Such plans and specifications shall be prepared by a competent architect or draftsman and two (2) complete sets shall be furnished to the Developer so that the Developer may retain a true copy thereof with its records. Under no circumstances shall any owner or any contractor while in the process of construction on any lot permit the parking of any vehicles and/or the storage of any materials or debris whatsoever on any other lot not owned by such owner whether adjacent or not, and whether said other lot is vacant or not. Any lot owner who violates this just recited prohibition shall be responsible for any damage caused by such unauthorized use of any other lot. All lots shall be serviced by underground automated sprinkler systems giving one hundred (100%)
percent lot coverage installed at time of construction and continuously maintained in operating condition thereafter. All lots shall have constructed on them decorative walls with columns, harmonious in style and design with the dwelling constructed thereupon, which shall contain only one opening for curb-out access and shall otherwise be approved in all respects by Developer under Section 2.1 hereof.

2.6 Driveway and Sidewalks. In addition to the specific requirements contained in the recorded Plat pertaining to the installation of sidewalks, owner of each lot in the Subdivision agrees that he shall be responsible for the installation of public sidewalks within the right-of-way adjacent to any particular lot at such time as a residence is constructed thereupon or at such time as the governing authority or authorities instruct an owner or the Developer to do so. All such sidewalks shall be installed completely through all driveway areas. Each owner who fails to so construct such public sidewalks shall be subject to a lien against the particular lot in question in the Developer's favor for the cost of same. In the event the Developer has to construct and pay for such sidewalks due to such failure on the part of the owner, all driveways in the Subdivision shall either be asphalt or some other permanent hard surface approved by the Developer in its sole discretion. The location and design of all driveways, if not now established shall be determined by Developer in writing at the time of approval of the plans and specifications for any dwelling. Location and specifications for construction of any driveway shall be submitted to Developer and its approval thereof endorsed thereon in writing.

No structure or any part thereof shall be erected, placed or maintained on any lot in Greycliffe nearer to the front or street line or lines than the building setback lines as shown on the Plat. No tree greater than six (6) inches in diameter (as measured 3 feet above existing grade) shall be removed from any lot or destroyed for purposes of construction unless approved in writing by the Developer pursuant to Section 2.1 hereof. Each lot owner shall also be responsible for the planting on his lot of any trees required by the City of Maumee, Ohio ordinance.

It is expressly provided and understood that Developer in developing Greycliffe is attempting to create a unique single-family environment with a uniform appearance and feel in certain respects (for example requiring each lot to have a decorative wall to give the Subdivision a unique uniform appearance). In that regard, the Developer has created for Greycliffe a detailed landscaping plan for the entire Subdivision, which is on file with the Developer, and which must be followed and maintained by each lot owner in the construction and maintenance of his respective dwelling. Each lot owner must therefore have his landscaping plan approved by Developer before installation to
2.8 Establishment of Grades: Drainage Plan. Developer shall have the sole and exclusive right to establish grades, slopes and swales on all residential lots and to fix the grade at which any buildings or structures shall be erected or placed thereon, so that the same may conform to a general plan for the development and use of Greycliffe. Deviation of 12" or more from such established grades is strictly prohibited unless approved by the Developer in writing.

It is specifically stipulated that with respect to all lots in the Plat there is a drainage/grading plan on file with the Lucas County Engineer. All lots shall be graded and developed in strict conformance with said established drainage/grading plan. All structures or residence dwellings built or constructed upon all other residential lot shall be erected at an elevation of not less than that shown and established on certain improvement plans on file at the office of the Lucas County Engineer. In addition, the remaining portions of any residential lot upon which a structure or residence dwelling is erected shall be graded on a regular slope from the area of the structure or residence dwelling to the street pavement, except in cases of welling of trees or other natural vegetation, in accordance with certain grading, sloping and elevation requirements set forth in drawings on file at the office of the Lucas County Engineer.

Under no circumstances shall contiguous residences have a difference in elevation of more than one (1) foot at any place where situated.

Permanent storm sewer pick-ups/catch basins are located on various residential lots throughout the Subdivision. Such permanent storm sewer pick-ups/catch basins may not under any circumstances be covered over, buried or eliminated by the owners of the residential lots upon which such pick-ups/catch basins are located.

2.9 Basketball Backboards. No basketball backboard or hoops shall be permitted anywhere within the subdivision except for portable models housed in garages when not in use.

2.10 Mailbox and/or Paper Delivery. The Developer shall have the exclusive right to determine the location, color, composition size, design, lettering and standards and brackets of any mail and paper delivery boxes, provided, however, all mailboxes shall be located per the applicable U.S. Postmaster's directions. The owner of a residential lot shall maintain the mailbox and/or paper delivery box when necessary with a mailbox and/or paper delivery box of exact type, look and quality. A drawing of an approved mailbox is on file at Developer's office for inspection by all lot owners.

2.11 Wall and Landscape Easement Over Certain Lots of Plat One. Developer reserved and established a perpetual non-exclusive easement over, under and across certain portions of certain lots of Plat One of the Subdivision for the purposes of installing, maintaining and repairing thereupon a perimeter wall and landscaping, which will include sprinkler systems. Said easement shall run with the land and shall be for the benefit of the Developer and/or the Association. This perimeter wall and easement shall be an amenity of the Subdivision in general and shall be maintained and repaired at the sole cost of the Association.

2.12 Construction in Violation of Approved Plan. Developer, its successors and assigns, reserves and is hereby granted the right in case of any violations or breach of any of the restrictions, rights, reservations, limitations, agreements, covenants and conditions herein contained, to enter upon any lot or property as to which such violation or breach exists, and to summarily abate and remove, at the expense of the owner thereof, any erection, thing or condition that may be or exist thereon contrary to the intent and meaning of the provisions hereof as interpreted by Developer, or take any and all measures to stop construction on any such lot, and Developer shall not, by reason thereof be deemed guilty of any manner of trespass for such entry, abatement or removal. A failure of Developer to enforce any of the restrictions, rights, reservations, limitations, agreements, covenants and conditions contained herein shall in no event be construed, taken or held to be a waiver therefore to acquiescence in or consent to any continuing further or succeeding breach or violation thereof, and Developer shall at any and all times have the right to enforce the same.

2.13 Power of Attorney. Whenever any of the foregoing covenants, reservations, agreements or restrictions provide for any approval, designation, determination, modification, consent or any other action by Developer, any such approval, designation, modification, consent or any other action by any attorney-in-fact authorized to sign deeds on behalf of Developer shall be sufficient pursuant to a recorded power of attorney.
2.14 The Greycliffe at the Quarry Homeowners' Association, Inc. The Developer has caused the Association to be incorporated as a not-for-profit corporation under the laws of the State of Ohio named "The Greycliffe at the Quarry Homeowners' Association, Inc." The owners of lots in Greycliffe and all persons who hereafter acquire title to such lots shall be members of the Association. Upon the sale and conveyance by the Developer of all lots in the Plat and all previous and future plats, if any, of Greycliffe or earlier upon the election of the Developer, the Developer, by instrument in writing in the nature of an assignment, shall vest in the Association the rights, privileges and powers reserved and retained by the Developer by the terms of this Declaration of Restrictions. The assignment shall be recorded in the Office of the Lucas County, Ohio Recorder. The Association shall have the further right to the collection and disposal of funds as herein provided and shall have the right, from and after such assignment, to enforce all provisions herein with respect to the construction, improvement, maintenance and upkeep of the Plat and future plats, if any, in the manner determined by the Association to be for the best interests of the owners of the lots in the Plat and said future plats, if any.

2.15 Expansion Rights. The Developer envisions that possibly the Subdivision will consist of ninety-three (93) or more lots created through the preparation and filing of additional plat or plats to the Subdivision involving certain real property (or a portion thereof) owned by the Developer and not yet platted which is in close proximity to the Plat ("Adjacent Property"). Developer therefore expressly reserves the right, power and option to amend these restrictions so as to include and cover all lots which eventually become part of the Subdivision as and if same have been part of the Plat from the date of the execution and recording of the Plat.

2.16 Maintenance Charges. Each and every lot in the Plat shall be subject to a maintenance charge in the amount established by the Association, which shall be billed and collected monthly (such assessment shall be on a per lot basis), with payments to commence at the time of taking title to any lot (appropriately prorated) and then on the first day of each calendar month thereafter (unless the Association decides to bill same on a different basis, i.e. quarterly). The Association shall have a lien permanently upon lots in Greycliffe to secure the payment of the monthly maintenance charge. It is expressly understood and stipulated that upon the closing of each Plat in the Subdivision, the purchaser of said Plat shall pay the Association at closing a one-time capital funds assessment in the amount of $250.00, which shall be used to initially fund the Association. Furthermore, until a residence is substantially completed and/or occupied on any transferred lot, all vacant lot owners shall pay twenty-five percent (25%) of the monthly assessment otherwise due by said lot owner. In default of the payment of such maintenance charge within thirty (30) days of its due date, a "Notice of Lien" in substantially the following form may be filed and recorded in the lien records at the Office of the Recorder of Lucas County, Ohio:

"Notice of Lien"

STATE OF OHIO, COUNTY OF LUCAS ss:

The foregoing instrument was acknowledged before me this ___ day of ___, 20___, by ____________________________, President of Greycliffe at the Quarry Homeowners' Association, Inc., an Ohio non-profit corporation, on behalf of the corporation.

__________________________, Notary Public
In any event any of said annual assessments are not paid when due, the Developer may, when and as often as such delinquencies occur, proceed by law to collect the amount then due by foreclosure of the above described lien, otherwise, and in such event, shall also be entitled to recover and have and enforce against each residential lot a lien for its costs and expenses in that behalf, including attorney fees. No owner may waive or otherwise escape liability for the annual assessments provided for herein by non-use of any common areas or any facilities located thereon or by abandonment of his residential lot. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any residential lot shall not affect the assessment lien; provided, however, that the sale or transfer of any residential lot pursuant to foreclosure of a first mortgage shall extinguish the lien of such assessment as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof. Said charges and assessment shall be levied against all lots in Greycliffe and shall be applied only toward payment of the costs of collections, improvements, the expenses of maintenance of the Association, and for any and all other purposes which the Association may determine from time to time to be for the general benefit of the owners of the lots in Greycliffe, including the maintenance of boulevard areas, public and/or private rights-of-way bordering and within the Subdivision, guard houses, (including security if deemed necessary by the Developer and/or the Association), ponding areas, drainage areas, and the management and enforcement of the Association's right and duties under the within Declaration of Restrictions.

Developer also reserves to itself, and to its successors and assigns, the right to go upon or permit any public or quasi-public company to go upon the residential lots from time to time to install, maintain and remove such utility lines and to trim trees and shrubbery which may interfere with the successful and convenient operation of such equipment. No structures, or, any part thereof, shall be erected or maintained over or upon any part of the areas designated as "Utility Easement", or with words of similar import, upon the Plat. The term "structures" as used in the foregoing portion of this paragraph shall include houses, garages, other buildings and swimming pools, but shall not include residential lot improvements such as driveways and paved parking areas. No owner of any residential lot shall have the right to reserve or grant any easements or rights of way upon or over any of the residential lots without the prior written consent of the Developer, its successors and assigns. The Developer also reserves for the benefit of those residential lots in the Plat which are adjacent to any such lakes or quarries located within the Subdivision or any portion of the Adjacent Property perpetual non-exclusive easements in favor of the record owners of said lots for the placement of docks within said lakes or quarries provided the composition and placement of such docks are first approved by Developer under the provisions of Article II hereof. Notwithstanding the provisions of Section 2.14, the rights reserved to the Developer in this Section 3.1 shall survive the transfer of the Developer's rights set forth in Section 2.14. The rights granted to the Developer in this Article III, Section 3.1 shall remain exclusively vested in the Developer for a period of twenty (20) years from and after the date hereof, notwithstanding any assignment by the Developer to the Association of the Developer's rights, privileges and powers as provided in this Article III, Section 3.1 hereof. Upon the expiration of such twenty (20) year period, or at such earlier time as the Developer may designate, the rights granted to the Developer in this Article III, Section 3.1 shall terminate.

Lot B shall and hereby is designated as a vehicular and pedestrian roadway for the perpetual non-exclusive use and enjoyment of all lot owners within the Subdivision (and any future lots thereon). Lot B shall be maintained and repaired by the Association as a common expense. All lot owners, as members
of the Association, shall, after conveyance of Lot B to the Association, share equally throughout the Association in its use, enjoyment, care and maintenance.
