RESIDENTIAL LOTS

The entire subdivision comprising the community development plan and the structures to be erected therein shall be used only for single-family dwellings or two-family dwelling purposes, together with the usual accessory uses pertaining thereto such as private or storage garages. Group homes are specifically deemed not to be "single or two-family" purposes.

The thirty (30) residential lots located as shown on the plat (sometimes "lots" herein) shall be residential lots and the remainder of the real estate included in the subdivision designated as Common shall, except as otherwise provided for herein, be used exclusively for roadway, drainage and/or utility and open space purposes as shown on the plat.

Each single-family residential lot as shown on the plat for Heatherlake Commons shall contain at least two thousand four hundred twenty (2420) square feet with exceptions of 2,3,4,5,6 and 7 which will contain at least 2300 square feet. Each two (2) single family residential site, as defined below, shall contain at least four thousand eight hundred forty (4840) square feet per lot.

Although all thirty (30) lots in the subdivision can be characterized as single family sites, the Developer intends to develop the majority of the lots in pairs of adjoining lots. Therefore lots 11 and 12, 13 and 14, 16 and 17, 18 and 19, 20 and 21, 26 and 27, 28 and 29, 30 and 9, shall each be designated as two family residential sites. On each such pairs of adjoining lots constructed of two-family residential site. There may therefore be considered either two (2) residential structures, each being a single-family dwelling, or in the alternative, one (1) residential structure which shall be either a single-family dwelling or a two-family dwelling occupying both lots comprising such two-family residential site. The balance of the lots 1, 2,3,4,5,6,7,8,9,10, 15, 22, 23, 24, and 25 are single lots with one residential structure each being a single family dwelling.

ARCHITECTURAL CONTROL

No structure or other improvement, including but not limited to, homes, garages, basement, swimming pools, tennis courts, driveways (which shall all be asphalt), landscape hedges, or other enclosures, shall be erected, improved, changed or altered on any lot or area in the subdivision until detailed plans and specifications therefore have been first approved in writing by the architectural control committee (hereinafter sometimes call "committee").

Such detailed plans and specifications shall show the size, location, type, architectural design, quality, cost, use, material construction, color scheme and grading plan for the lot or area and the finished grade elevation thereof and must be prepared by a competent architect or draftsman.

Such plans and specifications shall be furnished to the committee in sufficient numbers so that the committee can retain a true copy thereof with its records.

All residential dwellings and accessory structures must be erected wholly within the residential lot lines and not closer to any of the roadways than the building lines of the residential lots as shown on the recorded plat.

September 20, 2000

3
If approved by the committee and the Association, patios (which may be enclosed with a permanent roof, etc.), open porches, decks, walkways, privacy screens and shrubbery which service a particular dwelling may extend into any portion of the Private Center Common Area located immediately adjacent to and behind said dwelling.

The maximum height of all new residential dwellings erected within the subdivision shall be thirty-five (35) feet. The minimum square footage of all new residential dwellings erected within the subdivision (exclusive of garages, basements and patios) shall be one thousand two hundred (1,200) square feet.

The purpose of requiring detailed plans and specifications as herein set forth is to develop Heatherlake Commons as an architecturally harmonious artistic and desirable residential subdivision having an open-space atmosphere with residences located in a planned manner following a precise landscape plan.

Developer shall establish a master plan for landscaping of the entire subdivision which master plan shall take priority over individual landscaping plans. Such master plan for landscaping shall be filed with the Association. Except for the possible placement of a privacy fence along the north, west and east borders of the subdivision by the Developer, fences shall not be permitted anywhere within any of the Common Areas.

Developer shall establish a general architectural theme for roof design, color and material, trim colors, brick specifications and window detail and reserve the sole and exclusive right to establish the location of all driveways as well as all grades and slopes of lots and to fix the grade at which any building or structure shall hereafter be erected or placed thereon so that the same may conform to the master plan for the development and use of the subdivision: it being expressly understood and acknowledged that Developer has already established such a theme with respect to driveway locations, brick specifications, trim colors and roof color, design and materials. Included with such established theme are conditions that the exterior front gables of all structures with the subdivision must be brick, with any remaining exterior covered by vinyl siding, except for garage doors which shall be wood-framed and which shall be steel in composition.

In approving or with holding approval of any detailed plans and specifications submitted to it, the architectural control committee may consider the appropriateness of the improvement contemplated with relation to the improvements on contiguous or adjacent lots, its adaptability to the lot on which it is proposed to be constructed and such other matters as may be deemed to be in the interest and benefit of the owners of lots in the subdivision as a whole. Any determination made by the committee in good faith shall be binding on all parties in interest.

The committee shall consist of three individuals or members. All decisions of the committee shall be made by a simple majority vote of the members. Members of the committee shall be appointed by the Developer until such time as Developer has conveyed to others all of the residential lots in the subdivision and residential structures have been erected on each of such residential lots. Thereafter, members of the committee shall be appointed by the Association. Developer reserves the right, prior to conveyance of all lots in the subdivision to others and erection of structures thereon, to relinquish his power to appoint the members of the committee by written instrument delivered to the Association whereupon the right to appoint members of the committee shall thereafter be exercised by the Association.

September 20, 2000
No structures or any part thereof shall be erected or maintained over any part of the areas designated as easement, utility easement, drainage easement or words of similar import on the recorded plat of the subdivision. The term structures for this purpose shall include houses, garages, other buildings, swimming pools and similar structures but shall not include driveways, walkways, patios and other similar improvements.

THE HEATHERLAKE COMMONS HOMEOWNERS’ ASSOCIATION

All owners of residential lots in the subdivision and all persons who hereafter acquire title to a residential lot in the subdivision shall automatically become a member of the Association entitled to all the rights and privileges of such membership and subject to all of the duties and obligations hereof as set forth in the plat, this Declaration of Restrictions and the Articles and Code of Regulations of such Association. Each lot shall be entitled to one (1) vote in all Association matters regardless of the number or owners of any particular lot.

Each member of the Association, in common with all other members as owners of residential lots in Heatherlake Commons subdivision, shall have the right to use the Common Areas in the subdivision for all purposes incident to the use and occupancy of his residential lot as a place of residence and other incidental uses, including the perpetual non-exclusive easement together with other lot owners to the use and enjoyment of Common Area and for pedestrian and vehicular ingress and egress to and from each residential lot.

All members shall use the Common Areas in such manner as will not restrict, interfere or impede with the use thereof by other members of the Association and their respective families, guests, invitees, and servants except to the extent that the committee has approved the extension into any portion thereof immediately adjacent to dwellings erected on a residential lot of patios, open porches, decks, walkways, privacy screens and shrubbery as herein previously provided.

The Association shall collect and disburse funds for all purposes which the Board of Trustees of the Association determines from time to time to be for the general benefit of the owners of all residential lots in the subdivision.

ASSESSMENTS

For the calendar year commencing when developer sells the last lot in the community and thereafter, each residential lot in the subdivision and the owners thereof shall be subject to an annual assessment for each calendar year in amounts as determined by the Association prior to the end of the preceding calendar year.

Such annual assessment shall be payable in equal quarterly installments on or before the first day of each third month during the calendar year for which the assessment is levied.

Commencing in the year determined by the sale of the last lot in the community, each annual assessment shall become a lien against each residential lot on the first day of the calendar year in which it becomes due and payable.

A Notice of Lien may be recorded in the Lien Records of the Recorder of Lucas County, Ohio if any quarterly installment of an annual assessment is in arrears for more than thirty (30) days from the date it is due and payable.
Such Notice of Lien shall identify the residential lot, the year and amount of the annual assessment, and be executed by the president of the Association with the formalities then required to record a lien against real estate in Lucas County, Ohio.

The Association's Lien shall be subordinate to the lien of any real estate mortgage on any residential lot recorded prior to recording of the aforesaid Notice of Lien.

The sale or transfer of any residential lot pursuant to judicial foreclosure proceedings of a mortgage thereon shall extinguish such lien with respect to payments which became due and payable prior thereto but shall not relieve such lot from liability for assessments thereafter becoming due or payable or from the lien thereof.

It is contemplated that among the Association's responsibilities will be the contracting for necessary insurance upon, and maintenance and repair of the Common Areas and all utilities and/or perimeter fencing located therein, including but not limited to, the watering of all landscaping and the maintenance of all lighting facilities (including street lights) placed thereon. In addition, the Association shall be responsible for the payment of all watering charges associated with the sprinkling of all landscaping located on the lots pursuant to a separate meter or meters for same. If so entrusted with such responsibilities, or any other maintenance responsibilities for property in the Heatherlake Commons subdivision other than Common areas (such as all landscaping throughout the Subdivision), the owners of residential lots in the subdivision understand and agree that their share of such costs will also be established and collected under the assessment procedures established herein and hereby the charge for same shall constitute a lien against their respective lots as just stipulated above.

USE AND ACTIVITIES

No portion of any residential lot or structure thereon shall be used or permitted to be used for any business purposes whatsoever and no noxious, offensive or unreasonable disturbing activities shall be carried on upon any part of the subdivision, nor shall anything be done thereon which may be or become an annoyance or nuisance in the subdivision.

No well for gas, water, oil or other substance shall at any time be erected, placed or maintained on any of as such residential lots other than a well for water for recreation or maintenance purposes which shall first have been approved by the architectural control committee.

No residential lot shall be used for the storage of automobiles, trailers, scrap, scrap iron, water, paper, glass or any reclamation products or material except that during the period which the structure is being erected, upon any such lot, building materials to be used on the construction of such structure may be stored thereon, provided, however, any building material not incorporated in said structure within ninety (90) days after its delivery to such lot, shall be removed therefrom.

All structures must be completed by an owner within one (1) year of the date of the beginning of the construction thereof. No sod, dirt or gravel other than that incidental to construction of approved structures shall be removed from said lots without the approval of the architectural control committee.
No trailer, basement, tent, shack, garage, barn, mobile home or other temporary shelter or housing device shall be maintained or used as a residence temporarily or permanently in the subdivision. No dwellings erected the subdivision shall be used as a residence until the exterior thereof has been completed in accordance with the detailed plans and specifications approved therefore by the architectural control committee.

Any truck, boat, bus, tent, mobile home, trailer or other similar housing device, if stored on any lot, shall be suitably housed within a garage building.

No more than two (2) household pets (such as dogs, cats, etc.) suitably maintained and housed within the residential dwelling may be kept by the owners or owner of a dwelling and will at all times be subject to the rules and regulations adopted by the Association, provided, however, no animal of any sort may be kept, bred or maintained for any commercial purpose and provided further that any such pet causing or creating a nuisance or unreasonable disturbance shall be subject to permanent removal and exclusion for the subdivision in accordance with rules and regulations adopted by the Association.

All rubbish, debris and garbage shall be stored in underground containers or entirely with the dwelling structure.

No signs of any character other than small signs of not more than ten (10) square feet, advertising the sale of the lot on which such sign is located, shall be erected, placed, posted or otherwise displayed on or about any lot without the written consent of the Association, and the Association shall have the right and discretion to prohibit, restrict and control the size, construction, material, working, location and height of all such signs.

All lots shall at all times have installed and in place underground sprinkling systems which will be tied into a separate meter located on the Common Areas and operated and maintained by the Association. The Association shall thereafter determine how often and when the lots are watered or sprinkled.

All mailboxes within the subdivision shall be uniform and conform at all times to that type of mailbox installed by the Developer and/or subsequently approved by the committee or Association.

DEVELOPER RESERVATION OF RIGHTS AND GRANT OF COMMON WALL EASEMENTS

Developer shall have the exclusive right to consent and grant easements and rights of way for the construction, operation and maintenance of electric light, telephone, telegraph and other public or quasi-public utilities, lines, poles, wires and conduits including underground facilities on, over, below or under the Common Areas designated on the plat and along and upon all highways now existing or hereafter established and abutting the subdivision.

Developer also reserves the right to go upon or permit any public or quasi-public utility company to go upon the lots in the subdivision from time to time to install, maintain and remove such equipment and to trim trees and shrubbery which may interfere with the successful and convenient operation of such equipment.
Developer reserves the right to relinquish his powers with respect to the easements granted and/or reserved herein, by written instrument delivered to the Association Whereupon all rights with respect to said easements shall thereafter be exercised by the Association.

Developer shall have the right to construe and interpret these restrictions and his construction or interpretation made in good faith shall be conclusive and binding as to all persons and property benefited or bound by these restrictions.

Developer reserves the right to relinquish his power to construe and interpret these restrictions by written instrument delivered to the Association whereupon all rights with respect thereto shall thereafter be exercised by the Association.

Developer also hereby reserves and creates for the benefit of all adjoining lot owners perpetual exclusive easements on the common boundary between all adjoining lots upon which any adjoining residences are constructed or placed for the sole purpose of permitting the placement thereupon of a common wall between said adjoining residences together with the additional right of easement to have, if necessary, deminimus building encroachments (not more than six (6) inches) upon and under each of said adjoining lots in connection with the placement of said common walls.

GENERAL

Any lot owner may request, and upon payment of the reasonable expense therefor shall receive from the Secretary of the Association, a Certificate with the seal of the Association affixed thereto setting forth whether all assessments have been paid for such owner’s lot and the total amount of unpaid assessments, if any. Such Certificate shall be conclusive evidence of such payment and of the amount of any unpaid assessments.

In the event the Association shall be dissolved or otherwise cease to exist, ownership of its property, including but not limited to, the Common Areas, shall automatically thereupon be transferred to the then owners of the residential lots in the subdivision with each owner having an equal undivided interest in the Common Areas for each residential lot owned, provided, however, that in no event and under no circumstances shall there be any partition of the Common Areas through judicial proceedings or otherwise unless approved by the owners of a majority of the residential lots in the subdivision.

Until last lot is sold, Developer shall maintain all Common Areas in the subdivision as herein required and guarantee to all lot owners that the annual assessment herein provided per lot shall not exceed for said calendar year of 2002 the sum of Eight Hundred Forty Dollars ($840.00). Such assessment shall be payable and be a lien in the same manner as set forth in the paragraph captioned ASSESSMENTS hereof.
