The Developer shall approve, reject, or approve with modifications all submissions within thirty (30) days after submission of the plans and specifications required hereunder. Failure to so respond within such period shall be deemed to be disapproval of the submission. The plans and specifications to be submitted shall show the size, location, type, architectural design, quality, use, construction materials and color scheme of the proposed building, structure or improvement, the grading plan for the building site and the finished grade elevation thereof. Such plans and specifications shall be prepared by a competent architect or draughtsman and two (2) complete sets shall be furnished to the Developer so that the Developer may retain a true copy thereof with its records. No prefabricated, manufactured, or modular homes or residences shall be approved for construction within the Subdivision.

Without limiting any of the foregoing or anything contained in this Declaration applicable thereto, all lots within the Subdivision that are located adjacent to the Salisbury Quarry (as hereinafter defined) shall also be subject to the following restrictions:

(b) Any lot owner who desires to have a dock and stairways or other access apparatus to any such dock located on and/or appurtenant to such lot must receive the prior written approval of the Developer as to the location, materials, lighting and any and all other elements of any such proposed dock, stairway and/or other access apparatus; it being expressly understood and agreed that no docks in excess of 100 square feet will be approved and no plastics or other such materials will be permitted for docking or stairway purposes (natural building products are expressly favored).

(c) All rear lighting for any residences, docks, stairways, etc. for all lots will be subject to prior written approval of the Developer before installation so as to ensure that such lighting does not in the Developer's sole and exclusive discretion adversely affect neighboring lots or those lots located across the Salisbury Quarry from any such lot.

(d) The Developer shall have sole, exclusive and unfettered discretion as to the approval of the location of all structures, improvements and/or materials, including landscaping, on any lot so as to protect the view and enjoyment of the Salisbury Quarry for all lot owners. Under no circumstances will any structure or improvement on any lot abutting Salisbury Quarry intrude beyond the rear building line established on the applicable plat.

2.2 Architectural Standards, Harmonious Plan. In requiring the submission of detailed plans and specifications as herein set forth, Developer intends to assure the development of Graycliff as an architecturally harmonious, artistic and desirable single-family residential subdivision, with individual residences to be constructed in such architectural styles, or with such materials, in such colors, and located in such manner as to, in the sole judgment of the Developer, complement one another and promote the harmony and desirability of the Subdivision taken as a whole. In approving or withholding its approval of any plans and specifications, the Developer shall have the right to consider the suitability of the proposed building or structure and of the materials of which it is to be built to the building site upon which it is to be erected. The Developer will not approve designs which are in conflict with the aesthetic standards of the community.

2.3 Location and Building of Structures, Decorative Wall and Sprinkler Systems. No dwelling or the wall required under this Section shall be erected, reconstructed, placed or suffered to remain upon any lot nearer the front or street line or lines than the building setback lines as shown on Plat Three, nor nearer to any side line or rear line that shall be determined by Developer in writing at the time of the approval of the plans and specifications for said dwelling. This restriction as to the distances at which said dwelling shall be placed from the front, side and rear lines of said lot, shall apply to and include, porches, verandas, porte cochere, and other similar projections of any such dwelling or wall. Under no circumstances shall any owner or any contractor while in the process of construction on any lot permit the parking of any vehicles and/or the storage of any materials or debris whatsoever on any other lot not owned by such owner whether adjacent or not, and whether said other lot is vacant or not. Any lot owner who violates this just-mentioned prohibition shall be responsible for any damage caused by such
unauthorized use of any other lot. All lots shall be serviced by underground automated sprinkler systems giving one hundred (100%) percent lot coverage installed at time of construction and continuously maintained in operating condition thereafter. All lots shall have constructed on them a decorative wall, harmonious in style and design with the dwelling constructed thereupon, which shall contain only one opening for curb-out access and shall otherwise be approved in all respects by Developer under Section 2.1 hereof. All wall columns will be uniform in size and the wall and columns will contain such materials and be of such colors approved by the Developer in its sole discretion. Developer has on file a typical drawing of such wall columns.

2.5 Fencing, Swimming Pools and Other Above-Ground Improvements or Property. Without limiting any of the foregoing, the location, height, composition, fencing, screening, elevation and all other aspects of any in-ground swimming pool shall be subject to the prior written approval of the Developer. Further, all applicable zoning and/or other governmental laws and regulations shall be complied with by any owner when installing any such pool. No sheds, garages, enclosures, television satellite dishes, or other such removable property of any kind shall be permitted on any lot unless first the plans and specifications therefore are submitted to and approved by the Developer in writing.

2.6 Driveway and Sidewalks. In addition to the specific recitations contained in Plat Three pertaining to the installation of sidewalks, the owner of each lot in the Subdivision agrees that he shall be responsible for the installation of public sidewalks within the right-of-way adjacent to any particular lot at such time as a residence is constructed thereupon or at such time as the governing authority or authorities instruct an owner or the Developer to do so. All such sidewalks shall be installed completely through all driveway areas. Each owner who fails to so construct such public sidewalks shall be subject to a lien against the particular lot in question in the Developer’s favor for the cost of same in the event the Developer has to construct and pay for such sidewalks due to such failure on the part of the owner. All driveways in the Subdivision shall either be asphalt or some other permanent hard surface approved by the Developer in its sole discretion. The location and design of all driveways, if not now established shall be determined by Developer in writing at the time of approval of the plans and specifications for any dwelling. Location and specifications for construction of any driveway shall be submitted to Developer and its approval thereof endorsed therein in writing.

2.7 Building Lines and Landscaping. No structure or any part thereof shall be erected, placed or maintained on any lot in Greycliffe nearer to the front or street line or lines than the building setback lines as shown on the Plat. Said portion of any lot shall not be used for any purpose other than that of a lawn. Nothing herein contained, however, shall be construed as preventing the use of such portion of any lot for privacy walks, driveways, if otherwise permitted, the planting of trees or shrubbery, the growing of flowers or ornamental plants, or stationary fountains and similar adornments, for the purpose of beautifying any lot, but no vegetables, so called, nor grains of the ordinary garden or field variety shall be grown on the front or side yards on such portion thereof, and no weeds, underbrush or other unsightly growths, shall be permitted to grow or remain anywhere upon any lot, and no unsightly objects shall be
allowed to be placed or suffered to remain anywhere thereon. No landscaping, hedge, or wall or
enclosure of any kind for any purpose, shall be erected, placed or suffered to remain upon any
lot, until the written consent of Developer shall have been first obtained therefore and shall be
subject to the terms and conditions of said consent as to its type, height, width, color, upkeep and
any general conditions pertaining thereto that said consent may name. No tree greater than six
(6) inches in diameter (as measured 3 feet above existing grade) shall be removed from any lot or
destroyed for purposes of construction unless approved in writing by the Developer pursuant to
Section 2.1 hereof. Each lot owner shall also be responsible for the planting on his lot of any
trees required by the City of Massena, New York ordinance.

It is expressly provided and understood that Developer in developing Greycliff is
attempting to create a unique single-family environment with a uniform appearance and feel in
certain respects (for example requiring each lot to have a decorative wall to give the Subdivision
a unique uniform street appearance). In that regard, the Developer has created for Greycliff a
detailed landscaping plan for the entire Subdivision, which is on file with the Developer, and
which must be followed and maintained by each lot owner in the construction and maintenance
of his respective dwelling. Each lot owner must therefore have his landscaping plan approved by
Developer before installation to insure compliance with said master plan.

2.8 Establishment of Grades; Drainage Plan. Developer shall have the sole and
exclusive right to establish grades, slopes and swales on all residential lots and to fix the grade at
which any buildings or structures shall be erected or placed thereon, so that the same may
conform to a general plan for the development of Greycliff. Deviation of 12° or more
from such established grades is strictly prohibited unless approved by the Developer in writing.

It is specifically stipulated that with respect to all lots in Plat Three there is a
drainage/grading plan on file with the Lucas County Engineer. All lots shall be graded and
developed in strict conformance with said established drainage/grading plan. All structures or
residence dwellings built or constructed upon residential lots shall be erected at an elevation of
not less than that shown and established on certain improvement plans on file at the office of the
Lucas County Engineer. In addition, the remaining portions of any residential lot upon which a
structure or residence dwelling is erected shall be graded on a regular slope from the area of the
structure or residence dwelling to the street pavement, except in cases of welling of trees or other
natural vegetation, in accordance with certain grading, sloping and elevation requirements set
forth in drawings on file at the office of the Lucas County Engineer.

Under no circumstances, unless written approval of the Developer is first obtained, shall
contiguous residences have a difference in elevation of more than one (1) foot at any place where
situated.

Permanent storm sewer pick-ups/catch basins are located on various residential lots
throughout the Subdivision. Such permanent storm sewer pick-ups/catch basins may not under
any circumstances be covered over, altered or eliminated by the owners of the residential lots
upon which such pick-ups/catch basins are located.

2.9 Basketball Backboards. No basketball backboard shall be erected or attached to
the front of any residence or garage or beyond the building line as set forth in Plat Three and all
such basketball backboards wherever or wherever erected shall be approved by Developer in
writing.
2.10 **Mailbox and/or Paper Delivery.** The Developer shall have the exclusive right to determine the location, color, composition size, design, lettering and standards and brackets of any mail and paper delivery boxes, provided, however, all mailboxes shall in any event be located per the applicable U.S. Postmaster’s directions. The owner of a residential lot shall maintain the mailbox and/or paper delivery box and replace the same when necessary with a mailbox and/or paper delivery box of exact type, look and quality. A drawing of an approved mailbox is on file at Developer’s office for inspection by all lot owners.

2.11 **Wall and Landscape Easement Over Lots 1 and 15-25 of Plat One.** Developer has reserved and established a perpetual non-exclusive easement over, under and across certain portions of lots 1, 24, 25 and 15-23 of Plat One for the purposes of installing, maintaining and repairing thereon a perimeter wall and landscaping, which will include sprinkler systems. Said easement shall run with the land and shall be for the benefit of the Developer and/or the Association. This perimeter wall and easement shall be an amenity of the Subdivision in general and shall be maintained and repaired at the sole cost of the Association.

2.12 **Construction in Violation of Approved Plan.** Developer, its successors and assigns, reserves and is hereby granted the right in case of any violations or breach of any of the restrictions, rights, reservations, limitations, agreements, covenants and conditions herein contained, to enter upon any lot or portion of the Subdivision as to which such violation or breach exists, and to summarily abate and remove, at the expense of the owner thereof, any erection, thing or condition that may be or exists thereon contrary to the intent and meaning of the provisions hereof as interpreted by Developer, or take any and all measures to stop construction on any such lot, and Developer shall not, by reason thereof be deemed guilty of any manner of trespass for such entry, abatement or removal. A failure of Developer to enforce any of the restrictions, rights, reservations, limitations, agreements, covenants and conditions herein shall in no event be construed, taken or held to be a waiver therefore to acquiescence in or consent to any continuing further or succeeding breach or violation thereof, and Developer shall at any and all times have the right to enforce the same.

2.13 **Power of Attorney.** Whenever any of the foregoing covenants, reservations, agreements or restrictions provide for any approval, designation, determination, modification, consent or any other action by Developer, any such approval, designation, modification, consent or any other action by any attorney-in-fact authorized to sign deeds on behalf of Developer shall be sufficient pursuant to a recorded power of attorney.

2.14 **The Greycliffe at The Quarry Homeowners’ Association, Inc.** The Developer has caused the Association to be incorporated as a not-for-profit corporation under the laws of the State of Ohio named “The Greycliffe at The Quarry Homeowners’ Association, Inc.” The owners of lots in Greycliffe and all persons who hereafter acquire title to such lots shall be members of the Association. Upon the sale and conveyance by the Developer of all lots in the Plats and all future plats, if any, of Greycliffe or earlier upon the election of the Developer, the Developer, by instrument in writing in the nature of an assignment, shall vest in the Association the rights, privileges and powers reserved and retained by the Developer by the terms of this Declaration of Restrictions. The assignment shall be recorded in the Office of the Lucas County, Ohio Recorder. The Association shall have the further right to the collection and disposal of funds as herein provided and shall have the right, from and after such assignment, to enforce all provisions herein with respect to the construction, improvement, maintenance and upkeep of the
Plat and future plats, if any, in the manner determined by the Association to be for the best interests of the owners of the lots in the Plat and said future plats, if any.

2.15 Maintenance Charges. Each and every lot in the Plat shall be subject to a maintenance charge in the amount established by the Association (such assessment shall be on a per lot basis), payment to be made annually at the time of taking title to any lot (appropriately prorated) and then on the first day of each calendar month thereafter (unless the Association decides to bill some on a different basis, i.e., quarterly). The Association shall have a lien perpetually upon lots in Greycliffe to secure the payment of the annual maintenance charge. In default of the payment of such maintenance charge within sixty (60) days of its due date, a "Notice of Lien" in substantially the following form may be filed and recorded in the lien records at the Office of the Recorder of Lucas County, Ohio:

"Notice of Lien"

Notice is hereby given that Greycliffe at The Quarry Homeowners' Association, Inc. claims lien for unpaid annual assessments for the year(s) ____________ in the amount of $___________ against the following described premises:

In the event any of said annual assessments are not paid when due, the Developer may, when and as often as such delinquencies occur, proceed by law to collect the amount then due by foreclosure of the above described lien, otherwise, and in such event, shall also be entitled to recover and have and enforce against each residential lot a lien for its costs and expenses in that behalf, including attorney fees. No owner may waive or otherwise escape liability for the annual assessments provided for herein by non-use of any Common Areas or any facilities located
thereon or by abandonment of his residential lot. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any residential lot shall not affect the assessment lien provided, however, that the sale or transfer of any residential lot pursuant to foreclosure of a first mortgage shall extinguish the lien of such assessment as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof. Said charges and assessments shall be levied against all lots in Greyciffe and shall be applied only toward payment of the costs of collection, improvements, the expenses of maintenance of the Association, and for any and all other purposes which the Association may determine, from time to time, to be of the general benefit of the owners of the lots in Greyciffe, including the maintenance of boulevard areas, public and/or private rights-of-way bordering and within the Subdivision, guard houses, (including security if deemed necessary by the Developer and/or the Association), ponding areas, drainage areas, and the management and enforcement of the Association’s right and duties under this Declaration.

ARTICLE III
EASEMENTS

3.1 Reservation of Easement Rights. Developer reserves to itself, and to its successors and assigns, the exclusive right to grant consents, easements and rights of way for the construction, operation and maintenance of electric light, cablevision, telephones and telegraph poles, wires and conduits, including underground facilities, and for drainage, sewers and any other facilities (defined herein to expressly include lakes or ponds) or utilities deemed convenient or necessary by Developer or its successors and assigns for the service of the Subdivision, over, below or under all of the areas designed as “Utility Easements,” or with words of similar import, on and over the front or side ten (10) feet of all lots in Plat Three, and along and upon all highways now existing or hereafter established and abutting all the residential lots in Plat Three and in the Subdivision. Developer also reserves to itself, and to its successors and assigns, the right to go upon or permit any public or quasi-public company to go upon the residential lots from time to time to install, maintain and remove such utility lines and to trim trees and shrubbery which may interfere with the successful and convenient operation of such equipment. No structures, or, any part thereof, shall be erected or maintained over or upon any part of the areas designated as “Utility Easement,” or with words of similar import, upon Plat Three. The term “structures” as used in the foregoing portion of this paragraph shall include houses, garages, other buildings and swimming pools, but shall not include residential lot improvements such as driveways and paved parking areas. No owner of any residential lot shall have the right to reserve or grant any easements or rights of way upon or over any of the residential lots without the prior written consent of the Developer, its successors and assigns. The Developer also reserves for the benefit of those residential lots in Plat Three which are adjacent to any Lakes or to Salisbury Quarry, perpetual non-exclusive easements in favor of the record owners of said lots for the placement of docks within said Lakes or Salisbury Quarry, provided the composition and placement of such docks are first approved by Developer under the provisions of Article II hereof. Notwithstanding the provisions of Section 2.14, the rights reserved to the Developer in this Section 3.1 shall survive the transfer of the Developer’s rights set forth in Section 2.14. The rights granted to the Developer in this Section 3.1 shall remain exclusively vested in the Developer for a period of twenty (20) years from and after the date hereof, notwithstanding any assignment by the Developer to the Association of the Developer’s rights, privileges and powers as provided in Section 2.14 hereof. Upon the expiration of such
twenty (20) year period, or at such earlier time as the Developer may designate, the rights granted to the Developer in this Section 3.1 shall terminate.

3.2 Creation of Roadway Easements. All the roadways within the Subdivision are private streets or ways built to government standards. Within Plat Three, those roadways are contained in what is known as "Lot C" of Plat Three. The Developer shall convey Lot C to the Association after the sale and conveyance by it of the first lot in the Subdivision. Lot C shall and hereby is designated as a vehicular and pedestrian roadway for the perpetual non-exclusive use and enjoyment of all lot owners within the Subdivision (and any future plats thereof). Lot C shall be maintained and repaired by the Association as a common expense. All lot owners, as members of the Association, shall, after conveyance of Lot C to the Association, share equally through the Association in its use, enjoyment, care and maintenance.

ARTICLE IV
GREYCLIFFE AT THE QUARRY HOMEOWNERS' ASSOCIATION

4.1 The Association shall have the following powers and rights:

(a) To promote and seek to maintain the attractiveness, value and character of the residential lots through enforcement of the terms, conditions, provisions and restrictions set forth in this Declaration, or in any subsequent declaration(s) encumbering any subsequent plat(s) of Greycliff or in any rules and regulations which the Association may promulgate pursuant hereto or thereto.

(b) To promote and seek to maintain high standards of community and neighborhood fellowship, and to provide a vehicle for voluntary social and neighborhood activities in Greycliff.

(c) To represent the owners of residential lots before governmental agencies, offices and employees, and to generally promote the common interests of the residential lot owners.

(d) To collect and dispose of funds as provided in Section 2.15 hereof, and as may be provided in any previous or subsequent declaration(s) encumbering any previous or subsequent plat(s) of Greycliff.

(e) If the Association is organized and operating as an Ohio non-profit corporation, to perform all such acts and functions as are generally authorized by law to be performed by such corporations.

(f) To acquire title from the Developer to Lot C of Plat Three and any other Common Areas which may be designated for the common use and enjoyment of residential lot owners in Plat Three, or any other recorded plat(s) of Greycliff and to insure, manage, maintain, improve and repair the Common Areas.

(g) To purchase and maintain fire, casualty and liability insurance to protect the Association and its officers, trustees, managers and/or members from
liability incident to the ownership and use of (i) Common Areas, (ii) and any other such areas as the Developer deems appropriate.

(h) To pay all real estate, personal property and other taxes levied against the Association or any of the Common Areas, and to discharge any lien or encumbrance for taxes or otherwise against the Association or its assets, and to establish reserves to pay the estimated future costs of any of the items set forth in this Section 4.1.

(i) To enforce all provisions hereof and in any subsequent declaration(s) ennumerating any subsequent plat(s) of Greycliffes.

(j) Subject to the provisions of this Declaration, to adopt rules and regulations of general application governing the use, maintenance, insurance and upkeep of the Common Areas and of any easement areas created or reserved in this Declaration, or on the recorded plat of Greycliffes or in subsequent restrictions or on subsequent plat(s) of Greycliffes.

(k) To maintain and preserve all landscaping within the Subdivision (excluding trees) in a first class condition, and retain snow removal services for all walks, streets and driveways within the Subdivision, the costs of which shall be common expense of the Association.

(l) To carry out all other purposes for which it was organized, to exercise all rights which it may be granted or reserved under this Declaration; and to perform all duties which it may be assigned under this Declaration.

4.2 Each member of the Association, other than the Developer, its successors and assigns, shall be entitled to one vote in the Association for each residential lot which such member shall own. When more than one person holds an ownership interest in any residential lot, all persons holding such ownership interest shall be members of the Association and in such event the vote for such residential lot shall be exercised as the owners among themselves determine, but in no event shall more than one vote be cast with respect to any residential lot. Where a vote is cast by one of two or more owners of any residential lot, the Association shall not be obligated to look to the authority of the member casting the vote. Notwithstanding the above, so long as the Developer shall hold title to any residential lot(s) in Plat Three or in any subsequent plat of Greycliffes as above described, the Developer shall be entitled to nine (9) votes for each residential lot so owned by it.

ARTICLE V
USE OF QUARRY AND LAKES

5.1 Presently, an existing large quarry abuts certain lots in Plat One and Plat Two (the “Salisbury Quarry”). The Developer has also constructed and created a pond or lake (the “Lakes”) on certain portions of the Plats and/or on part of the Adjacent Property.

5.2 No owner of any residential lot shall permit any discharge of any water (surface or otherwise) from or into the Lakes or the Salisbury Quarry or any discharge or erosion of soil, sediment or other materials from such owner’s residential lot into the Lakes, the Salisbury
Quarry, or any other pond, lake or body of water in Greycliff, whether before, during or after
the construction of any structure or residence dwelling on such residential lot. Without limiting
any of the foregoing, it is expressly understood and agreed that under no circumstances shall any
residential lot owner divert any water whatsoever from the Lakes or Salisbury Quarry for any
purpose, including, but not limited to, any use in connection with internal or external sprinkler or
other irrigation systems located on any lot.

5.3 No power boats, motor boats, electric motors, gasoline-powered motors or other
motors of any kind shall be permitted on the Lakes, the Salisbury Quarry or any other ponds,
lakes or bodies of water located within or adjacent to the Subdivision.

5.4 Any necessary maintenance (as determined by the Lucas County Engineer, or
otherwise) of the Lakes, the Salisbury Quarry and any other ponds, lakes and bodies of water
located within the Subdivision (including any portions of same as may be located within the
boundaries of any lot bordering same) shall be the responsibility of the Association.

5.5 Reasonable rules and regulations governing use of the Lakes, the Salisbury
Quarry and other ponds, lakes and bodies of water located within the Subdivision by owners of
residential lots may be promulgated from time to time by the Developer, its successors and
assigns, and/or the Association, and such rules and regulations shall be strictly observed by all
residential lot owners.

ARTICLE VI
DURATION OF RESTRICTIONS, AMENDMENTS

6.1 Term. These covenants and restrictions shall run with the land and shall be
binding upon the Developer, and all persons claiming under or through Developer or the
Association until the first day of January, 2023 at which time these covenants and restriction
shall be automatically extended for successive periods of ten (10) years each.

6.2 Amendments. These covenants and restrictions may be amended or revoked by
the Developer unilaterally as long as it owns one lot in Plan Three or with the approval of the
then owners of not less than seventy-five percent (75%) of the lots in the Subdivision, which
 amendment shall become effective from and after the filing with the Recorder of Lucas County,
Ohio, of an instrument stating the amendment and signed by all approving lot owners with the
formalities required by law.

ARTICLE VII
COMMON AREAS

7.1 Use of Common Areas. Each member of the Association, in common with all
other members of the Association as owners of residential lots, shall have the right to use the
Common Areas at Greycliff for all purposes incident to the use and occupancy of such
member's residential lot as a place of residence and other incidental uses including the non-
exclusive easement together with other residential lot owners to the use and enjoyment of the
Common Areas and for other incidental uses including but not limited to those set forth in this
Article VII; provided, however, that such right and non-exclusive easement to use the
Common Areas shall not extend to those portions of the Common Areas where the Developer
has approved extensions from adjacent residential dwellings of patios, open porches, decks,
walkways, driveways, decorative walls, privacy screens, shrubbery and other similar items. All members shall use the Common Areas in such manner as will not restrict, impede or interfere with the use thereof by other members of the Association, except to the extent that the Developer has approved the extension into the Common Area immediately adjacent to residential dwellings erected on a residential lot of patios, open porches, decks, walkways, driveways, decorative walls, privacy screens, shrubbery and other similar items.

7.2 The boulevard island and gatehouse constructed at the Stone Wall Road Boulevard entrance to Plat One, are intended to be treated as if same are part of the Common Areas. Said boulevard island shall contain landscaping, Graycliffe Identification sign and such other structures and/or amenities as the Developer deems advisable. The landscaping, Graycliffe identification sign and other amenities so located shall be maintained, repaired and replaced, from time to time, by the Association. In connection therewith, Developer reserved and created for the benefit of itself and the Association perpetual non-exclusive construction and maintenance easements over, across and under those portions of Lots 48 and 26 of Plat One which are outside the building lines shown for such lots for purposes of placing and maintaining such entry facilities of the Subdivision.

7.3 The Developer, its successors and assigns, hereby reserves the right, at any time and from time to time, to convey fee simple title to all or any portion of the Common Areas in the Plat, or any Common Areas created by the Developer in any subsequent plat(s) of the Adjacent Property to the Association, and in such instance, the Association shall be required to accept delivery of a quit-claim deed for such purpose.

7.4 Notwithstanding the provisions of Section 4.1 and any designation of Common Areas on the Plat or any subsequent plat(s) of the Adjacent Property, neither the Association nor any owner of any residential lot shall have any ownership interest in or any right to control the use or development of any such Common Areas unless and until the Developer shall convey such Common Areas to or for the benefit of the Association. Thereafter, the owners of the residential lots shall have only those rights with respect to the Common Areas as are granted them hereunder and under the Articles and Code of Regulations, if any, of the Association.

ARTICLE VIII
ENFORCEMENT OF RESTRICTION, OTHER GENERAL MATTERS

8.1 Violations Unlawful. Any violation attempt to violate any of the covenants or restrictions herein shall be unlawful. Developer, the Association, or any person or persons owning any residential lot may prosecute any proceedings at law, or in equity, against the person or persons violating or attempting to violate any such restrictions to prevent him or them from so doing, to cause the removal of any violation, and/or to recover damages for such violation or attempted violation.

8.2 Savings Clause. The validity of any restriction hereby imposed, or any other provision hereof, or any part of any restriction or provision shall not impair or affect in any manner the validity, enforceability or effect of the rest of such restrictions and provisions.

8.3 Transfers and Leases Subject to Restrictions. All transfers and conveyances of each and every residential lot in Graycliffe shall be made subject to these restrictions. All leases of any residence within the Subdivision shall be subject to these Restrictions and all By-Laws,
rules and regulations adopted by the Association. No lease of any residence shall be less than six (6) months in duration.

8.4 Notices. Any notice required to be sent to any owner of a residential lot or any part thereof or to Developer or to the Association shall be deemed to have been properly sent when mailed, postage paid, to the last known address of the person who appears as such owner or to the Developer or to the Association as such address appears on the applicable public record.

8.5 No Waiver of Violations. No restrictions imposed hereby shall be abrogated or waived by any failure to enforce the provisions hereof, no matter how many violations or breaches may occur.

8.6 Waiver of Restrictions by Developer. Each residential lot owner, by acceptance of a deed or other instrument of conveyance to a residential lot, hereby agrees and consents and shall be deemed to agree and consent for himself and for his heirs, personal representatives, successors and assigns, that if, in the opinion of the Developer, the shape, dimensions, number of structures, location of natural features such as trees, or topography of the residential lot upon which a structure or improvement is proposed to be made, is such that a strict construction or enforcement of the requirements of Plat Three or of any provision of this Declaration would work a hardship, the Developer may, in writing, grant waivers from this Declaration as to such residential lot so as to permit the erection of such structure or the making of the proposed improvements.

8.7 Paragraph Headings. The paragraph headings contained in this Declaration have been inserted for convenience of reference only and are not to be used in the construction and/or interpretation of this Declaration.

8.8 Warranties. Each residential lot owner, by acceptance of a deed to a residential lot in Greycliff, acknowledges and agrees and shall be deemed to acknowledge and agree that there are no representations or warranties, express or implied, by the Developer or the Association with respect to (a) the merchantability, fitness or suitability of the residential lots for the construction of residences, (b) the merchantability, fitness or suitability of any improvements within or comprising a part of the Common Areas of Greycliff, or (c) Greycliff generally, other than as expressly stated in writing, (i) by the Developer to the residential lot owner, (ii) in this Declaration, or (iii) in the Articles of Incorporation and Code of Regulations, if any, of the Association.

8.9 Miscellaneous. Each residential lot owner, through acceptance of a deed or other instrument of conveyance to a residential lot, hereby indemnifies and holds the Developer, its successors and assigns, completely harmless from and against any and all liability, cost or expense arising out of or resulting from said owner's use of his lot, including, but not limited to, any liability or expense under any federal or state environmental law or regulation applicable in connection with the disposal or discharge of any debris, dirt or other materials as a result of the development and/or construction of any residence on any lot.
IN WITNESS WHEREOF, the undersigned parties have hereunto set their hands to this instrument as of the day and year first written above.
