This is to certify that the survey of "CHANEY'S SUBDIVISION OF PINE MOUNTAIN DOME" as shown on the annexed plat and comprising the Southeast One-quarter of the Northwest One-quarter (SE¼NW¼) of Section Twenty-six (26), Township Thirty-five (35) North, Range Eighty-four (84) West of the Sixth (6th.) Principal Meridian, was made by me on February 19th to 21st 1925, at the request of and for D.W. Carr, Trustee.

The survey was executed with a Gurley transit, a 300-foot steel tape and a clinometer.

Each block corner was marked with a 4"x4"x24" pine post set 12" in the ground, tacked and the respective block numbers painted thereon, except at the forty-acre tract corners which were marked with iron pipe driven firmly in the ground and monumented with a pile of stones.

The location of the forty-acre tract corners was made according to the prescribed rules of the U.S. Land Office.

The easements shown on the annexed plat for the necessary ingress and egress of lot owners are included in the lots and are not separate therefrom.

All linear and angular measurements shown on the annexed plat were made with care and to the best of my knowledge and belief are correct.

Witness my hand and seal of a licensed surveyor this 24th day of February, A.D. 1925.
