GENERAL PURPOSES OF CONDITIONS

The real property described in Clause I hereof is
subjected to the covenants, restrictions, conditions, reservations,
liens and charges hereby declared to insure the best use and most
appropriate development and improvement of each building site there-
of; to protect the owners of building sites against such improper
use of surrounding building sites as will deprecate the value of their property; to preserve, as far as practical, the natural beauty of said property; to guard against the erection thereon of poorly designed or proportioned structures, and structures built of improper or unsuitable materials; to obtain harmonious color schemes; to in-

sure the highest and best development of said property; to encourage and secure the erection of attractive homes thereon, with appropriate locations thereof on building sites; to prevent haphazard and inhar-

monious improvement of building sites; to secure and maintain proper setbacks from streets, and adequate free spaces between structures; and in general to provide adequately for a high type and quality and improvement in said property, and thereby to enhance the values of investments made by purchasers of building sites therein.

a. All building sites in the tract shall be known and described as residential building sites. No structures shall be erected, altered, placed or permitted to remain on any building site other than one detached single-family dwelling, or multi-family units, and other outbuildings incidental to residential use of the premises.

b. No building shall be erected, placed or altered on any premises in said development until the building plans, specifica-

tions, and plot plan showing the location of such building have been approved, in writing, as to conformity and harmony of external design with existing structures in the development and as to loca-
tion of the building with respect to topography and finished ground elevation, by an architectural committee composed of H. J. Clare, Jr., M. L. Klugness, and Rex Canfield or by a representative design-

ated by a majority of the members of said committee. In the event the committee fails to approve or disapprove such design and location within thirty days after said plans have been submitted to it, or in any event, if no suit to enjoin the erection of such building or the making of such alterations has been commenced prior to the completion thereof, such approval will not be required and this covenant will be deemed to be fully complied with. The members of said Architectural Committee shall not be entitled to any compensation for services per-

formed pursuant to the Covenant.

No building shall be located nearer than 10 feet to an adjacent building site. No building shall be located on an interior building site nearer than 20 feet to the rear lot line. For the purposes of this covenant, eaves, steps and open porches shall not be considered as part of the building, provided however, that this shall not be con-

trived to permit any portion of a building on a building site to 

encroach upon another building site.

d. No building shall be erected or placed on any building site, which has an area of less than 5,000 square feet or a width of less than 50 feet at the front set back line for interior lots, and less than 50 feet for corner lots.

e. No noxious or offensive trade or activity shall be carried on upon any building site nor shall anything be done thereon which may be or become an annoyance or nuisance to the neighborhood.

f. No trailer, mobile home, basement, tent, shack, garage, barn or other out buildings other than guest houses and servants quarters erected on a building site covered by these cove-
nants shall at any time be used for human habitation temporarily or permanently, nor shall any structure of a temporary character be used for human habitation.

g. An easement is hereby reserved for the Pacific Power and Light Co. and the Mountain States Telephone Co. for poles, anchors and guys wires and cable adjacent to any lot lines, and Northern Utilities Co. for installation and maintenance of natural gas lines over the rear ten feet of each building site where no alley is provided in Paradise Valley, Natrona County, Wyoming.
h. Provide adequate off-street parking for vehicles of the family occupying such lot and their guests. No parking will be permitted within the right of way of streets or roads within this subdivision.

i. When horses are stabled and other pets are kept, the owner or owners thereof shall provide proper shelter thereof, keep the same contained, and the entire premises shall be kept clean and sanitary at all times. In the event a controversy should arise, the results shall be determined by the Natrona County Health Officer and his decision will be final. In addition, the owner of each lot shall not permit the accumulation of weeds, brush, rubbish, junk, or junk cars of any kind, or allow or permit said premises, or the animals thereon, to become a nuisance or offensive, or to annoy the other owners within the subdivision. All garbage containers shall be completely enclosed and covered at all times.

j. Oil drilling, oil development operations, refining, mining operations of any kind, or quarrying shall not be permitted upon or in any of the building sites in the tract described herein, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any of the building sites covered by these covenants.

k. All other improvements built or installed upon any premises within this subdivision, including but not limited to garages, gates, fences, barns or animal shelters, arbors, summer-houses or other permanent or temporary structures of any kind shall be approved by the Architectural Committee prior to construction or installation.

Approval of such systems to be installed shall be obtained from the Architectural Committee.

n. All construction shall be new and no building nor buildings may be moved from another location to any site within this subdivision. This restriction does not apply to new modular homes.

o. Each unit built in this subdivision shall be equipped with a garbage disposal.

p. An easement is retained across the rear 10 feet of each lot for the purpose of allowing the free flow and drainage of surface waters across each and all of said lots.

q. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them until July 1, 1999, at which time said covenants shall be automatically extended for successive periods of ten years unless by vote of a majority of the then owners of the building sites covered by these covenants it is agreed to change said covenants in whole or in part.

If the parties hereto, or any of them, or their heirs or assigns, shall violate or attempt to violate any of the Covenants herein, it shall be lawful for any other person or persons owning any real property situated in said tract, to prosecute any proceedings or law or in equity against the person or persons violating or attempting to violate any such Covenant, and either to prevent him or them from so doing or to recover damages or other dues for such violation.
The invalidation of any one of these Covenants or any part thereof by judgments or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

The term "improved property" as used herein shall be deemed to mean a single tract under a single ownership and use, and on which a residence has been erected or is in the process of erection or on which any other building, not in violation of the restrictions then of record, thereon is erected or is in the process of erection thereon. The term "owners" as used herein shall mean persons or corporations who own from time to time any part of the land within the district.

PUBLIC IMPROVEMENTS UNDER MANAGEMENT OF COMPANY OR ASSOCIATION.

All public improvements upon and to the land in the district, or improvements in public places shall be under the management or control of the Homes Association by whatever name it may be designated as hereinafter provided, as trustees, an association to be composed of the owners of the real estate in said District, which association may or may not be incorporated as the members thereof may hereinafter provide. But whether it is incorporated or not, it is understood and agreed that the members of the Association shall be limited to the owners of the land within the boundaries of the district as it exists from time to time. It is provided, however, that such management and control of such improvements shall at all time be subject to that law of Wyoming and any other law of the state of Wyoming, or any of them. And in addition thereto, it shall have such further powers and duties as are hereinafter set forth, all of which may be exercised and assumed at the discretion of the Association.
The Association shall have the following powers and duties whenever in the exercise of its discretion it may deem necessary or advisable, provided that nothing herein contained shall be deemed to prevent any owner having the contractual right to do so, from enforcing any building restrictions in his own name.

FIRST: To enforce, either in its own name or in the name of any owner within the district, any or all building restrictions, covenants, conditions and charges which may have been heretofore, or may hereafter be imposed upon any of the land in said district, either in the form as originally set forth or as modified and amended by the parties having the right to make such changes, releases or modifications as are permissible in the deeds, contracts or plats in which such restrictions, covenants and reservations are set forth, nor shall it serve to prevent the assignment of those rights by the proper parties, where and whenever such rights of assignment exist. The expenses and costs of any such proceedings shall, however, be paid out of the general fund of the Association as herein provided for.

SECOND: To provide for the clearing and removal of snow from the streets,

THIRD: To care for vacant, unsold and unoccupied lots in said district, remove and destroy grass, weeds and rodents therefrom, and any unsightly and objectionable thing thereon, and to do any other thing, and perform any labor necessary or desirable in the judgment of this Association to keep the property, and the land contiguous and adjacent thereto in good order.

FOURTH: To care for, spray, trim and protect, plant and replant trees on all streets and in other public places; to care for, plant and replant shrubbery, lawn and lawn grass in the parks which are in the streets or in the parks set aside for the general use of the owners of the district, or to which such owners have access and the use thereof;

FIFTH: To provide such lights as the Association may deem advisable on streets, parks, gateways, entrances or other features, and in other public or semi-public places;

SIXTH: To provide suitable locations, receptacles for the collection of rubbish and for the disposal of such rubbish as is collected, and the collection and disposal of garbage;

SEVENTH: To provide for the maintenance of playgrounds, gateways, entrances, drinking fountains, other ornamental features not existing or which may hereafter be erected or created in said district in any public street or park, or on any land set aside for the general use of the owners of the district, or to which all of such owners have access and the use thereof;

EIGHTH: To exercise such control over easements as it may acquire from time to time;

NINTH: To exercise such control over streets as may be within its powers and as it may deem necessary or desirable. To issue permits for plumbers or other parties to excavate streets when necessary for installation of utilities and to accept bonds or deposits for the requiring of such cuts. Said trustees shall have full authority to prevent any excavation or cutting in streets without first requiring a reasonable deposit to insure the repair and future maintenance of such repairs. It being further understood that the Trustees may reserve the full right to make any and all excavations in streets; or the right to refill any excavation; or the right to remove any cut or the right to repair any damages, in its option, to any improvements in the streets, and pay the cost of the same out of the deposits made as above provided; subject at all times to such control of county or other proper officials as may have jurisdiction over streets.

TENTH: To repair, oil, maintain, repave and reconstruct paved streets or roads, lanes and pedestrian ways, and to clean streets, gutters and sidewalks and pedestrian ways.

ELEVENTH: To reimburse the State or County for the expense of providing for community police and fire protection of said district, or to employ duly qualified peace officers and/or firefighters for such purposes.
THEREFORE: To do any and all lawful things and acts within this Association, at any time, and from time to time, it shall be the discretion of the Director to be the best interests of said district and the owners of the buildings therein, and to pay all costs and expenses in connection therewith.

FOURTH: To maintain storm drainage catch-basins, underground pipe, open channels and all other drainage structures and facilities, either in street areas or in recorded drainage easements.

GENERAL: The Second, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, and fourteenth paragraphs above shall be the responsibility of the Home Association only until such time as such services are adequately provided for by public authority.

LAND ENTITLED TO BENEFITS

No land shall be entitled to any of the benefits or improvements or services provided for by this Association unless the owner or owners thereof shall have subjected their land to the terms of this agreement and to the assessments herein provided for.

THE MEMBERS OF THIS ASSOCIATION SHALL BE

All persons who are owners of record of a building site or purchasing such building site under a contract or agreement of purchase in said district.

Membership in this Association shall lapse and terminate when any member shall cease to be the owner of record of a building site, or cease to be a purchaser thereof under a contract or agreement of purchase.

A building site for the purpose of this Declaration shall be taken to be and mean a building site as defined in the protective covenants covering the portion of said district in which the building site is located.

The voting power of members of this Association shall be limited to one vote to each owner, or purchaser under contract or agreement of purchase, including the developer, regardless of the amount of land or number of sites he may hold.

METHOD OF PROVIDING GENERAL FUNDS

For the purpose of providing a fund to enable the said Association to perform the duties, am to maintain the improvements herein provided for, all land within the boundaries of the district above described, shall be subject to an annual improvement assessment to be paid to the Association annually in advance by the respective owners or purchasers of all portions of the assessable land subject thereto, which assessable land shall be deemed to be all of the land in the aforesaid plat of Paradise Valley lying within three hundred feet of any paved street, open to vehicle travel, exclusive, however, of all land contained in streets, parks, playgrounds or other public places open to the public, for the special use of the names or residents of the land within the district, or all of the owners of one or more entire blocks. The amount of such assessment shall be fixed by the Association from year to year, but shall be in the proportion of one mill per acre for each square foot of all of the assessable land within one hundred fifty feet of any paved street open to vehicle travel and one-half of one mill per square foot per annum for all assessable land more than one hundred fifty feet and less than three hundred feet from any such paved street, provided that at a meeting of the members specially called for that purpose, prior to the date on which the assessment is due for the year for which such increase is proposed, a majority of the members present at such meeting vote for an increase, and provided further, that the assessment be increased to three mills per square foot per annum for all assessable land within one hundred fifty feet of any paved street open to vehicle travel and one and one-half mills per square foot per annum for all assessable land more than one hundred fifty feet and less than three hundred feet from any such paved street, provided that at a meeting of the members specially called for that purpose, prior to the date on which the assessment is due for the year for which such increase is proposed, two-thirds of the members present at such meeting vote for such increase. The act of the Association may be deemed inexecutable.
to submit to the members of the proposal for increasing the rate of the assessment for any particular year, then it shall notify members of the Association by mailing to such members at the last known address with United States postage thereon prepaid, a notice of such meeting, giving the time and place at which it is to be held and the fact that an increase in the rate of assessment is to be voted at such meeting. No increases in the rate of assessment may be made for more than one year at a time.

ASSOCIATION DUE

The first assessment shall be for the fiscal year beginning May 1, 1911, and it shall be fixed and levied prior to May 1, 1911, and shall be payable on that date, and thereafter it shall be due and payable on the first day of May of each year. It will be the duty of the Association to notify all members whose address is listed with the Association on or before that date, giving the amount of the assessment, due, and the amount of each tract of land owned by them. Failure of the Association to make the assessment prior to May 1 of each year for the next succeeding fiscal year beginning on May 1, shall not invalidate any such assessment made for that particular year; nor shall failure to levy an assessment for any one year affect the right of the Association to do so for any subsequent year. The notice is made subsequent to May 1 of any year, then it shall become due and payable not later than thirty days from the date of the notice. The date of the assessment hereinbefore provided for, in the notice shall be deemed for the purposes of carrying out the terms of this agreement, that it shall have the right to make a partial assessment within the limits herein provided for on a pro rata basis for the period of time ending April 30, 1972. Thereafter all assessments shall be made annually as herein provided.

WHAT CONSTITUTES NOTICE

A written or printed notice thereof, deposited in the United States Post Office with postage thereon prepaid and addressed to the respective members at the last address listed with the Association, shall be deemed to be sufficient and proper notice for this purpose or for any other purpose of this contract, where notices are required.

Lien on Real Estate

The assessment shall become a lien on said real estate as soon as it is due and payable as above set forth. In the event of failure of any of the members to pay the assessment on or before first day of June following the making of such assessment, then such assessment shall bear interest at the rate of ten percent per annum from first day of May, but if the assessment is paid before first day of May, or within thirty days from the date of the assessment is made subsequent to April 30, 1972, for the fiscal year beginning May 1, then no interest shall be charged.

When Delinquent

On or after the first day of June of each year, beginning June 1, or within thirty days from the date of levying the assessment for the fiscal year during which and for which the assessment is made, the assessment shall become delinquent and payment of both principal and interest may be enforced as a lien on said real estate, in proceedings in any court in the County of Wyoming, having jurisdiction of suits for the enforcement of such liens. It shall be the duty of the Association to bring suits to enforce such liens before the expiration thereof. The Association may at its discretion file certificates of non-payment of assessments in the County Clerk's office wherein any such assessments are delinquent. For each certificate so filed, the Association shall be entitled to collect from the owner or owners of the property described therein a fee of $2.00, which fee is hereby declared to be a lien upon the real estate so described in said certificate and shall be collectible in the same manner as the original assessments provided for herein and in addition to the interest and principal due thereon.

Termination of Liens

Such liens shall continue for a period of five years from the date of delinquency and no longer, unless within such time, suit shall have been instituted for the collection of the assessment in which case the lien shall continue until the termination of the suit, and until the sale of the property under execution of the judgment establishing same.
EXPEDEMENTS LIMITED TO AMOUNTS FOR CURRENT YEAR

The Association shall at no time spend more money than the total amount of the assessment for that particular year, or any sum which it may have on hand from previous assessments, nor shall said Association enter into any contract whatever, binding the assessment of any future year to pay for any such obligation and no such contract shall be valid or enforceable against the Association; it being the intention that the assessment for each year shall be paid as far as possible toward payment of the obligation of that year, and that the Association shall have no power to make a contract affecting the assessment of any future or subsequent year.

OTHER LANDS - HOW THEY MAY BE ADDED

Paradise Valley Development Company may from time to time add such land to the district, as is now or hereafter owned or approved for addition by it; provided that the land be added to the district shall at that time be bound by all of the terms of this agreement and any future modifications thereof. The Association may also write or combine with any other association similarly organized, operating on a similar basis having jurisdiction of land lying wholly within Natrona County, Wyoming.

ASSOCIATION TO NOTIFY MEMBERS OF ADDRESS

The Association shall notify all owners of land in the district as it may exist from time to time, insofar as the address of such owners are listed with said Association, the official address of said Association, as it shall be held at the place, where payments shall be made, and any other business in connection with said Association may be transacted, and in case of any change of such address, the Association shall notify all the owners of land in the district insofar as their addresses are listed with the Association, of the change, notifying them of their new address.

NEW POWER TO BE GIVEN

By written consent of the owners of two-thirds of the members, evidenced by an agreement duly executed and acknowledged, and recorded in the office of the County Clerk of Natrona County, Wyoming, the Association may be given such additional powers as may be desired by said members, or may otherwise amend this instrument provided, however, that no right to change the proportion of the assessment rate may be given.

TEMPORARY TRUSTEES

Prior to the actual organization or incorporation of the Association, as contemplated by the terms of the Declaration, Paradise Valley Development Company shall have the right at its option, to perform the duties, assume the obligations, levy and collect the assessments, and otherwise exercise the powers herein given to the Association, in the same way and manner as though all of such powers and duties were herein given direct to Paradise Valley Development Company.

Prior to the actual incorporation of an association contemplated by the terms of this Declaration, Paradise Valley Development Company shall have the right, which it may exercise, at its option, to incorporate or combination, by an appropriate agreement in writing, duly executed, acknowledged and recorded in the office of the County Clerk of Natrona County, Wyoming, to subject the land described in this Declaration together with any other land which may hereafter be added to the District, to the terms and provisions of any other Home Company or Home Association by and with consent, and having within its jurisdiction, land situated solely within Natrona County, Wyoming, provided such other association or company, by whatever name known, shall have no greater powers than are set out in this Declaration, and that it be at that time duly incorporated under the laws of the State of Wyoming; and, provided, further, that all owners or owners of land within the district as it exists from time to time shall have equal rights and privileges of membership. No association contemplated under the terms of this Declaration shall be incorporated or assume any of the rights hereunder by the consent of Paradise Valley Development Company and its relinquishment thereof.
TO OBEY ALL LAWS

Said Association shall at all times observe all of the State, County and other laws, and in all cases any of the provisions of this agreement shall be found to be in conflict therewith, then such parts of this agreement as are in conflict with such laws shall become null and void, but no other part of this agreement not in conflict therewith shall be affected thereby. The Association shall have the right to make such reasonable rules and regulations and provide such devices and employ such agents as will enable it to adequately and properly carry out the provisions of the agreement, subject, however, to the limitations of its rights to conduct as is herein provided for.

DATE TERMINATED

This agreement may be terminated and all of the land now or hereafter allotted may be released from all of the terms and provisions thereof by the action of two-thirds of the area subject thereto at the time it is proposed to terminate this agreement, executing and acknowledging an appropriate agreement or agreements for that purpose and filing the same for record in the office of the County Clerk of Natrona County, Wyoming.

Covenants Running with the Land
