number 127111. Said Agency does hereby establish the covenants,
conditions, reservations, and restrictions upon which and subject
to which all lots and portions of such lots in said Project Area
shall be sold and conveyed by it, as owner thereof, as follows:
COVENANTS RELATING TO THE USE OF THE LAND

1. Restrictions on Use. The premises may be devoted only to the uses specified in the Urban Renewal Plan.

2. Setback Lines. No building, structure, or appurtenance of any nature shall be located closer than ten feet from the front street line of all streets in the Project Area, except West First Street.

3. Subdivision of Lots. No lot or parcel may be subdivided except as approved in writing by the Board of Commissioners of the Agency.

4. Building Heights. The height of buildings in the Project area shall be not more than four stories above street level.

5. Loading Space. Each building shall be provided with easily accessible off-street loading space as necessary adequately to serve the use contained therein.

6. Maintenance. All of the premises and improvements thereon shall be maintained in good repair and suitable condition.

7. Signs. No signs, billboards, or advertising structures of any character shall be erected, placed, permitted, or maintained on the premises unless the size, form, and number of the same are first approved in writing by the Board of Commissioners of the Agency, and except as is in compliance with Section C-3 of the Urban Renewal Plan related to sign control.

8. Nuisances. No owner shall do or permit to be done any act upon the premises which is, may be, or may become a nuisance. No weeds or other unsightly growth shall be permitted to grow or remain upon the premises, and no refuse pile or unsightly objects shall be allowed to be placed or suffer to remain anywhere thereon, nor shall any substance, thing, or material be kept on any lot that will emit foul or noxious odors, or that will cause any noise that will and might disturb the peace, comfort, or serenity of the occupants of surrounding property.

9. Trees. Trees upon the premises may not be destroyed or removed except as approved in writing by the Board of Commissioners of the Agency. In the event such trees are removed without such approval, the Board of Commissioners of the Agency shall require the replanting or replacement of the same, the cost thereof to be borne by the owner of the lot or parcel.

10. Enclosures. All garbage receptacles, coolers, equipment, and storage piles shall be walled in to conceal them from the view of the adjoining lots and streets. Plans for all enclosures of this nature must be approved in writing by the Board of Commissioners of the Agency prior to construction.

11. Covenants and Restrictions to Run with the Land. All of the covenants, restrictions, reservations, and servitudes set forth herein shall run with the land and grantees, by accepting the deed to such premises, accept the same subject to such covenants, restrictions, reservations, and servitudes, and agree for himself, his heirs, administrators, and assigns to be bound by each of such covenants, restrictions, reservations, and servitudes, jointly, separately, and severally. The agreements and covenants shall to the fullest extent permitted by law and equity, be for the benefit of and in favor of and enforceable by, the Agency, its successors and assigns, the City of Casper, and any successor in interest to the property, or any part
thereof, and the owner of any other land (or of any interest in such land) in the Project Area which is subject to the land use requirements and restrictions of the Urban Renewal Plan.

12. Remedies for Violations. The Agency and its successors and assigns shall be deemed beneficiaries of the covenants herein contained, and the Agency shall have the right, in the event of any breach of any such covenant, to exercise all the rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant, to which it or any other beneficiary of such agreement or covenant may be entitled.

All of the foregoing covenants, conditions, reservations, and restrictions shall continue and remain in full force and effect at all times as against the owner of any lot in the Project Area regardless of how he acquired title, until January 1, 1992, on which date these covenants, conditions, reservations, and restrictions shall terminate and end, and thereafter be of no further legal or equitable force or effect on such premises or any owner thereof. Although these covenants, conditions, reservations, and restrictions may expire as herein provided, any and all revocations for breach of these covenants, conditions, reservations, or restrictions committed or suffered prior to such expiration shall be absolute. If the breach of any of the foregoing covenants, conditions, reservations, or restrictions or any re-entry by reason of such breach shall not defeat or render invalid the lien of any mortgage made in good faith for value as to any lot or lots or portions of lots, but these covenants, conditions, reservations, and restrictions shall be binding upon and effective against any such mortgagee whose title thereto or whose grantor's title is, or was acquired by foreclosure or otherwise.

II.

RESTRICTIONS UPON USE OF PROPERTY

13. Covenant Not to Engage in Unlawful Discrimination. The owner or occupant of each lot by acceptance of title thereto or by taking possession thereof, covenants and agrees that he will not discriminate upon the basis of race, color, creed, or national origin in the sale, lease, rent, or in the use or occupancy of the property or any improvements erected or to be erected thereon, or any part thereof.

14. Covenants Binding Upon Successors in Interest; Period of Duration. It is intended and agreed, and the said shall so expressly provide, that the agreements and covenants provided in section 13 hereof shall be covenants running with the land and that they shall, in accordance with law and except as otherwise specifically provided in the Agreement, be binding, to the fullest extent permitted by law and equity, for the benefit of and in favor of, and enforceable by, the Agency, its successors and assigns, the City and any successor in interest to the property, or any part thereof, and the owner of any other land (or of any interest in such land) in the Project Area which is subject to the land use requirements and restrictions of the Urban Renewal Plan, and the United States, against the redeveloper, its successors and assigns and every successor in interest to the property, or any part thereof, and any party in possession or occupancy of the property or any part thereof. The agreements and covenants provided in section 13 hereof shall remain in effect without limitation as to time. Provided, that such agreements and covenants shall be binding on the redeveloper itself, each successor in interest to the property, and every part thereof, and each party in possession or occupancy, respectively, only for
such period as such successor or party shall have title to, or an interest in, or possession or occupancy of, the property or part thereof.

15. Agency and United States Rights to Enforce. In amplification, and not in limitation of, the provisions of the preceding section, it is intended and agreed that the Agency and the successor and assigns of the Agency and its successors and assigns and the United States shall be deemed a beneficiary of the covenant provided in Section 13 hereof, both for and in their or its own right and also for the purposes of protecting the interests of the community and other parties, public or private, in whose favor or for whose benefit such agreements and covenants shall be in force and effect, without regard to whether the Agency or the United States has at any time been, remains, or is an owner of any land or interest therein to or in favor of which such agreements and covenants relate. The Agency shall have the right, in the event of any breach of any such agreement or covenant, and the United States shall have the right in the event of any breach of the covenant required in Section 13 hereof, to exercise all the rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant, in which it or any other beneficiaries of such agreement or covenant may be entitled.

III.

COVENANTS, CONDITIONS, AND RESTRICTIONS RELATING TO THE CONSTRUCTION OF IMPROVEMENTS IN THE PROJECT AREA

16. Approval of Construction Plans. All plans for building and other improvements shall first be approved in writing by the Board of Commissioners of the Agency. Before beginning the construction of any building or other improvement or remodeling, the person desiring to erect, construct or modify the same shall submit to the Board of Commissioners of the Agency a set of plans and specifications for the building or improvement, so desired to be erected, constructed, or modified. No structure of any kind, the plans, elevations, and specifications of which have not received the written approval of the Board of Commissioners of the Agency, and which have not been fully with such approved plans and specifications, shall be erected, constructed, placed, or maintained upon any lot. Approval of such plans and specifications shall be evidenced by written endorsement on such plans and specifications. No changes or deviations in or from such plans and specifications as approved shall be made without prior written consent of the Board of Commissioners of the Agency.

17. Progress Reports. Subsequent to the conveyance of the property, or any part thereof, to the redeveloper, and until construction of the improvements has been completed, the redeveloper shall make reports in such detail and at such time as may reasonably be requested by the Agency, as to the actual progress of the redeveloper with respect to such construction.

18. Conformance to Plans. The owner or occupant of each and every lot, by acceptance of title thereto or by taking possession thereof, covenants and agrees that no building, wall, or other structure shall be placed upon such lot unless and until the plans and specifications therefor have been approved in writing by the Board of Commissioners of the Agency. Each such building, wall, or structure shall be placed on the premises only in accordance with the plans and specifications so approved. Refusal of approval of plans and specifications by the commissioners of the Agency may be based on any ground, including purely aesthetic grounds, which, in the sole and uncontrolled discretion of the Board of Commissioners
shall seem sufficient. No alteration in the exterior appearance of the buildings or structures shall be made without like approval. No building or other structure shall be erected which violates any of the covenants herein contained. No building, when completed, may be in any manner occupied until made to comply with the approved plans, the requirements herein, and all of the covenants, conditions, reservations, and restrictions herein not forth.

19. Time for Construction. When the construction of any building is once begun, work thereon must be prosecuted diligently, and must be completed within a reasonable time from the start thereof. Such construction shall in any event be begun within the period specified in the contract with the Agency and be completed within the period specified in the contract.

20. Certificate of Completion. Promptly after completion of the improvements in accordance with those provisions of the Agreement relating solely to the obligations of the Redeveloper to construct the improvements, the Agency shall furnish the Redeveloper with an appropriate instrument so certifying. Such certificate by the Agency shall be a conclusive determination of satisfaction and termination of the agreements and covenants in the agreement and in the deed with respect to the obligations of the Redeveloper to construct the improvements and the dates for the beginning and completion thereof.

21. Reversionary Title in Agency Upon Happening of Event Subsequent to Conveyance of the Property or Any Part Thereof to the Redeveloper and Prior to Completion of the Improvements as certified by the Agency.

(a) The Redeveloper (or successor in interest) shall default in or violate its obligations with respect to the construction of the improvements (including the nature and the dates for the beginning and completion thereof), or shall abandon substantial construction work, and any such default, violation, abandonment, or suspension shall not be cured, ended, or remedied within three (3) months (six (6) months, if the default is with respect to the dates for completion of the improvements) after written demand by the Agency so to do; or

(b) The Redeveloper (or successor in interest) shall fail to pay real estate taxes or assessments on the property or any part thereof when due, or shall place therein any encumbrance or lien unauthorized by the Agreement, or shall suffer any levy or attachment to be made, or any materialmen's or mechanics' lien, or any other unauthorized encumbrance or lien to attach, and such taxes or assessments shall not have been paid, or the encumbrance or lien removed or discharged or provision satisfactory to the Agency made for such payment, removal, or discharge, within ninety (90) days after written demand by the Agency so to do; or

(c) There is, in violation of the Agreement between the Redeveloper and the Agency relating to the purchase of the property, any transfer of the property or any part thereof, or any change in the ownership or distribution of the stock of the Redeveloper, or with respect to the identity of the parties in control of the Redeveloper or the degree thereof, and such violation shall not be cured within sixty (60) days after written demand by the Agency to the Redeveloper.
then the Agency shall have the right to re-enter and take possession of the property and to terminate (and re-vest in the Agency) the estate conveyed by the Deed to the Redeveloper, it being the intent of this provision, together with other provisions of the Agreement, that the conveyance of the property to the Redeveloper shall be made upon, and that the Deed shall contain, a condition subsequent to the effect that in the event of any default, failure, violation, or other action or inaction by the Redeveloper specified in subdivisions (a), (b), and (c) of this section, failure on the part of the Redeveloper to remedy, end, or abrogate such default, failure, violation, or other action or inaction, within the period and in the manner stated in such subdivisions, the Agency at its option may declare a termination in favor of the Agency of the title, and of all the rights and interests in and to the property conveyed by the Deed to the Redeveloper, and that such title and all rights and interests of the Redeveloper, and any assign or successors in interest to and in the property, shall revert to the Agency. Provided, That such condition subsequent and any reversion of title as a result thereof in the Agency shall always be subject to and limited by, and shall not defeat, render invalid, or limit in any way, (i) the lien of any mortgage authorized by the Agreement, and (ii) any rights or interests provided in the Agreement for the protection of the holders of such mortgages; and

(2) shall not apply to individual parts or parcels of the Property (or, in the case of parts or parcels leased, the leasehold interest) on which the improvements to be constructed thereon have been completed in accordance with the Agreement and for which a certificate of completion is issued therefor as provided in section 20 hereof.

struction of any building or other improvement or remodeling, re-

make reports in such detail and at such time as may reasonably be
requested by the Agency, as to the actual progress of the redeveloper
with respect to such construction.

18. Conformance to Plans. The owner or occupant of each and
every lot, by acceptance of title thereto or by taking possession

and specifications therefor have been approved in writing by the
Board of Commissioners of the Agency. Each such building, wall,
or structure shall be placed on the premises only in accordance
with the plans and specifications so approved. Refusal of approval
of plans and specifications by the commissioners of the Agency may
be based on any ground, including purely aesthetic grounds, which,
in the sole and uncontrolled discretion of the Board of Commissioners
shall seem sufficient. No alteration in the exterior appearance of the buildings or structures shall be made without like approval. No building or other structure shall be erected which violates any of the covenants herein contained. No building, when completed, may be in any manner occupied until made to comply with the approved plans, the requirements herein, and all of the covenants, conditions, reservations, and restrictions herein set forth.

19. Time for Construction. When the construction of any building is once begun, work thereon must be prosecuted diligently, and must be completed within a reasonable time from the start thereof. Such construction shall in any event be begun within the period specified in the contract with the Agency and be completed within the period specified in the contract.

20. Certificate of Completion. Promptly after completion of the improvements in accordance with those provisions of the Agreement relating solely to the obligations of the Redeveloper to construct the improvements, the Agency shall furnish the Redeveloper with an appropriate instrument so certifying. Such certification by the Agency shall be a conclusive determination of satisfaction and termination of the agreements and covenants in the agreement and in the deed with respect to the obligations of the redeveloper to construct the improvements and the dates for the beginning and completion thereof.

(b) The Redeveloper (or successor in interest) shall fail to pay real estate taxes or assessments on the Property or any part thereof when due, or shall place thereon any encumbrance or lien unauthorized by the Agreement, or shall suffer any levy or attachment to be made, or any materialmen's, mechanics' lien, or any other unauthorized encumbrance or lien to attach, and such taxes or assessments shall not have been paid, or the encumbrance or lien removed or discharged or provision satisfactory to the Agency made for such payment, removal, or discharge, within ninety (90) days after written demand by the Agency so to do; or

(c) There is, in violation of the Agreement between the Redeveloper and the Agency relating to the purchase of the property, any transfer of the property or any part thereof, or any change in the ownership or distribution of the stock of the Redeveloper, or with respect to the identity of the parties in control of the Redeveloper or the degree thereof, and such violation shall not be cured within sixty (60) days after written demand by the Agency to the Redeveloper.
then the Agency shall have the right to re-enter and take possession of the property and to terminate (and re-enter in the Agency) the estate conveyed by the Deed to the Redeveloper, it being the intent of this provision, together with other provisions of the Agreement, that the conveyance of the property to the Redeveloper shall be made upon, and that the Deed shall contain, a condition subsequent to the effect that in the event of any default, failure, violation, or other action or inaction by the Redeveloper specified in subdivisions (a), (b), and (c) of this section, failure on the part of the Redeveloper to remedy, end, or abate such default, failure, violation, or other action or inaction, within the period and in the manner stated in such subdivisions, the Agency at its option may declare a termination in favor of the Agency of the title, and of all the rights and interests in and to the property conveyed by the Deed to the Redeveloper, and that such title and all rights and interests of the Redeveloper, and any assigns or successors in interest to and in the property, shall revert to the Agency: Provided, That such condition subsequent and any revesting of title as a result thereof in the Agency

shall always be subject to and limited by, and shall not defeat, render invalid, or limit in any way, (i) the lien of any mortgage authorized by the Agreement, and (ii) any rights or interests provided in the Agreement for the protection of the holders of such mortgages; and

shall not apply to individual parts or parcels of the Property, or, in the case of parts or parcels leased, the leasehold interest in which the improvements to be constructed thereon have been completed in accordance with the Agreement and for which a certificate of completion is issued therefor as provided in section 20, hereof.

1. Restrictions on Use. The premises may be devoted only to the uses specified in the Urban Renewal Plan.

2. Setback Lines. No building, structure, or appurtenance of any nature shall be located closer than ten feet from the front street line of all streets in the Project Area, except West First Street.

No weeds or other unsightly growth shall be permitted to grow or remain upon the premises, and no refuse pile or unsightly objects shall be allowed to be placed or suffered to remain anywhere thereon, nor shall any nuisance, thing, or material be kept on any lot that will emit smoke or obnoxious odors, or that will cause any noise that will and might disturb the peace, comfort, or serenity of the occupants of surrounding property.

9. Trees. Trees upon the premises may not be destroyed or removed except as approved in writing by the Board of Commissioners of the Agency. In the event such trees are removed without such approval, the Board of Commissioners of the Agency shall require the replanting or replacement of the same, the cost thereof to be borne by the owner of the lot or parcel.

The Agency and its successors and assigns shall be deemed beneficiaries of the covenants herein contained, and the Agency shall have the right, in the event of any breach of any such covenant, to exercise all the rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant, to which it or any other beneficiaries of such agreement or covenant may be entitled.

The breach of any of the foregoing covenants, conditions, reservations, or restrictions or any re-entry by reason of such breach, shall not defeat or render invalid the lien of any mortgage made in good faith for value as to any lot or lots or portions of lots, but these covenants, conditions, reservations, and restrictions shall be binding upon and effective against any such mortgagee whose title thereto or whose grantor's title is, or was acquired by foreclosure or otherwise.

II.

13. Covenant Not to Engage in Unwarranted Discrimination. The owner or occupant of each lot by acceptance of title thereto or by taking possession thereof, covenants and agrees that he will not, or by taking possession thereof, covenants and agrees that he will not, discriminate upon the basis of race, color, creed, or national origin, in the sale, lease, or rental or in the use or occupancy of the property or any improvements erected or to be erected thereon, or any part thereof.

14. Covenant; Binding Upon. Successors in Interest; Period of Duration. It is intended and agreed, and the holder shall so expressly provide, that the agreements and covenants provided in section 13 hereof shall be covenants running with the land and that they shall, in any event, and without regard to technical classification or designation, legal or otherwise, and except only as otherwise specifically provided in the Agreement, be binding, to the fullest extent permitted by law and equity, for the benefit and in favor of, and enforceable by, the Agency, its successors and assigns, the City and any successor in interest to the property, or any part thereof, and the owner of any land (or of any interest in any land) in the Project Area which is subject to the land use requirements and restrictions of the Urban Renewal Plan, and the United States, against the redeveloper, its successors and assigns, and every successor in interest to the property, or any part thereof or any interest therein, and any party in possession, or occupancy of the property or any part thereof. The agreements and covenants provided in section 13 hereof shall remain in effect without limitation as to time. Provided, that such agreements and covenants shall be binding on the redeveloper itself, each successor in interest to the property, and every party thereto, and each party in possession or occupancy, respectively, only for
such period as such successor or city shall have title to, or an interest in, or possession or occupancy of, the property or part thereof.

15. Agency and United States to Enforce. In amplification, and not in restriction of, the provisions of the preceding section, it is intended and agreed that the Agency and its successors and assigns and the United States shall be deemed a beneficiary of the covenant provided in Section 13 hereof, both for, and in their or its own right and also for the purposes of protecting the interests of the community and other parties, public or private, in whose favor or for whose benefit such agreements and covenants shall be in force and effect, without regard as to whether the Agency or the United States has at any time been, remains, or is an owner of any land or interest therein to or in favor of which such agreements and covenants relate.

The Agency shall have the right, in the event of any breach of any such agreement or covenant, and the United States shall have the right in the event of any breach of the covenant provided in Section 13 hereof, to exercise all the rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant, to which it or any other beneficiaries of such agreement or covenant may be entitled.

III.

Covenants, Conditions, and Restrictions Relating to the Construction of Improvements to the Project Area

16. Approval of Construction Plans. All plans for buildings and other improvements shall first be approved in writing by the Board of Commissioners of the Agency. Before beginning the construction of any building or other improvement or remodeling, reconstruction or alteration of such building or improvement, the person desiring to erect, construct or modify the same shall submit to the Board of Commissioners of the Agency a set of plans and specifications for the building or improvement, so desired to be erected, constructed, or modified. No structure of any kind, the plans, elevations, and specifications of which have not received the written approval of the Board of Commissioners of the Agency, and which does not comply fully with such approved plans and specifications, shall be erected, constructed, placed, or maintained upon any lot. Approval of such plans and specifications shall be evidenced by written endorsement on such plans and specifications. No changes or deviations in or from such plans and specifications as approved shall be made without prior written consent of the Board of Commissioners of the Agency.

17. Progress Reports. Subsequent to the conveyance of the property, or any part thereof, to the redeveloper, and until construction of the improvements has been completed, the redeveloper shall make reports in such detail and at such time as may reasonably be requested by the Agency, as to the actual progress of the redeveloper with respect to such construction.

18. Covenants Running. The owner or occupant of any and every lot, by acceptance of title thereto, or by taking possession thereof, covenants and agrees that no building, wall, or other structure shall be placed upon such lot unless and until the plans and specifications thereof have been approved in writing by the Board of Commissioners of the Agency. Each such building, wall, or structure shall be placed on the premises only in accordance with the plans and specifications so approved. Refusal of approval of plans and specifications by the commissioners of the Agency may be based on any ground, including purely aesthetic grounds, which, in the sole and uncontrolled discretion of the Board of Commissioners
shall such pursuit. No alteration in the exterior appearance of the buildings or structures shall be made without the like approval. No building or other structure shall be erected which violates any of the covenants herein contained. No building, when completed, may be in any manner occupied until made to comply with the approved plans, the requirements herein, and all of the covenants, conditions, reservations, and restrictions herein not forth.

19. Time for Construction. When the construction of any building is once begun, work thereon must be prosecuted diligently, and must be completed within a reasonable time from the start thereof. Such construction shall in any event be begun within the period specified in the contract with the Agency and be completed within the period specified in the contract.

20. Certificate of Completion. Promptly after completion of the improvements in accordance with those provisions of the Agreement relating solely to the obligations of the Redeveloper to construct the improvements, the Agency shall furnish the Redeveloper with an appropriate instrument so certifying. Such certification shall be a conclusive determination of satisfaction and termination of the agreements and covenants in the agreement and in the deed with respect to the obligations of the Redeveloper to construct the improvements and the dates for the beginning and completion thereof.

21. Devesting Title in Agency Upon Happening of Event Subsequent to Conveyance to Redeveloper. In the event that subsequent to conveyance of the property or any part thereof to the Redeveloper and prior to completion of the improvements as certified by the Agency

(a) The Redeveloper (or successor in interest) shall default in or violate its obligations with respect to the construction of the improvements (including the nature and the dates for the beginning and completion thereof), or shall abandon or substantially suspend construction work, and any such default, violation, abandonment, or suspension shall not be cured, ended, or remedied within three (3) months (six (6) months, if the default is with respect to the date for completion of the improvements) after written demand by the Agency so to do; or

(b) The Redeveloper (or successor in interest) shall fail to pay real estate taxes or assessments on the property or any part thereof when due, or shall place thereon any encumbrance or lien unauthorized by the Agreement, or shall suffer any levy or attachment to be made, or any materialsman's or mechanics' lien, or any other unauthorized encumbrance or lien to attach, and such taxes or assessments shall not have been paid, or the encumbrance or lien removed or discharged or provided satisfactory to the Agency made for such payment, repair, or discharge, within ninety (90) days after written demand by the Agency so to do; or

(c) There is, in violation of the Agreement between the Redeveloper and the Agency relating to the purchase of the property, any transfer of the property or any part thereof, or any change in the ownership or distribution of the stock of the Redeveloper, or with respect to the identity of the parties in control of the Redeveloper or the degree thereof, and such violation shall not be cured within sixty (60) days after written demand by the Agency to the Redeveloper.
then the Agency shall have the right to re-enter and take possession of the property and to terminate (and revert in the Agency) the estate conveyed by the Deed to the Redeveloper. It being the intent of this provision, together with other provisions of the Agreement, that the conveyance of the property to the Redeveloper shall be made upon, and that the Deed shall contain, a condition subsequent to the effect that in the event of any default, failure, violation, or other action or inaction by the Redeveloper specified in subdivisions (a), (b), and (c) of this section, failure on the part of the Redeveloper to remedy such default, failure, violation, or other action or inaction, within the period and in the manner stated in such subdivisions, the Agency at its option may declare a termination in favor of the Agency of the title, and of all the rights and interests in and to the property conveyed by the Deed to the Redeveloper, and that such title and all rights and interests of the Redeveloper, and any assigns or successors in interest to and in the property, shall revert to the Agency. Provided, That such condition subsequent and any vesting of title as a result thereof in the Agency

(1) shall always be subject to and limited by, and
shall not defeat, render invalid, or limit in any way, (i) the lien of any mortgage authorized by the Agreement, and (ii) any rights or interests provided in the Agreement for the protection of the holders of such mortgages; and

(2) shall not apply to individual parts or parcels of the Property (or, in the case of parts or parcels leased, the leasehold interest) on which the improvements to be constructed thereon have been completed in accordance with the Agreement and for which a certificate of completion is issued therefor as provided in section 20 hereof.

The Agency and its successors and assigns shall be deemed beneficiaries of the covenants herein contained, and the Agency shall have the right, in the event of any breach of any such covenant, to exercise all the rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant, to which it or any other beneficiary of such agreement or covenant may be entitled.

All of the foregoing covenants, conditions, reservations, and restrictions shall continue and remain in full force and effect at all times as against the owner of any lot in the Project Area, regardless of how he acquired title, until January 1, 1992, on which date these covenants, conditions, reservations, and restrictions shall terminate and end, and thereafter be of no further legal or equitable effect on such premises or any owner thereof. Although these covenants, conditions, reservations, and restrictions may expire as herein provided, any and all reversions for breach of these covenants, conditions, reservations, or restrictions committed or suffered prior to such expiration shall be absolute. The breach of any of the foregoing covenants, conditions, reservations, or restrictions or any re-entry by reason of such breach, shall not defeat or render invalid the lien of any mortgage made in good faith for value as to any lot or lots or portions of lots, but these covenants, conditions, reservations, and restrictions shall be binding upon and effective against any such mortgagee whose title thereto or whose grantor's title is, or was acquired by foreclosure or otherwise.

II.

RESTRICTIONS UPON USE OF PROPERTY

13. Covenant Not to Engage in Unwarranted Discrimination.
The owner or occupant of each lot by acceptance of title thereto or by taking possession thereof, covenants and agrees that he will not discriminate upon the basis of race, color, creed, or national origin in the sale, lease, or rental or in the use or occupancy of the property or any improvements erected or to be erected thereon, or any part thereof.

14. Covenants; Binding Upon Successors in Interest; Period of Duration. It is intended and agreed, and the Deed shall so expressly provide, that the agreements and covenants provided in section 13 hereof shall be covenants running with the land and that they shall, in any event, and without regard to technical classification or designation, legal or otherwise, and except only as otherwise specifically provided in the Agreement, be binding, to the fullest extent permitted by law and equity, for the benefit and in favor of, and enforceable by, the Agency, its successors and assigns, the City and any successor in interest to the property, or any part thereof, and the owner of any other land (or of any interest in such land) in the Project Area which is subject to the land use requirements and restrictions of the Urban Renewal Plan, and the United States, against the redeveloper, its successors and assigns and every successor in interest to the property, or any part thereof or any interest therein, and any party in possession or occupancy of the property or any part thereof. The agreements and covenants provided in section 13 hereof shall remain in effect without limitation as to time. Provided, that such agreements and covenants shall be binding on the redeveloper itself, each successor in interest to the property, and every part thereof, and each party in possession or occupancy, respectively, only for
such period as such successor or party shall have title to, or an interest in, or possession or occupancy of, the property or part thereof.

15. Agency and United States Rights to Enforce. In amplification, and not in restriction of, the provisions of the preceding section, it is intended and agreed that the Agency and its successors and assigns and the United States shall be deemed a beneficiary of the covenant provided in section 13 hereof, both for and in their or its own right and also for the purposes of protecting the interests of the community and other parties, public or private, in whose favor or for whose benefit such agreements and covenants shall be in force and effect, without regard to whether the Agency or the United States has at any time been, remains, or is an owner of any land or interest therein to or in favor of which such agreements and covenants relate. The Agency shall have the right, in the event of any breach of any such agreement or covenant, and the United States shall have the right in the event of any breach of the covenant provided in Section 13 hereof, to exercise all the rights and remedies, and to maintain any actions or suits at law or in equity or other proper proceedings to enforce the curing of such breach of agreement or covenant, to which it or any other beneficiaries of such agreement or covenant may be entitled.

III.

COVENANTS, CONDITIONS, AND RESTRICTIONS RELATING TO THE CONSTRUCTION OF IMPROVEMENTS IN THE PROJECT AREA

16. Approval of Construction Plans. All plans for buildings and other improvements shall first be approved in writing by the Board of Commissioners of the Agency. Before beginning the construction of any building or other improvement or remodeling, reconstruction or altering such building or improvement, the person desiring to erect, construct or modify the same shall submit to the Board of Commissioners of the Agency a set of plans and specifications for the building or improvement, so desired to be erected, reconstruction, or modified. No structure of any kind, the plans, elevations, and specifications of which have not received the written approval of the Board of Commissioners of the Agency, and which does not comply fully with such approved plans and specifications, shall be erected, constructed, placed, or maintained upon any lot. Approval of such plans and specifications shall be evidenced by written endorsement on such plans and specifications. No changes or deviations in or from such plans and specifications as approved shall be made without written consent of the Board of Commissioners of the Agency.

17. Progress Reports. Subsequent to the conveyance of the property, or any part thereof, to the redeveloper, and until construction of the improvements has been completed, the redeveloper shall make reports in such detail and at such time as may reasonably be requested by the Agency, as to the actual progress of the redeveloper with respect to such construction.

18. Conformance to Plans. The owner or occupant of each and every lot, by acceptance of title thereto or by taking possession thereof, covenants and agrees that no building, wall, or other structure shall be placed upon such lot unless and until the plans and specifications therefor have been approved in writing by the Board of Commissioners of the Agency. Each such building, wall, or structure shall be placed on the premises only in accordance with the plans and specifications so approved. Refusal of approval of plans and specifications by the commissioners of the Agency may be based on any ground, including purely aesthetic grounds, which, in the sole and uncontrolled discretion of the Board of Commissioners.
shall seem sufficient. No alteration in the exterior appearance of the buildings or structures shall be made without like approval. No building or other structure shall be erected which violates any of the covenants herein contained. No building, when completed, may be in any manner occupied until made to comply with the approved plans, the requirements herein, and all of the covenants, conditions, reservations, and restrictions herein set forth.

19. Time for Construction. When the construction of any building is once begun, work thereon must be prosecuted diligently, and must be completed within a reasonable time from the start thereof. Such construction shall in any event be begun within the period specified in the contract with the Agency and be completed within the period specified in the contract.

20. Certificate of Completion. Promptly after completion of the improvements in accordance with those provisions of the Agreement relating solely to the obligations of the Redeveloper to construct the improvements, the Agency shall furnish the Redeveloper with an appropriate instrument so certifying. Such certification by the Agency shall be a conclusive determination of satisfaction and termination of the agreements and covenants in the agreement and in the deed with respect to the obligations of the Redeveloper to construct the improvements and the dates for the beginning and completion thereof.

21. Revesting Title in Agency Upon Happening of Event Subsequent to Conveyance to Redeveloper. In the event that subsequent to conveyance of the property or any part thereof to the Redeveloper and prior to completion of the improvements as certified by the Agency

(a) The Redeveloper (or successor in interest) shall default in or violate its obligations with respect to the construction of the improvements (including the nature and the dates for the beginning and completion thereof), or shall abandon or substantially suspend construction work, and any such default, violation, abandonment, or suspension shall not be cured, ended, or remedied within three (3) months (six (6) months, if the default is with respect to the date for completion of the improvements) after written demand by the Agency so to do; or

(b) The Redeveloper (or successor in interest) shall fail to pay real estate taxes or assessments on the Property or any part thereof when due, or shall place thereon any encumbrance or lien unauthorized by the Agreement, or shall suffer any levy or attachment to be made, or any material men's or mechanics' lien, or any other unauthorized encumbrance or lien to attach, and such taxes or assessments shall not have been paid, or the encumbrance or lien removed or discharged or provision satisfactory to the Agency made for such payment, removal, or discharge, within ninety (90) days after written demand by the Agency so to do; or

(c) There is, in violation of the Agreement between the Redeveloper and the Agency, relating to the purchase of the property, any transfer of the property or any part thereof, or any change in the ownership or distribution of the stock of the Redeveloper, or with respect to the identity of the parties in control of the Redeveloper or the degree thereof, and such violation shall not be cured within sixty (60) days after written demand by the Agency to the Redeveloper.
then the Agency shall have the right to re-enter and take possession of the property and to terminate (and re-vest in the Agency) the estate conveyed by the Deed to the Redeveloper, it being the intent of this provision, together with other provisions of the Agreement, that the conveyance of the property to the Redeveloper shall be made upon, and that the Deed shall contain, a condition subsequent to the effect that in the event of any default, failure, violation, or other action or inaction by the Redeveloper specified in subdivisions (a), (b), and (c) of this section, failure on the part of the Redeveloper to remedy, end, or abrogate such default, failure, violation, or other action or inaction, within the period and in the manner stated in such subdivisions, the Agency at its option may declare a termination in favor of the Agency of the title, and of all the rights and interests in and to the property conveyed by the Deed to the Redeveloper, and that such title and all rights and interests of the Redeveloper, and any assigns or successors in interest and to and in the property, shall revert to the Agency: Provided, That such condition subsequent and any revesting of title as a result thereof in the Agency

(1) shall always be subject to and limited by, and
shall not defeat, render invalid, or limit in any way, (i) the lien of any mortgage authorized by the Agreement, and (ii) any rights or interests provided in the Agreement for the protection of the holders of such mortgages; and

(2) shall not apply to individual parts or parcels of the Property (or, in the case of parts or parcels leased, the leasehold interest) on which the improvements to be constructed thereon have been completed in accordance with the Agreement and for which a certificate of completion is issued therefor as provided in section 20 hereof.
