Subsequent board members shall be elected by a majority of the Building Lot owners as more fully set forth in the Articles of Incorporation and By-Laws for the Association.

3.03 For the purpose of providing funds to carry out the responsibilities of the Association hereunder, the Association shall be empowered to levy, assess and collect from the owner of each and every Building Lot in the Subdivision, excepting those Building Lots owned by the Owner or by Homeowners approved by the Owner, an amount up to One Hundred Dollars ($100.00) per year irrespective of whether the Subdivision has been completed, however, that such limit of One Hundred Dollars ($100.00) per Building Lot per year may be increased in proportion to any increase in the Consumer Price Index of the U.S. Bureau of Labor Statistics from the base period of March 2004. Any fees assessed by the Association in excess of One Hundred Dollars ($100.00) per Building Lot per year, or its adjusted equivalent, must be approved by a majority of the Building Lot owners in the Subdivision.

3.04 Any amount assessed or levied hereunder by the Association against a Building Lot owner shall become a lien on each Building Lot until paid and shall bear interest at the rate of ten percent (10%) per annum until paid, beginning thirty (30) days after the date of assessment. In the event any amount so assessed or levied is not paid when due and remains in arrears for more than thirty (30) days, the Association may file with the Lucas County Recorder a Notice of Lien. The Notice of Lien shall contain a description of the Building Lot against which the lien exists, the name or names of the record owner or owners thereof, and the amount of the unpaid portion of the assessment or assessments. The lien provided for herein shall remain valid until discharged in accordance with the law of the State of Ohio for the release and satisfaction of mortgages on real property or until discharged by the final judgment or order of the Court in an action brought to discharge the lien. The lien shall secure not only the amount of the unpaid assessment but also all interest accrued in collection, including, but not limited to interest, attorney's fees and court costs. The lien of the assessment provided for herein shall be subject and subordinate to the lien of any duly executed mortgage on any Building Lot recorded prior to the recording of the Notice of Lien. The holder of any such mortgage which comes into possession of a Building Lot pursuant to the remedies provided in the mortgage, foreclosure of the mortgage, or deed or assignment in lieu of foreclosure shall take the property free of claims for unpaid installments of assessments or charges against the Building Lot which become due and payable prior to the time such holder or purchaser takes title to the Building Lot.

3.05 Any and all of the rights, powers, duties and obligations assumed by, reserved to, created in or given to the Association may be exercised by Owner until such time as the Association is formed and control thereof transferred to the Building Lot owners. At such time as control of the Association is transferred to the Building Lot owners, Owner may reserve the exclusive right to approve the plot plan, construction plans, color scheme and landscape plan associated with any structure on any Building Lot on which a dwelling unit has not yet been completed and occupied, so long as Owner clearly identifies the Building Lots for which it is retaining such right at the time of the turnover. Owner shall maintain said right of approval for each Building Lot until such time as a dwelling unit has been completed on that Building Lot and occupied by the owner.
Article 4. Architectural Control Committee

An Architectural Control Committee (the "Committee") is hereby established as a standing committee of the Association to carry out the functions set forth for it in this Declaration. The Architectural Control Committee's procedures and duties shall be as follows:

4.01 The Committee shall be composed of three (3) members. The Owner shall appoint each of the three (3) initial members of the Committee. The initial members of the Committee shall be Richard A. Wehrle, Jeffrey J. Wehrle, and Joseph J. Wehrle.

4.02 The three (3) initial members of the Committee shall serve until such time as the Owner turns over control of the Homeowner's Association to the Building Lot owners, as set forth in Article 3.02 hereof. Any subsequent members shall be appointed by the Association and shall serve for terms of three (3) years, except that the first appointed members of the Committee shall serve for staggered terms of one (1), two (2) and three (3) years as directed by the board of trustees of the Association. All members of said Committee shall serve until the expiration of their terms or until their incapacity, resignation or death. Upon the incapacity, resignation or death of a member of the Committee, a successor, who shall serve the remaining term of the departed Committee member, shall be appointed by the board of trustees of the Association within three (3) months after the incapacity, death or resignation of the departed member.

4.03 The use restrictions require the submission of detailed plans and specifications to the Committee prior to the erection, placement on, or alteration of any structure or improvement on any Building Lot. The intent is to achieve an architecturally harmonious, artistic and desirable residential subdivision. Therefore, while considering the approval or disapproval of any plans and specifications submitted, the Committee is directed to consider the development theme, the appropriateness of the improvement contemplated in relation to the improvements on contiguous or adjacent lots, the artistic and architectural merits of the proposed improvement, the adaptability of the proposed improvement to the Building Lot on which it is proposed to be made, and such other matters as may be deemed by the Committee members to be in the interest and benefit of the owners of the Building Lot in the Subdivision as a whole.

4.04 To assist it in making its determinations, the Committee may require that any plans and specifications submitted to the Committee be prepared by a registered architect or civil engineer. The Committee shall also have the right to require any other reasonable data included, but not limited to, grading or elevation plans, material lists, landscape plans and color scheme designations.

4.05 The Committee's decisions shall be in writing and shall be binding upon all parties in interest. The Committee shall approve, disapprove or request additional information with respect to any request for approval within thirty (30) days after the request shall have been submitted to the Committee for approval. The failure of the Committee to approve, disapprove or request additional information within said time period shall be deemed an approval of any request.

4.06 If, in the opinion of the Committee, the enforcement of these restrictions would constitute a hardship due to the shape, dimension or topography of a particular Building Lot in the Subdivision, the Committee may permit a variation which will, in its judgment, be in keeping with the maintenance of the standards of the Subdivision.

Article 5. Other Conditions

5.01 All transfers and conveyances of each and every Building Lot in the Subdivision shall be made subject to these covenants and restrictions.

5.02 Any failure to enforce these restrictions shall not be deemed a waiver thereof or an acquiescence in, or consent to, any continuing, further or succeeding violation hereof.

5.03 If any covenant, condition or restriction hereinafore contained, or any portion thereof, is invalid, such invalidity shall in no way affect any other covenant, condition or restriction.

5.04 All costs of litigation and attorney's fees resulting from violation of this Declaration shall be the financial responsibility of the Building Lot owner or owners found to be in violation.

5.05 So long as Owner maintains control of the Association as set forth in Article 3 hereof, Owner reserves the right to amend this Declaration to the extent necessary to conform to any requirements imposed or requested by any governmental agency, public authority or financial institution (including, but not limited to, the U.S. Department of Housing and Urban Development, the U.S. Veterans Administration, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, or similar entity) or to the extent necessary to enable Subdivision to comply with any said requirements, all without the approval of the Building Lot owners, and each Building Lot owner, by the acceptance of a deed to a Building Lot within the Subdivision, consents to this reserved right.

5.06 Only the Building Lots contained in the Subdivision shall be subject to and bound by the restrictions, covenants and conditions set out in this Declaration and none of said provisions shall in any manner affect or be operative in respect to any other land of the Owner or its successors or assigns.
