PROTECTIVE COVENANTS

Comes now GERALD W. JONES and MABEL P. JONES, husband and wife, LARRY J. ENGLAND and JUDITH K. ENGLAND, husband and wife, and GENE H. JONES and RAMONA JONES, husband and wife, being the owners and proprietors of the real property described as the Jones Subdivision, Campbell County, Wyoming, according to the recorded plat thereof, and hereby make the following declarations as to limitations, restrictions, and uses to which said lands may be put, hereby specifying that said declarations shall constitute covenants to run with all of the land, as provided by law, shall be binding on all parties and on all persons claiming under them, and for the benefit of and limitation on all future owners:

See Amend 359 Page 381 = 379 Page 402 = 46 & Pg. 390

1. LAND USE AND BUILDING TYPE. All lots shall be known, described and used solely as residential lots, and no structure shall be erected on any residential building lot other than one detached, single family dwelling, not to exceed two stories in height, and a one or two car garage and any necessary out buildings including a livestock shelter or barn.

2. ARCHITECTURAL CONTROL COMMITTEE. An architectural control committee, consisting of three (3) members, is hereby created. The initial members of the architectural control committee shall be determined by the undersigned owners and proprietors. Once a person becomes a member of the architectural control committee, he shall remain in that capacity until his death or resignation. Upon the death or resignation of a member of the committee, said vacancy shall be filled by the remaining members. Failure of the architectural control committee to fill any vacancy within ninety (90) days of the occurrence of the same shall allow the lot owners of the subdivision to hold an election to fill any vacancy. Each lot shall be entitled to one (1) vote for each committee member to be elected. The owner of each lot shall exercise its vote. Cumulative voting is not permitted. The architectural control committee shall act only upon majority vote of all members of the committee.

3. ARCHITECTURAL CONTROL.

- (a) No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the architectural control committee as to quality of workmanship and materials, and as to location with respect to topography and finish grade elevation. All homes must be built on site, and no pre-fab, modular, or trailer homes are permitted.
- (b) No residential building plot, described herein, shall have a width of less than twenty-four feet (24') at the minimum building set back line, nor an area of less than nine hundred square feet (900 sq. ft.).
- (c) No building shall be erected on any lot unless the design and location are in harmony with existing structures and locations in the tract and does not violate any protective covenants. In any case, no dwelling shall be permitted on any lot described herein having a foundation square foot area of less than nine hundred square feet (900 sq. ft.), excluding garage.
- (d) Unless acted upon, approval by the architectural control committee expires sixty (60) days after approval. Failure of the architectural control committee to act within forty-five days (45) of written request for approval served on all committee members shall be deemed an approval of all materials served on said committee.

4. SET BACK LINES. No building shall be erected on any residential building plot nearer than twenty five feet (25') to no further than sixty feet (60') from the front lot line, nor nearer than ten feet (10') to any side lot line. Lots 8, 9, 10 and 11 shall not be held to these set backs due to special terrain and surface conditions. Because of the special terrain and surface conditions, set backs for Lots 8, 9, 10 and 11 shall be determined by the architectural control committee on an individual basis as requests for approval are made to the committee. The side line restriction shall not apply to a garage located on the rear one quarter of a lot, except that on corner lots no structure shall be permitted nearer than thirty feet (30') to the side street line. Variations may be determined and allowed by the architectural control committee when special terrain, surface conditions or aesthetic reasons dictate a variation.

5. TEMPORARY STRUCTURES. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other out building shall be used on any lot at any time as a residence, either temporarily or permanently.

6. NUISANCES. No obnoxious or offensive trade shall be carried on upon any lot, nor shall anything be done thereon which may be or become an annoyance or nuisance to the neighborhood. The title holder of each lot, vacant or improved, shall keep his lot or lots free of weeds and debris.

7. UTILITIES. All electrical, telephone, gas and other utility lines shall be underground. A perpetual easement is reserved over the rear five feet (5') of each lot for utility installation and maintenance, and drainage where applicable.

8. GARBAGE AND REFUSE DISPOSAL. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. Garbage removal will be the responsibility of the individual owners. All garbage, trash, and other debris of any type or nature shall be promptly hauled off the premises and shall not be allowed to accumulate. No junk vehicles, unlicensed vehicles, auto wrecking yards, salvage yards, or storage of unused vehicles shall be allowed or permitted.

9. TERM. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them until January 1, 1981, at which time said covenants shall be automatically extended for excessive periods of ten (10) years, unless by vote of the majority of the then owners of the lots, it is agreed to change said covenants in whole or in part.

10. ENFORCEMENT. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant, either to restrain violation or to recover damages, or both. It shall be lawful for any other person or persons owning any other lots in said subdivision to prosecute any proceedings hereunder against the person or persons violating said covenants, and the person so violating said covenant or covenants shall pay all costs of maintaining such suit, including reasonable attorney's fees and court costs. No such suit shall be maintained until written notice has been mailed to the last known address of the alleged violator, by certified mail, return receipt requested, and the alleged violator shall then have ten (10) days within which to cure and correct said defects. Personal service upon said alleged violator shall be sufficient. If an alleged violator cannot be found or discovered at his last known address, no written notice shall be necessary.

11. SEVERABILITY. Invalidation of any one or any part of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

AMENDMENT TO PROJECTIVE COVENANTS.

This agreement made and entered into this date by and between the undersigned owners and proprietors of the land described as Jones Subdivision, Campbell County, Wyoming, said amendment being made for the purpose of amending the original protective covenants which were filed for record on September 24, 1976, and recorded in Book 356 of Photos on page 340.

In consideration of our mutual interest as owners and proprietors of said lands, we hereby covenant and agree with one another for each of us, his heirs, executors or assigns that the original protective covenants be amended as follows and that the following provisions be treated as if they had been included in said original protective covenants:

FORMING OF ARCHITECTURAL CONTROL COMMITTEE

The Architectural Control Committee shall be empowered to establish funds in any bank, checking or saving account in the name of "Jones Subdivision Architectural Control Committee." All members names shall be recorded with each account and two signatures shall be required for any and all funds expended. All receipts by said Architectural Control Committee shall be deposited in account and cash expenditures are not permitted. The Architectural Control Committee shall be empowered to expend said funds on projects for the benefit of the Jones Subdivision in areas such as, but not limited to, road building and maintenance, sewer, water, fire protection, and snow removal. Each of the owner or owners of the lots in the Jones Subdivision shall be responsible for an equal amount to be assessed for each lot. The amount of an assessment shall be determined by the Architectural Control Committee and the committee is empowered to charge monthly rates per lot in order to develop a fund for future plans. The Architectural Control Committee shall bill lot owners by mailing notice of any assessments to the last known address of the owner.
