CERTIFICATE OF SURVEYOR

State of Wyoming }
County of Park } ss
I, Richard E. Myrick, a professional engineer and land surveyor, registered in Wyoming by registration number 666 RE & L.S., hereby certify as follows: During the period from November 10, 1980 to July 18, 1981, Willson Subdivision, was surveyed by me. The land surveyed is correctly described in the owners certificate of dedication and the subdivision thereof is correctly shown on this plot which is drawn to the scale indicated. Dimensions are given in feet and decimals. Directions are given in degrees, minutes, and seconds of arc and are referred to the true meridian which was determined from the south line of Lot 57, T.55N., R.99W. I am familiar with the Park County Subdivision Regulations and believe this subdivision complies with them in every respect. Lost or obliterated government land corner monuments were restored as required. Subdivision of sections, lots or tracts into equal parts was done as required. Certified land corner recordation certificates have been recorded in the office of the Park County Clerk for every surveying monument recovered during the survey of this subdivision in accordance with the requirements of WS 36-215 through 36-224. Monuments shown and offset corners marking this survey were actually set, and the monuments are as described hereon. All elements of the survey close to an accuracy of one part in five thousand, or better.
