of construction thereof, the color scheme thereof, the grading plan of the lot, and the finished grade elevation thereof, which detailed plans and specifications have first been approved in writing by the Architectural Control Committee.
